Jane Austen

Read the passage. Then answer the questions.

Jane Austen was born on December 16, 1775, in Stevenson, Hampshire, England, where her father was rector of the parish. She was the seventh of eight children in an affectionate family. In 1801 she moved to Bath with her father, mother, and her only sister, Cassandra. In order to acquire formal education, Jane and Cassandra were sent to boarding schools. After the Reverend Austen's death in 1805, the three women moved to Southampton and in 1809 to the village of Chawton, where Jane Austen lived for the rest of her life. She never married, and led an active and happy life, surrounded by her sister and brothers and their families.

Austen began writing as a young girl and by the age of 14 had completed 'Love and Friendship.' This early work, an amusing parody of the melodramatic novels popular at that time, shows clear signs of her talent for humorous and satirical writing. The next year she wrote 'The History of England' a 34-page parody of historical writing that included illustrations drawn by Cassandra. Three volumes of her collected juvenilia were published more than a hundred years after her death.

In her intense concentration on the thoughts and feelings of a limited number of characters, Jane Austen creates as profound an understanding and as precise a vision of the potentialities of the human spirit as the art of fiction has ever achieved. While Austen received some accolades for her works while still alive, with her first three novels garnering critical attention and increasing financial reward. She died on July 18, 1817 at Winchester, where she had gone to seek medical attention, and was buried there. Today, Austen is considered one of the greatest writers in English history, both by academics and the general public.

In 1796, when Austen was 21 years old, she wrote the novel 'First Impressions'. The work was rewritten and published under the title 'Pride and Prejudice' in 1813. It is her most popular and perhaps her greatest novel. It
