Why Volunteer?

Read for **comprehension** below.

In the current political climate, funding for many nonprofit organizations that support the arts, healthcare, the elderly, the environment, and the poor may be cut back. Local nonprofits are in need of more help than ever, because less funding means they can't hire as many employees or purchase necessary resources to do their community work. For many organizations, raising money (fundraising, or asking for donations) is a big source of their income, and volunteers can help encourage people to donate.

Volunteering also helps people in ways that extend far beyond money or praise for a job well done. First, it helps build empathy (understanding the feelings of others) and compassion (caring about others and wanting to help them) for others, which is important because it allows you to understand the different life experiences of people in your school, community, country, and even worldwide. Having empathy and compassion for others helps people feel generosity toward them, which is a desire to give help without expecting anything in return. These things are important to a thriving community of any size, because when we can understand the needs of others, that leads to wanting to help them, too. Volunteering is also a great way to develop communication, leadership, and cooperative skills by working with others toward a common goal or for a greater good.

How to be an awesome volunteer:

Keep it simple - It's okay to start small by asking how you can help out at school or in your neighborhood.

Make it a family affair - Get your parents, siblings, and other family members involved in volunteering for a local nonprofit - There are tons of events in every community, such as cleaning up local waterways, or donating and distributing food to a food bank. This is a great way for families to hang out together, invest in helping others, and have some fun.

Know that even seemingly boring tasks like stuffing envelopes is important work for a greater cause.

Tag team classmates, teachers, and your principal to pitch in for others.

Roth, 1980 **Reading as Collective Action** Nicholas Hengen Fox, 2017-10-01 Literature is powerful It offers respite It provides access to beauty and horror to new places new people and new ideas It can as the phrase goes change your life Good things all of them But also somewhat limited goods they re all pretty passive pretty private you might even say self centered Reading as Collective Action shifts our focus outward to another of literature s powers the power to reshape our world in very public very active ways In this book you will encounter readers who criticized the Bush administration s war on terror by republishing poems by writers ranging from Shakespeare to Amiri Baraka everywhere from lampposts to the New York Times You will read about people in Michigan and Tennessee who leveraged a community reading program on John Steinbeck s *The Grapes of Wrath* to organize support for those in need during the Great Recession and to engage with their neighbors about immigration You will meet a pair of students who took to public transit to talk with strangers about working class literature and a trio who created a literary website that reclaimed the working class history of the Pacific Northwest This book challenges dominant academic modes of reading For adherents of the civic turn it suggests how we can create more politically effective forms of service learning and community engagement grounded in a commitment to tactical grassroots actions Whether you re a social worker or a student a zine maker a librarian a professor or just a passionate reader with a desire to better your community this book shows that when we read texts as tactics that book changed my life can become that book changed our lives
