Readings In The Sociology Of Social Problems:

Readings in the Sociology of Social Problems Paul B. Horton, Gerald R. Leslie, 1975 **Social Problems** Joel M. Charon, 2002 A unique and groundbreaking collection of 58 articles organized in 13 thematic sections that takes a structural conflict approach yet lets the voices of those impacted by social problems be heard The articles are a mix of classic and contemporary readings that cover a wide range of issues in the United States and the world The introductory article written by the author focuses on four questions that students are urged to apply throughout the reader What is the problem What makes the problem a social problem What causes the problem What can be done This Four Questions approach gives students a consistent sociological framework within which to analyze social problems The articles have been painstakingly selected to hold student interest highlight contemporary social problems and help professors show students how to think sociologically about the social problems around us **Contemporary Readings in Social Problems** Anna Leon-Guerrero, 2008-11-21 Companion reader to Anna Leon Guerrero's *Social Problems* 2nd Edition *Contemporary Social Problems (First Edition)* Brandon Lang, Molly Lang, 2017-08-15 The reader *Seeing Social Problems* Readings on Contemporary Issues in the United States examines a wide array of social problems that currently exist in the United States and that impact every member of society Designed to present the kind of information found in a standard textbook but in an accessible relatable high interest way the text links the readings to real world issues of the day The carefully curated reading selections are organized into eight sections each of which includes several articles Topics include socioeconomic inequality and poverty racial and ethnic inequality gender inequality and homophobia and crime Students also explore social problems as they are manifested in medicine and health families and education as well as environmental social problems Each section begins with an introduction that features basic information and instructional content related to the topic The chapter readings then provide a variety of perspectives Developed to be specific and manageable in scope while also increasing students understanding of foundational concepts *Seeing Social Problems* is well suited to survey courses in sociology that focus on society's challenges *Essential Readings in Social Problems* Yawo Bessa, 2021-07-26 *Essential Readings in Social Problems* provides students with a collection of engaging and thought provoking articles that deepen their understanding of the topics and themes discussed within courses that address social issues The anthology is organized into six distinct units The opening unit introduces readers to the concept of the sociological imagination which allows individuals to make connections between social structures and individual conditions to formulate social theories In Unit 2 the readings examine the destructive nature of inequality causes of poverty issues related to gender inequality and more Unit 3 focuses on the concept of deviance and how it applies to sexuality and crime Units 4 and 5 explore the relationship between race ethnicity white privilege and social problems and the intersection of human health and environmental problems Dedicated readings address the social construction of race biodiversity and more Unit 6 the final unit offers readers a variety of proposed

solutions for social problems with emphasis on social movements to combat economic inequality increasing authoritarianism and ecological crises Designed to stimulate critical thought Essential Readings in Social Problems is an ideal supplementary text for courses in sociology and any other course that explores social challenges

SAGE Readings for Social Problems Benjamin Drury, 2021-02-02 SAGE Readings for Social Problems is a convenient and economical option for instructors who want to introduce students to scholarly literature in their social problems courses It contains 16 short readings on topics covered in typical courses including economic inequality race gender crime substance abuse education health medicine the environment family and the social construction of social problems The articles in this collection were all chosen because they are accessible to undergraduate avoid complicated statistical analysis and demonstrate the range of methodological approaches to studying social problems
