## Reading Mark:

Reading Mark Kelly R. Iverson, 2023-10-02 The Gospel of Mark is a relatively short book whose brevity and style create an engaging narrative experience But Mark's Gospel is by no means a simple text and scholars have long puzzled over various features of the narrative Reading Mark offers an accessible introduction to Mark's story of Jesus as well as to important scholarly discussions Equipping students to become better interpreters of Mark the discussion focuses on key elements of the narrative including the presentation of Jesus and the disciples the so called messianic secret and the enigma of Mark's ending Designed for beginning students Reading Mark offers a broad and inclusive orientation to the fascinating world of Mark's Gospel

*Reading Mark's Gospel as a Text from Collective Memory* Sandra Huebenthal, 2020-05-28 How did the Gospel of Mark come to exist And how was the memory of Jesus shaped by the experiences of the earliest Christians For centuries biblical scholars examined texts as history literature theology or even as story Curiously absent however has been attention to processes of collective memory in the creation of biblical texts Drawing on modern explorations of social memory Sandra Huebenthal presents a model for reading biblical texts as collective memories She demonstrates that the Gospel of Mark is a text evolving from collective narrative memory based on recollections of Jesus's life and teachings Huebenthal investigates the principles and structures of how groups remember and how their memory is structured and presented In the case of Mark's Gospel this includes examining which image of Jesus as well as which authorial self image this text as memory constructs Reading Mark's Gospel as a Text from Collective Memory serves less as a key to unlock questions about the historical Jesus and more as an examination of memory about him within a particular community providing a new and important framework for interpreting the earliest canonical gospel in context

A Postcolonial Reading of Mark's Story of Jesus Simon Samuel, 2007-04-18 This unique contribution to Markan studies reads Mark's story of Jesus from a postcolonial perspective It proposes that Mark need not necessarily be treated in an oversimplified polarity as an anti or pro colonial discourse Instead it may be treated as a postcolonial discourse i e as a hybrid discourse that accommodates and disrupts both the native Jewish and the Roman colonial discourses of power It shows that Mark accommodates itself into a strategic third space in between the variegated native Jewish and the Roman colonial discourses in order to enunciate its own voice As an ambivalent and hybrid discourse it mimics and mocks accommodates and disrupts both the Jewish as well as the Roman colonial voices The portrait of Jesus in Mark which Samuel shows to be encoding also the portrait of a community exhibits a colonial postcolonial conundrum which can neither be damned as pro nor be praised as anti colonial in nature Instead the portrait of Jesus in Mark may be appreciated as a strategic essentialist and transcultural hybrid in which the claims of difference and the desire for

transculturality are both contradictorily present and visible In showing such a portrait and invoking a complex discursive strategy Mark as the discourse of a subject community is not alone or unique in the Graeco Roman world A number of discourses historical creative novelistic and apocalyptic of the subject Greek and Jewish communities in the eastern Mediterranean under the imperium of Rome from the second century BCE to the end of the first century CE exhibit very similar postcolonial traits which one may add to be not far from the postcolonial traits of a number of postcolonial creative writings and cultural discourses of the colonial subject and the dominated post colonial communities of our time

**Mark's Gospel: An Actological Reading** Malcolm Torry, 2022-05-19 This might look like an ordinary commentary on Mark's Gospel but it isn't one It understands reality as Action actions change diversity movement and the dynamic rather than as Being beings the unchanging the unitary rest and the static and it reads Mark's Gospel in the light of that distinctive understanding of reality It is all about action change and diversity and it understands God Jesus and ourselves as action change and diversity The initial chapter introduces the action based understanding of reality as action in changing patterns an actology rather than an ontology Then follows a section by section close study of the Gospel The result is a unique and somewhat unexpected reading of the text and a distinctive theology to match

**Pillars in the History of Biblical Interpretation, Volume 2** Stanley E. Porter, Sean A. Adams, 2016-11-03 This two volume set is part of a growing body of literature concerned with the history of biblical interpretation The ample introduction first situates key players in the story of the development of the major strands of biblical interpretation since the Enlightenment identifying how different theoretical and methodological approaches are related to each other and describing the academic environment in which they emerged and developed Volume 1 contains fourteen essays on twenty two interpreters who were principally active before 1980 and volume 2 has nineteen essays on twenty seven of those who were active primarily after this date Each chapter provides a brief biography of one or more scholars as well as a detailed description of their major contributions to the field This is followed by an often new application of the scholar's theory By focusing on the individual scholars and their work the book recognizes that interpretive approaches arise out of certain circumstances and that scholars are influenced by and have influences upon both other interpreters and the times in which they live This set is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the current field of biblical studies developed

**Paul and the Gospels** Michael F. Bird, Joel Willits, 2013-05-01 This volume which collects together the work of several established scholars attempts to situate the Apostle Paul the Pauline writings and the earliest Christian Gospels together in the context of early Christianity It addresses the issue of how the Christianity depicted in and represented by the individual Gospels relates to the vision of Christianity represented by Paul and the Pauline writings This raises such questions as to what extent did Paul influence the canonical and non canonical Gospels In what way are the Gospels reactions to Paul and his legacy A comparison of the Gospels and Paul on topics such as Old Testament Law Gentile mission Christology and early church leadership structures represents a fruitful area of study While a number of volumes have appeared that attempt to assess the relationship between the historical Jesus and the Apostle Paul relatively few studies on Paul and the Gospels have been published This volume excellently fills this gap in New Testament Studies and makes a valuable contribution to studies on Christian Origins Pauline research and the Gospels
