against the framing of black and brown bodies as sexualized objectified and abject and offers multiple ways of thinking with and through sensation and aesthetics Each chapter draws our attention to particular aspects of pornotropic capture that black and brown bodies must always negotiate Though these technologies differ according to the nature of their encounters with white supremacy together they add to our understanding of the ways that structures of domination produce violence and work to contain bodies and pleasures within certain legible parameters To do so Sensual Excess analyzes moments of brown jouissance that exceed these constraints These ruptures illuminate multiple epistemologies of selfhood and sensuality that offer frameworks for minoritarian knowledge production which is designed to enable one to sit with uncertainty Through examinations of installations and performances like Judy Chicago's The Dinner Party Kara Walker's A Subtlety Patty Chang's In Love and Nao Bustamante's Neapolitan Musser unpacks the relationships between racialized sexuality and consumption to interrogate foundational concepts in psychoanalytic theory critical race studies feminism and queer theory In so doing Sensual Excess offers a project of knowledge production focused not on mastery but on sensing and imagining otherwise whatever and wherever that might be

**The Voice of the Mother** Jo Malin, 2000 Analyzing this

narrative practice Malin examines ten texts by women who seem particularly compelled to tell their mothers stories Each author is in fact able to write her own autobiography only by using a narrative form that contains her mother s story at its core These texts raise interesting questions about autobiography as a genre and about a feminist writing practice that resists and subverts the dominant literary tradition

**Women in Iraq** Noga Efrati,2012-01-24 Noga Efrati outlines the first social and political history of women in Iraq during the periods of British occupation and the British backed Hashimite monarchy 1917 1958 She traces the harsh and long lasting implications of British state building on Iraqi women particularly their legal and political enshrinement as second class citizens and the struggle by women s rights activists to counter this precedent Efrati concludes with a discussion of post Saddam Iraq and the women s associations now claiming their place in government Finding common threads between these two generations of women Efrati underscores the organic roots of the current fight for gender equality shaped by a memory of oppression under the monarchy Efrati revisits the British strategy of efficient rule largely adopted by the Iraqi government they erected and the consequent gender policy that emerged The attempt to control Iraq through authentic leaders giving them legal and political powers marginalized the interests of women and virtually sacrificed their well being altogether Iraqi women refused to resign themselves to this fate From the state s early days they drew attention to the biases of the Tribal Criminal and Civil Disputes Regulation TCCDR and the absence of state intervention in matters of personal status and resisted women s disenfranchisement Following the coup of 1958 their criticism helped precipitate the dissolution of the TCCDR and the ratification of the Personal Status Law A new government gender discourse shaped by these past battles arose yet the U S led invasion of 2003 rather than helping cement women s rights into law reinstated the British approach Pressured to secure order and reestablish a pro Western Iraq the Americans increasingly turned to the country s authentic leaders to maintain control while continuing to marginalize women Efrati considers Iraqi women s efforts to preserve the progress they have made utterly defeating the notion that they have been passive witnesses to history

Library Book Prize A bold innovative biography that offers a new understanding of the life work and enduring impact of Audre Lorde We remember Audre Lorde as an iconic writer a quotable teacher whose words and face grace T shirts nonprofit annual reports and campus diversity center walls But even those who are inspired by Lorde s teachings on the creative power of difference may be missing something fundamental about her life and work and what they can mean for us today Lorde s understanding of survival was not simply about getting through to the other side of oppression or being resilient in the face of cancer It was about the total stakes of what it means to be in relationship with a planet in transformation Possibly the focus on Lorde s quotable essays to the neglect of her complex poems has led us to ignore her deep engagement with the natural world the planetary dynamics of geology meteorology and biology For her ecological images are not simply metaphors but rather literal guides to how to be of earth on earth and how to survive to live the ethics that a Black feminist lesbian warrior poetics demands In *Survival Is a Promise* Alexis Pauline Gumbs the first researcher to explore the full depths of Lorde s manuscript archives illuminates the eternal life of Lorde Her life and work become more than a sound bite they become a cosmic force teaching us the grand contingency of life together on earth

**Young Mandela** David James Smith, 2025-05-01 Nelson Mandela is well known throughout the world as a heroic leader who symbolizes freedom and moral authority He is fixed in the public mind as the world s elder statesman the gray haired man with a kindly smile who spent 27 years in prison before becoming the first black president in South Africa But Nelson Mandela was not always elderly or benign And in *Young Mandela* award winning journalist and author David James Smith takes us deep into the heart of racist South Africa to paint a portrait of the Mandela that many have forgotten the committed revolutionary who left his family behind to live on the run adopting false names and disguises and organizing the first strikes to overthrow the apartheid state *Young Mandela* lifts the curtain on an icon s first steps to greatness
