Global Readings David A. deSilva, 2011-11-01 Reading Scripture with a view to hearing its significance and challenge within its original foreign context is the essence of exegesis and an anchor point for responsible hermeneutics Reading Scripture alongside others from a significantly different social location also helps us see fresh aspects of the meaning of the text itself as well as fresh angles on its challenge to Christian discipleship This innovative commentary by respected New Testament scholar David deSilva is grounded in both approaches a careful exegesis of Galatians as a basis for discerning the challenge of Scripture in any social location and a reading of Galatians from the viewpoint of the challenges to living out its message among the churches in Sri Lanka the result of extensive interaction with Christian leaders in Sri Lanka Seeing the text afresh from within its ancient context and a different modern social location will challenge readers in the West to consider once more Paul's message of transformation through the Spirit with implications for Western Christians in their own context and in the larger global matrix of the Church universal

The Morality of Paul's Converts Edwin D. Freed, 2014-12-05 A careful analysis of Paul's letters shows that in every church there were two main groups of converts those who were baptized and those being instructed for baptism Such analysis also makes it possible to determine which parts of each letter were directed towards which group Baptism was the rite by which converts were forgiven their past sins and became members of a renewed community of God from which any who continued to sin were expelled The Morality of Paul's Converts argues that Paul was always more concerned with how converts behaved than with what they believed about Christ Paul remained a Jew even after he accepted Jesus as the Messiah Paul eventually developed beliefs about Jesus as the Son of God in order to win Gentile converts to faithfulness but this careful analysis of his writings reveals that his primary concern was always the morality of converts His message always remained focused on faithfulness toward God and moral probity

Early Christian Rhetoric and 2

Thessalonians Frank Witt Hughes, 1989-01-01 2 Thessalonians is one of the most enigmatic letters in the New Testament primarily because of its repeated insistence on its authorship by Paul coupled with its warnings against forgery of Pauline letters. Modern scholarship has made a number of advances in the study of this letter but the question of the authorship and purpose remain quite open. Hughes gives a detailed investigation of Graeco Roman rhetorical traditions and their relationship to letters and develops a consensus model for the identification of the various conventional parts of rhetorical discourses. He then offers an interpretation of 2 Thessalonians according to these rhetorical traditions. Given the rhetoric thus identified in the letter an innovative theory is developed against Paul's authorship of 2 Thessalonians. In his final chapters he suggests ways in which the pseudo Pauline letters of the New Testament witness to a multiplicity of Pauline theologies after the Apostle's death: a diverse and pluriform legacy of Paul.

Saints on Sunday Gail Ramshaw, 2018-07-02 How might Ambrose of Milan, Hildegard of Bingen and Catherine of Siena inspire us to improve Sunday worship? What about Lawrence, John of Damascus, Thomas Cranmer, Johannes Kepler, Margaret Fell and Dorothy Day? Even Amy Carmichael can point our assemblies toward more profound worship. In *Saints on Sunday*, Lutheran laywoman Gail Ramshaw, listening to twenty-four sainted voices, proposes how our past might enliven our future. Characterized by rigorous scholarship and no nonsense honesty, her essays suggest ways to enrich the gathering, word, meal, and sending of our assemblies on Sunday.
