**Reading in Detail** Naomi Schor, 1987 Who cares about details As Naomi Schor explains in her highly influential book we do but it has not always been so The interest in detail in art in literature and as an aesthetic category is the product of the decline of classicism and the rise of realism But the story of the detail is as political as it is aesthetic Secularization the disciplining of society the rise of consumerism the invention of the quotidian have all brought detail to the fore In this classic work of aesthetic and feminist theory now available in a new paperback edition Schor provides ways of thinking about details and ornament in literature art and architecture and uncovering the unspoken but powerful ideologies that attached gender to details Wide ranging and richly argued *Reading in Detail* presents ideas about reading and viewing that will enhance the study of literature and the arts

**Woman and Chinese Modernity** Rey Chow, We live in an era in which the critique of the West has become not only possible but mandatory Where does this critique leave those peoples whose entry into culture is precisely because of the history of Western imperialism already Westernized This is the primary question Rey Chow addresses in *Woman and Chinese Modernity* Book cover

**Body Work** Peter Brooks, 1993 The desire to know the body is a powerful dynamic of storytelling in all its forms Peter Brooks argues that modern narrative is intent on uncovering the body in order to expose a truth that must be written in the flesh In a book that ranges widely through literature and painting Brooks shows how the imagination strives to bring the body into language and to write stories on the body From Rousseau Balzac Mary Shelley and Flaubert to George Eliot Zola Henry James and

Marguerite Duras from Manet and Gauguin to Mapplethorpe writers and artists have returned in fascination to the body the inescapable other of the spirit Brooks's deep understanding of psychoanalysis informs his demonstration of how the epistemophilic urge the desire to know guides fictional plots and our reading of them It is the sexual body that furnishes the building blocks of symbolization eventually of language itself which then takes us away from the body Yet mind and language need to recover the body as an other realm that is primary to their very definition Brooks shows how and why the female body has become the field upon which the aspirations anxieties and contradictions of a whole society are played out And he suggests how writers and artists have found in the woman's body the dynamic principle of their storytelling its motor force This major book entertains and teaches Brooks presumes no special knowledge on the part of his readers His account proceeds chronologically from Rousseau in the eighteenth century forward to contemporary artists and writers *Body Work* gives us a set of analytical tools and ideas primarily from psychoanalysis narrative and film studies and feminist theory that enable us to read modern narrative afresh

**Natalia Ginzburg** Natalia Ginzburg, 2000-01-01

This collection brings together a variety of critical perspectives on Ginzburg's work for an English speaking audience. What emerges is a nuanced and complex portrait of Ginzburg and her work. Autobiography and Questions of Gender Shirley Neuman, 2015-08-14 Originally published in 1991. Addressing the ways in which the ideology of gender and its social construction determine autobiographical self-representations, the essays here consider several women's works in the light of the social and historical conditions which enabled their production. Some examine diaries as a feminine form and ask about the ways in which thematic content such as childbirth can or cannot be represented in diaries and public discourse at different historical junctures. Others show the pressures of gender roles and how they have led to new genres in which self-representation is often a refraction of the representation of others. With the tools of gender theory, the representation of hermaphroditism, masculinity and male bodies is analysed and the ways in which gender intersects with racial, sexual and class ideologies is also looked at in seeing autobiography as a form of agency in self-construction. **Altering Practices** Doina Petrescu, 2007-05-07 This collection of essays addresses and defines the state of contemporary theories and practices of space; it is concerned with the growing importance of technology and communications, the effects of globalization and the change of social demands. Within the current urban and geopolitical contexts, it addresses the emergence of new social and political theories that raise questions of identity and difference in modern society. The book reiterates feminist concerns with space from the critical stance of the new millennium. With contributions from the leading theorists and thinkers from around the world representing the fields of architecture, art, philosophy and gender studies, this book has a truly international and interdisciplinary reach. Dickinson and the Boundaries of Feminist Theory Mary Loeffelholz, 1991 Poetry written by the gifted recluse Emily Dickinson has remained fresh and enigmatic for longer than works by her male Transcendentalist counterparts. Here Mary Loeffelholz reads Dickinson's poetry and career in the double context of nineteenth-century literary tradition and twentieth-century feminist literary theory. Mary Loeffelholz has written a book that actually performs what it promises. It illuminates our understanding of Emily Dickinson with readings both elegant and useful and as importantly suggests modified direction for feminist psychoanalytic theory. Diana Hume George, author of *Oedipus Anne*. The Poetry of Anne Sexton **Married, Middlebrow, and Militant** Teresa Mangum, 1998 Examines the life and work of this daring nineteenth-century author and women's rights advocate. *Rewriting the Victorians* Linda M. Shires, 2012-08-21 This collection of essays, both feminist and historical, analyzes power relations between men and women in the Victorian period. This volume is the first to reshape Victorian studies from the perspective of the postmodern return to history and is variously influenced by Marxism, sociology, anthropology and post-structuralist theories of language and subjectivity. It analyzes the struggle for legitimacy and recognition in Victorian institutions and the struggle over meanings in ideological representation of the gendered subject in texts. Contributors cover diverse topics including Victorian ideologies of motherhood, the male gaze, the cult of the male child, genius in narrative, painting, the press and Victorian women and the French Revolution, discussing

