Reading Motivation:

Reading Motivation Joy Dangora Erickson, 2022-12-14 *Reading Motivation A Guide to Understanding and Supporting Children's Willingness to Read* explains the importance of paying careful attention to children's developing motivation to read and offers a step by step guide for conducting rigorous and systematic case studies of children's motivation to read in specific contexts e.g. reading intervention programs. The methods described in this book have been used successfully to elicit the perspectives of children as young as five years of age. In addition to carefully considering the views of children, readers are encouraged to work with peers to carefully select, collect and analyze multiple types of data from a variety of sources to answer questions about their students' motivation in trustworthy ways. Separate chapters explain how to formatively and summatively analyze and interpret qualitative and quantitative data and how to present findings and make changes to programming in response to findings. A summary and a guided activity appear at the end of each chapter to support the reader in practicing the skills introduced in the chapter.

Maximizing Motivation for Literacy Learning Barbara A. Marinak, Linda B. Gambrell, Susan Anders Mazzoni, 2012-10-25 This indispensable book presents a wealth of concrete ways to promote children's intrinsic motivation to read. It provides 30 practical strategies and activities such as Citizen of the Month, High Five and Your Life in Books that are ready to implement in the K-6 classroom. Teachers get step by step instructions for creating a motivating classroom environment, nurturing children's self-concepts as literacy learners and fostering appreciation of the value of reading and writing. More than a dozen reproducibles include two helpful assessment tools. The large size format facilitates photocopying.
