**Subject Guide to Books in Print**, 1997      **Pictures and Fictions** Nancy Kushigian, 1990 D H Lawrence wanted to write a new kind of fiction To do so he turned to the images and aesthetic ideas of visual artists Pictures and Fictions is the first full length study to explore the nature of Lawrence's early intellectual and stylistic debt to the Italian Futurists to 19th century English arts and crafts botanical drawing aestheticism and genre painting and to early Germanic expressionism Drawing on both published and unpublished texts the author discusses *The White Peacock* within its West Midlands industrial setting tracing the formative influence on Lawrence of his board school training where drawing and empirical method were conceptually tied Through close textual analysis the study proposes that *Sons and Lovers* may be read as a Kinstlerroman and that there and in *The Rainbow* Lawrence uses a pictorial method that radically influences our critical interpretations by presenting visual subtexts that sometimes reinforce but sometimes contradict verbal narrative

**Poetic Friends** Warren Stevenson, 1990 How are friendships among poets transformed into poetry and what effect does this transformation have upon the friendships This book attempts to answer this question by studying the literary relations of seven poets comprising five pairs of the English Romantic Period Blake and Hayley Coleridge and Wordsworth Shelley Byron and Keats      **A New Companion to Herman Melville** Wyn Kelley, Christopher Ohge, 2022-08-29 Discover a fascinating new set of perspectives on the life and work of Herman Melville A New Companion to Herman Melville delivers an insightful examination of Melville for the twenty first century Building on the success of the first Blackwell Companion to Herman Melville and offering a variety of tools for reading writing and teaching Melville and other authors this New Companion offers critical technological and aesthetic practices that can be employed to read Melville in exciting and revelatory ways Editors Wyn Kelley and Christopher Ohge create a framework that reflects a pluralistic model for humanities teaching and research In doing so the contributing authors highlight the ways in which Melville himself was concerned with the utility of tools within fluid circuits of meaning and how those ideas are embodied enacted and mediated In addition to considering critical theories of race gender sexuality religion transatlantic and hemispheric studies digital humanities book history neurodiversity and new biography and reception studies this book offers A thorough introduction to the life of Melville as well as the twentieth and twenty first century revivals of his work Comprehensive explorations of Melville's works including *Moby Dick* *Pierre* *Piazza Tales* and *Israel Potter* as well as his poems and poetic masterpiece *Clarel* Practical discussions of material books print culture and digital technologies as applied to Melville In depth examinations of Melville's treatment of the natural world Two symposium sections with concise reflections on art and adaptation and on teaching and public

engagement A New Companion to Herman Melville provides essential reading for scholars and students ranging from undergraduate and graduate students to more advanced scholars and specialists in the field *Melville's Use of Spenser* Carole Moses, 1989 Melville used Spenser throughout his life from the second Fragment From a Writing Desk to Clarel His fascination with the Renaissance poet is revealed by his annotations of Spenser which show an interest in what he seems to see as a dualistic vision a vision that corresponds to his comments on Hawthorne and Spenser in Hawthorne and His Mosses Occasionally Melville will hold up Spenser's ideal world as one which is illusory but often he also alludes to Spenser's darker vision which many of Melville's own characters misunderstand Melville uses Spenser less in his later works however as if finally the bright overlay in Spenser makes him an insufficient vehicle for Melville's own beliefs *A Companion to Herman Melville* Wyn Kelley, 2015-06-24 In a series of 35 original essays this companion demonstrates the relevance of Melville's works in the twenty first century Presents 35 original essays by scholars from around the world representing a range of different approaches to Melville Considers Melville in a global context and looks at the impact of global economies and technologies on the way people read Melville Takes account of the latest and most sophisticated scholarship including postcolonial and feminist perspectives Locates Melville in his cultural milieu revising our views of his politics on race gender and democracy Reveals Melville as a more contemporary writer than his critics have sometimes assumed *Windows to the Sun* Earl G. Ingersoll, Virginia Hyde, 2009 The Cambridge sources embody the most recent textual scholarship and critical references include theoreticians like Gilles Deleuze Theodor Adorno and Judith Butler *Circling the Canon, Volume II* Marjorie Perloff, 2019-11-15 One of our most important contemporary critics Marjorie Perloff has been a widely published and influential reviewer especially of poetry and poetics for over fifty years *Circling the Canon Volume II* focuses on the second half of her prolific career showcasing reviews from 1995 through her 2017 reconsiderations of Jonathan Culler's theory of the lyric and William Empson's classic *Seven Types of Ambiguity* In this volume Perloff provides insight into the twenty first century literary landscape from revaluations of its leading poets and translations of European poetry from Goethe to the Brazilian Noigandres group and interart studies and performance art Key issues of the past few decades such as the controversy over the role and function of poetry anthologies receive extended treatment and Perloff frequently voices a minority view as in the case of the acclaimed British poet Philip Larkin **The Way We Read James Dickey** William B. Thesing, Theda Wrede, 2009 Original inroads to understanding the life and works of the celebrated novelist and poet In *The Way We Read James Dickey* editors William B Thesing and Theda Wrede have assembled an outstanding collection of current critical responses to the works of the acclaimed novelist poet and teacher including essays by Dickey's former colleagues at the University of South Carolina and a piece by his most famous student novelist Pat Conroy The volume breaks new ground in the application of innovative critical approaches and restores Dickey to his rightful place in the literary canon as a remarkable writer who crafted some of the best poetry and fiction of the twentieth century A decade after Dickey's death and