both well known and less familiar Victorian texts      **Nineteenth-Century British Music Studies** Peter Horton, Bennett Zon, 2019-05-23 Originally published in 2003 and selected from papers given at the third biennial conference on Music in Nineteenth Century Britain this volume in common with its two predecessors reflects the interdisciplinary character of the topic The introductory essay by Julian Rushton considers some of the questions that are key to this area of study what is the nineteenth century what is British music and did London influence the continent The essays that follow are divided into broad thematic groups covering aspects of gender church music national identity and local and national institutions This collection illustrates that while nineteenth century British music studies is still in its infancy as a field of research it is one that is burgeoning and contributing to our understanding of British social and cultural life of the period      **"French Sculpture Following the Franco-Prussian War, 1870?0 "** Michael Dorsch, 2017-07-05 French Sculpture Following the Franco Prussian War 1870 80 investigates the role played by the trope of the strong woman fallen man in re establishing morale among the French people following the Franco Prussian War The study explores how certain French sculptors including Falgui Merci Barrias and Rodin presented this recent history of defeat in commemorative monuments that increasingly dominated public space across France during the final decades of the nineteenth century Though it focuses on French nationalism and the commemoration of war or as is the case with the French following the Franco Prussian War the commemoration of defeat this volume also examines shifts in gender roles in the latter half of the nineteenth century and the impact of military defeat on relations between the sexes The book probes the aesthetic discourse of the period concerning the merits of traditional allegorical sculpture versus new fangled realist sculpture in depicting modern life Drawing on extensive archival research Michael Dorsch gives a voice to the sculptures he discusses restoring these often ignored works to their proper place in history      *Sex Objects* Jennifer Doyle, 2006 The declaration that a work of art is about sex is often announced to the public as a scandal after which there is nothing else to say about the work or the artist controversy concludes a conversation when instead it should begin a new one Moving beyond debates about pornography and censorship Jennifer Doyle shows us that sex in art is as diverse as sex in everyday life exciting ordinary emotional traumatic embarrassing funny even profoundly boring *Sex Objects* examines the reception and frequent misunderstanding of highly sexualized images words and performances In chapters on the boring parts of Moby Dick the scandals that dogged the painter Thomas Eakins the role of women in Andy Warhol s Factory films bad sex and Tracey Emin s crudely evocative line drawings and L A artist Vaginal Davis s pornographic parodies of Vanessa Beecroft s performances *Sex Objects* challenges simplistic readings of sexualized art and instead investigates what such works can tell us about the nature of desire In *Sex Objects* Doyle offers a creative and original exploration of how and where art and sex connect arguing that to proclaim a piece of art about sex reveals surprisingly little about the work the artist or the spectator Deftly interweaving anecdotal and personal writing with critical feminist and queer theory she reimagines the relationship between sex and art in order to

better understand how the two meet and why it matters Jennifer Doyle is associate professor of English at the University of California Riverside She is coeditor with Jonathan Flatley and Jos Esteban Muñoz of *Pop Out Queer Warhol* **Diary Poetics** Anna Jackson, 2020-08-26 The diary is a genre that is often thought of as virtually formless a capacious hold all for the writer's thoughts and as offering unmediated access to the diarist's true self Focusing on the diaries of Katherine Mansfield Virginia Woolf Antonia White Joe Orton John Cheever and Sylvia Plath this book looks at how six very different professional writers have approached the diary form with its particular demands and literary potential As a sequence of separate entries the diary is made up of both gaps and continuities and the different ways diarists negotiate these aspects of the diary form has radical effects on how their diaries represent both the world and the biographical self The different published editions of the diaries by Katherine Mansfield Virginia Woolf and Sylvia Plath show how editorial decisions can construct sometimes startlingly different biographical portraits Yet all diaries are constructed and all diary constructions depend on how the writer works with the diary form *The Flesh of the Matter* Margo Natalie Crawford, C. Riley Snorton, 2024-11-15 PROSE Awards Category Winner Media and Cultural Studies 2025 Hortense Spillers is one of the most important literary critics and Black feminist scholars of the last fifty years Her 1987 scholarly article *Mama's Baby Papa's Maybe* An American Grammar Book is one of the most cited essays in African American literary studies Edited by Margo Natalie Crawford and C Riley Snorton *The Flesh of the Matter* A Critical Forum on Hortense Spillers is the first collection to take up directly how Spillers's writing on literature culture and theory have been signal posts to the varied and universal threads of Black thought as well as countless other areas of the academy Interspersed with archival fragments from Spillers's papers kept at the Pembroke Center for Feminist Thought at Brown University the fourteen essays in this collection demonstrate a fidelity to the ways of reading Spillers has taught us the nomenclature of enslavement keyed into the American lexicon and the ways that history permeates our cultural boundaries today
