Picture Imperfect Russell Jacoby, 2005 The choice we have is not between reasonable proposals and an unreasonable utopianism Utopian thinking does not undermine or discount real reforms Indeed it is almost the opposite practical reforms depend on utopian dreaming Russell Jacoby *Picture Imperfect* Utopianism suffers from an image problem A recent exhibition on utopias in Paris and New York included photographs of Hitler's Mein Kampf and a Nazi concentration camp Many observers judge utopians and their sympathizers as foolhardy dreamers at best and murderous totalitarians at worst However as noted social critic and historian Russell Jacoby argues in this salient polemical and innovative work not only has utopianism been unfairly characterized a return to an iconoclastic utopian spirit is vital for today's society Shaped by the works of Theodor Adorno Walter Benjamin Ernst Bloch Gustav Landauer and other predominantly Jewish thinkers iconoclastic utopianism revives society's dormant political imagination and offers hope for a better future Writing against the grain of history Jacoby reexamines the anti utopian mindset and identifies how utopian thought came to be regarded with such suspicion He challenges standard readings of such anti utopian classics as 1984 and Brave New World and offers stinging critiques of the influential liberal and anti utopian theorists Hannah Arendt Isaiah Berlin and Karl Popper He argues that these thinkers mistakenly equate utopianism with totalitarianism The reputation of utopian thought has also suffered from the failures of what Jacoby terms the blueprint utopian tradition and its oppressive emphasis on detailing all aspects of society and providing fantastic images of the future In contrast the iconoclastic utopians like those who follow God's prohibition against graven images resist both the blueprinters obsession with detail and the modern seduction of images Jacoby suggests that by learning from the hopeful spirit of iconoclastic utopians and their willingness to accept new possibilities for society we open ourselves to new and more
