## Reading In Exile:

*The Hidden History of South Africa's Book and Reading Cultures* Archie L. Dick, 2013-06-17 The Hidden History of South Africa's Book and Reading Cultures shows how the common practice of reading can illuminate the social and political history of a culture This ground breaking study reveals resistance strategies in the reading and writing practices of South Africans strategies that have been hidden until now for political reasons relating to the country's liberation struggles By looking to records from a slave lodge women's associations army education units universities courts libraries prison departments and political groups Archie Dick exposes the key works of fiction and non fiction magazines and newspapers that were read and discussed by political activists and prisoners Uncovering the book and library schemes that elites used to regulate reading Dick exposes incidences of intellectual fraud book theft censorship and book burning Through this innovative methodology Dick aptly shows how South African readers used reading and books to resist unjust regimes and build community across South Africa's class and racial barriers

*Reading the Present in the Qumran Library* Kristin De Troyer, Armin Lange, 2005 How did ancient scribes interpret their own reality by means of scriptural exegesis The essays in this volume explore this question from various perspectives by examining the earliest known exegetical texts of Jewish origin namely the exegetical texts from the Qumran library Scholars have debated the precise nature of the exegetical techniques used in the Qumran texts To bring clarity to the discussion this book analyzes the phenomenon of reading the present in the Qumran library and asks how far comparable phenomena can be observed in authoritative literature in ancient Israel and Judah in the textual tradition of the Hebrew and Greek Bible in ancient Judaism and in early Christian literature From publisher's description

*Reading Lamentations Intertextually* Heath A. Thomas, Brittany N. Melton, 2021-11-04 This book addresses intertextual connections between Lamentations and texts in each division of the Hebrew Bible along with texts throughout history Sources examined range from the Dead Sea Scrolls to modern Shoah literature allowing the volume's impact to reach beyond Lamentations to each of the intertexts the chapters address By bringing together scholars with expertise on this diverse array of texts the volume offers a wide range of exegetical insight It also enables the reader to appreciate the varying intertextual approaches currently employed in Biblical Studies ranging from abstract theory to rigid method By applying these to a focused analysis of Lamentations this book will facilitate greater insight on both Lamentations and current methodological research

**Reading Continental Philosophy and the History of Thought** Christian Lotz, Antonio Calcagno, 2023-11-03 This book frames the mission of the Continental Philosophy and History of Thought series at Lexington Books International leading scholars contribute essays that explore and redefine the relationship between received arguments in contemporary Continental philosophy and various influential figures and arguments in the history of thought By bringing Continental philosophy and the histories of thought into dialogue editors Christian Lotz and Antonio Calcagno broaden the standard canon of what is considered Continental philosophy by including important yet understudied figures

and arguments in the tradition the chapters also deepen and contextualize significant movements and debate in the field by showing their rich historical underpinnings thereby establishing new viewpoints in specific constituent subfields of philosophy Reading Continental Philosophy and the History of Thought shows the growing richness of Continental philosophy via unexplored rethinking of the history of thought The contributors expand Continental philosophy with and through the recovery of important historical developments figures and lines of thought      **Reading the Pentateuch** John J.

McDermott,2002 This book explores in a balanced way the historical questions in the Pentateuch      **Reading and politics**

**in early modern England** Geoff Baker,2013-07-19 This book examines the activities of William Blundell a seventeenth century Catholic gentleman and using the approaches of the history of reading provides a detailed analysis of his mindset Blundell was neither the passive victim nor the entirely loyal subject that he and others have claimed He actively defended his family from the penal laws and used the relative freedom that this gave him to patronise other Catholics Not only did he rewrite the histories of recent civil conflicts to show that Protestants were prone to rebellion and Catholics to loyalty but we also find a different perspective on his religious beliefs Blundell s commonplaces suggest an underlying tension with aspects of Catholicism a tension manifest throughout his notes on his practical engagement with the world in which it is clear that he was wrestling with the various aspects of his identity This is an important study that will be of interest to all who work on the early modern period      **Reading the Body Politic** Amy K. Kaminsky,1993      *Reading Levinas/Reading Talmud* Ira F.

