Readings from Chinese Writers 1949-1986 Sinolingua,1989 Theorising Chinese Masculinity Kam Louie,2002-04

This book is the first comprehensive analysis of Chinese masculinity Kam Louie uses the concepts of wen cultural attainment and wu martial valour to explain attitudes to masculinity This revises most Western analyses of Asian masculinity that rely on the yin yang binary Examining classical and contemporary Chinese literature and film the book also looks at the Chinese diaspora to consider Chinese masculinity within and outside China **Subject Guide to Books in Print** ,1997 **Tales of**

Futures Past Paola Iovene,2014-07-09 Most studies of Chinese literature conflate the category of the future with notions of progress and nation building and with the utopian visions broadcast by the Maoist and post Mao developmental state The future is thus understood as a preconceived endpoint that is propagated at times even imposed by a center of power By contrast Tales of Futures Past introduces anticipation the expectations that permeate life as it unfolds as a lens through which to reexamine the textual institutional and experiential aspects of Chinese literary culture from the 1950s to 2011 In doing so Paola Iovene connects the emergence of new literary genres with changing visions of the future in contemporary China This book provides a nuanced and dynamic account of the relationship between state discourses market pressures and individual writers and texts It stresses authors and editors efforts to redefine what constitutes literature under changing political and economic circumstances Engaging with questions of translation temporality formation of genres and stylistic change Iovene mines Chinese science fiction and popular science puts forward a new interpretation of familiar Chinese avant garde fiction and offers close readings of texts that have not yet received any attention in English language scholarship Far ranging in its chronological scope and impressive in its interdisciplinary approach this book rethinks the legacies of socialism in postsocialist Chinese literary modernity **Routledge Handbook of Modern Chinese Literature** Ming Dong

Gu,2018-09-03 The Routledge Handbook of Modern Chinese Literature presents a comprehensive overview of Chinese literature from the 1910s to the present day Featuring detailed studies of selected masterpieces it adopts a thematic comparative approach By developing an innovative conceptual framework predicated on a new theory of periodization it thus situates Chinese literature in the context of world literature and the forces of globalization Each section consists of a series of contributions examining the major literary genres including fiction poetry essay drama and film Offering an exciting account of the century long process of literary modernization in China the handbook s themes include Modernization of people and writing Realism romanticism and modernist aesthetics Chinese literature on the stage and screen Patriotism war and revolution Feminism liberalism and socialism Literature of reform reflection and experimentation Literature of Taiwan Hong Kong and new media This handbook provides an integration of biographical narrative with textual analysis maintaining a subtle balance between comprehensive overview and in depth examination As such it is an essential reference guide for all students and scholars of Chinese literature **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004