thirty five years after the release of the film version of his famous novel Deliverance Dickey remains a controversial figure in the American literary landscape He was an intellectual maverick who was often ahead of his time and yet he responded intensely almost obsessively to his own changing times Thesing and Wrede argue that although he appeared to conform to poetic conventions his writing was a visionary reinterpretation and extension of preexisting traditions This tension between a poet s intellectual precursors and the radical innovation of his work is the inspiration behind the fresh approaches taken by the contributors in this volume just as it energized Dickey s own endeavors The essays offer original insights through emerging scholarly perspectives as well as through established methods of critique The contributors address a range of themes in Dickey s works including gender religion humanity s relationship to nature and the writer s cultural context This landmark reappraisal of Dickey s legacy offers readers a coherent forum that addresses why his writings remain relevant today thus restoring and revaluing the rising significance of Dickey s literary achievement for twenty first century audiences William B Thesing a distinguished professor emeritus of English at the University of South Carolina was a colleague of James Dickey s for two decades From 2003 to 2008 Thesing served as editor of the James Dickey Newsletter He is the author or editor of fifteen books including The London Muse winner of the 1980 SAML A Studies Book Award

Tally,2018-11-09 What is our place in the world and how do we inhabit understand and represent this place to others Topophrenia gathers essays by Robert Tally that explore the relationship between space place and mapping on the one hand and literary criticism history and theory on the other The book provides an introduction to spatial literary studies exploring in detail the theory and practice of geocriticism literary cartography and the spatial humanities more generally The spatial anxiety of disorientation and the need to know one s location even if only subconsciously is a deeply felt and shared human experience Building on Yi Fu Tuan s topophilia or love of place Tally instead considers the notion of topophrenia as a simultaneous sense of place consciousness coupled with a feeling of disorder anxiety and dis ease He argues that no effective geography could be complete without also incorporating an awareness of the lonely loathsome or frightening spaces that condition our understanding of that space Tally considers the tension between the objective ordering of a space and the subjective ways in which narrative worlds are constructed Narrative maps present a way of understanding that seems realistic but is completely figurative So how can these maps be used to not only understand the real world but also to put up an alternative vision of

what that world might otherwise be From Tolkien to Cervantes Borges to More Topophobia provides a clear and compelling explanation of how geocriticism the spatial humanities and literary cartography help us to narrate represent and understand our place in a constantly changing world *Ahab Unbound* Meredith Farmer,Jonathan D. S. Schroeder,2022-04-19 Why Captain Ahab is worthy of our fear and our compassion Herman Melville's Captain Ahab is perennially seen as the paradigm of a controlling tyrannical agent Ahab Unbound leaves his position as a Cold War icon behind recasting him as a contingent figure transformed by his environment by chemistry electromagnetism entomology meteorology diet illness pain trauma and neurons firing in ways that unexpectedly force us to see him as worthy of our empathy and our compassion In sixteen essays by leading scholars Ahab Unbound advances an urgent inquiry into Melville's emergence as a center of gravity for materialist work reframing his infamous whaling captain in terms of pressing conversations in animal studies critical race and ethnic studies disability studies environmental humanities medical humanities political theory and posthumanism By taking Ahab as a focal point we gather and give shape to the multitude of ways that materialism produces criticism in our current moment Collectively these readings challenge our thinking about the boundaries of both persons and nations along with the racist and environmental violence caused by categories like the person and the human Ahab Unbound makes a compelling case for both the vitality of materialist inquiry and the continued resonance of Melville's work Contributors Branka Arsi Columbia U Christopher Castiglia Pennsylvania State U Colin Dayan Vanderbilt U Christian P Haines Pennsylvania State U Bonnie Honig Brown U Jonathan Lamb Vanderbilt U Pilar Martinez Benedito U of L Aquila Italy Steve Mentz St John's College John Modern Franklin and Marshall College Mark D Noble Georgia State U Samuel Otter U of California Berkeley Donald E Pease Dartmouth College Ralph James Savarese Grinnell College Russell Sbriglia Seton Hall U Michael D Snediker U of Houston Matthew A Taylor U of North Carolina at Chapel Hill Ivy Wilson Northwestern U **Critical Companion to Herman Melville** Carl Edmund Rollyson,Lisa Olson Paddock,April Gentry,2007 Critical Companion to Herman Melville examines the life and work of a writer who spent much of his career in obscurity *Quotation Marks* Marjorie Garber,2016-05-06 Written with characteristic verve Quotation Marks considers among other subjects how we depend upon the most quotable men and women in history using great writers to bolster what we ourselves have to say The entertaining turns and reversals of Marjorie Garber's arguments offer the rare pleasure of a true essayist **Educating Literacy Teachers Online** Lane W.