Stone,1998-11-01 Although Jewish scholars have recognized the French philosopher Emmanuel Levinas as one of the greatest minds of this century the majority of Jews have remained ignorant of his teachings largely because his work even in translation is dense and erudite Rabbi Ira Stone who has studied Levinas s work for many years and incorporated his methods and perspectives into his own teaching now makes Levinas accessible to lay readers for the first time      **Exile's**

**Return** Malcolm Cowley,1994-12-01 The adventures and attitudes shared by the American writers dubbed The Lost Generation are brought to life here by one of the group s most notable members Feeling alienated in the America of the 1920s Fitzgerald Crane Hemingway Wilder Dos Passos Crowley and many other writers escaped to Europe some forever some as temporary exiles As Cowley details in this intimate anecdotal portrait in renouncing traditional life and literature they expanded the boundaries of art      **Persian Royal-Judaean Elite Engagements in the Early Teispid and**

**Achaemenid Empire** Jason M. Silverman,2019-11-14 Jason Silverman presents a timely and necessary study advancing the understanding of Achaemenid ideology and Persian Period Judaism While the Achaemenid Persian Empire c 550 330 BCE dwarfed all previous empires of the Ancient Near East in both size and longevity the royal system that forged and preserved this civilisation remains only rudimentarily understood as is the imperial and religious legacy bequeathed to future generations In response to this deficit Silverman provides a critically sophisticated and interdisciplinary model for comparative studies While the Achaemenids rebuilt the Jerusalem temple Judaean literature of the period reflects tensions

over its Persian re establishment demonstrating colliding religious perspectives Although both First Zechariah 1 8 and Second Isaiah 40 55 are controversial the greater imperial context is rarely dealt with in depth both books deal directly with the temple s legitimacy and this ties them intimately to kings engagements with cults Silverman explores how the Achaemenid kings portrayed their rule to subject minorities the ways in which minority elites reshaped this ideology and how long this impact lasted as revealed through the Judaeans reactions to the restoration of the Jerusalem temple

**Plutarch's Practical Ethics** Lieve Van Hoof, 2010-06-24 The Second Sophistic c AD 60 250 was a time of intense competition for honour and status Like today this often caused mental as well as physical stress for the elite of the Roman Empire This book which transcends the boundaries between literature social history and philosophy studies Plutarch s practical ethics a group of twenty odd texts within the *Moralia* designed to help powerful Greeks and Romans manage their ambitions and society s expectations successfully Lieve Van Hoof combines a systematic analysis of the general principles underlying Plutarch s practical ethics including the author s target readership therapeutical practices and self presentation with five innovative case studies A picture emerges of philosophy under the Roman Empire not as a set of abstract theoretical doctrines but as a kind of symbolic capital engendering power and prestige for author and reader alike

**Preaching Master Class** Will Willimon, 2010-03-26 Selections from Will Willimon s quarterly column Five Minute Preaching Workshop published in Pulpit Resource

*Liturgical Liaisons* Jamey Heit, 2017-08-31 When Jesus offers his body as a promise to his disciples he initiates a liturgical framework that is driven by irony and betrayal Through these deconstructive elements however the promise invites the disciples into an intimate space where they anticipate the fulfilment of what is to come The Last Supper symbol of unfinished life and sacrifice becomes the common thread between John Donne and Emily Dickinson whose poetics acquire liturgical and therefore eschatological features and body and text become the same By tracing the displacing and yet coordinating theme of the body as a textual presence *Liturgical Liaisons* opens into new readings of Donne and Dickinson in a way that enriches how these figures are understood as poets The result is a risky and rewarding understanding of how these two gurus challenged accepted theological norms of their day

**Ovid, Death and Transfiguration** , 2023-07-03 The open access publication of this book has been published with the support of the Swiss National Science Foundation Death the ultimate change is an unexpected Leitmotiv of Ovid s career and reception The eighteen contributions collected in this volume explore the theme of death and transfiguration in Ovid s own career and his posthumous reception revealing a unity in diversity that has not been appreciated in these terms before now

Elohim within the Psalms Terrance Randall Wardlaw, Jr., 2015-02-26 The issue of the so called Elohist Psalter has intrigued biblical scholars since the rise of the historical critical enterprise Scholars have attempted to discover why the name Elohim is used almost exclusively within Pss 42 83 and in particular they have attempted to identify the historical circumstances which explain this phenomenon Traditionally an original Yhwh was understood to have been replaced by Elohim Frank Lothar Hossfeld and the late Erich

Zenger propose that the use of the title Elohim is theologically motivated and they account for this phenomenon in their redaction historical work Wardlaw here builds upon their work 1 by integrating insights from Dell Hymes William Miles Foley and Susan Niditch with regard to oral traditional cultures and 2 by following the text linguistic approach of Eep Talstra and Christof Hardmeier and listening to canonical texture as a faithful witness to Israel s religious traditions Wardlaw proposes that the name Elohim within the Psalms is a theologically laden term and that its usage is related to pentateuchal traditions

*The Book of Life* Newton Marshall Hall,Irving Francis Wood,1925      Contesting Religious Identities Bob E.J.H.

Becking,Anna-Marie J.A.C.M. Korte,Lucien van Liere,2017-01-09 Religion is a hot topic on the public stages of secular societies not in its individualized liberal or orthodox form but rather as a public statement challenging the divide between the secular neutral space and the religious In this new challenging modus religion raises questions about identity power rationality subjectivity law and safety but above all religion questions contests and even blurs the borders between the public and the private These phenomena urge to rethink what are often considered to be clear differences between religions between the public and the private and between the religious and the secular In this volume scholars from a range of different disciplines map the different aspects of the dynamics of changing contesting and contested religious identities

Questions of Travel Caren Kaplan,1996-08-21 Contemporary theory is replete with metaphors of travel displacement diaspora borders exile migration nomadism homelessness and tourism to name a few In Questions of Travel Caren Kaplan explores the various metaphoric uses of travel and displacement in literary and feminist theory traces the political implications of this traveling theory and shows how various discourses of displacement link rather than separate modernism and postmodernism Addressing a wide range of writers including Paul Fussell Edward Said James Clifford Gilles Deleuze Jean Baudrillard Gayatri Spivak Edward Soja Doreen Massey Chandra Mohanty and Adrienne Rich Kaplan demonstrates that symbols and metaphors of travel are used in ways that obscure key differences of power between nationalities classes races and genders Neither rejecting nor dismissing the powerful testimony of individual experiences of modern exile or displacement Kaplan asks how mystified metaphors of travel might be avoided With a focus on theory s colonial discourses she reveals how these metaphors continue to operate in the seemingly liberatory critical zones of poststructuralism and feminist theory The book concludes with a critique of the politics of location as a form of essentialist identity politics and calls for new feminist geographies of place and displacement      **Social Memory among the Literati of Yehud** Ehud Ben

Zvi,2019-07-22 Ehud Ben Zvi has been at the forefront of exploring how the study of social memory contributes to our understanding of the intellectual worldof the literati of the early Second Temple period and their textual repertoire Many of his studies on the matter and several new relevant works are here collected together providing a very useful resource for furthering research and teaching in this area The essays included here address inter alia prophets as sites of memory kings as sites memory Jerusalem as a site of memory a mnemonic system shaped by two interacting national histories matters of

identity and othering as framed and explored via memories mnemonic metanarratives making sense of the past and serving various didactic purposes and their problems memories of past and futures events shared by the literati issues of gender constructions and memory memories understood by the group as counterfactual and their importance and in multiple ways how and why shared memories served as a safe playground for exploring multiple central ideological issues within the group and of generative grammars governing systemic preferences and dis preferences for particular memories

**Modern Jewish Thought on Crisis** Ghilad H. Shenhav, Cedric Cohen-Skalli, Gilad Sharvit, 2024-01-29 This volume brings together scholars from a range of disciplines to explore the intersections between crisis scholarship and action The aim of this book is to think about the moment of crisis through the concepts writings and methodologies awarded to us by Jewish thinkers in modernity This book offers a broad gallery of accounts on the notion of crisis in Jewish modernity while emphasizing three terms interpretation heresy and messianism The main thesis of the volume is that the diasporic and exilic experience of the Jewish people turned their philosophers and theologians into experts in crisis management who had to find resources within their own religion culture and traditions in order to react endure and overcome short and long term historical crises The underlining assumption of this book is therefore that Jewish thought obtains resources for conceptualizing and reacting to the current forms of crisis in the global European and Israeli spheres The volume addresses a large readership in humanities social and political sciences and religious studies taking as its assumption that scholars in modern Jewish thought have an extended responsibility to engage in contemporary debates
