Reaffirm The Status Quo:

Popular Culture John G. Nachbar, Kevin Lausé, 1992 Popular Culture An Introductory Text provides the means for a new examination of the different faces of the American character in both its historical and contemporary identities The text is highlighted by a series of extensive introductions to various categories of popular culture and by essays that demonstrate how the methods discussed in the introductions can be applied This volume is an exciting beginning for the study of the materials of everyday life that define our culture and confirm our individual senses of identity Revitalizing Collegiality

Kerstin Sahlin, Ulla Eriksson-Zetterquist, 2023-12-12 The ebook edition of this title is Open Access and freely available to read online Revealing the globalization homogenization and variation that have come to characterize the collegiate system this volume critically considers the future of the higher education system and how we can shape it moving forward **The**

Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987: Compendium of hearings and committee prints ,1993 **Radical Civility** Jason Caro, 2023-02-28 Radical Civility unearths civility s extraordinary

potential by addressing why the virtue has fallen into crisis recalling the injunctions that transpose utopia upon the stingy politics of likelihood and by offering a vision of citizens who find purpose in dignifying each other Jason Caro takes a three pronged approach first identifying the effects of the misuse of civility then expanding the meaning of civility and finally offering applied examples of civility Civility bears its participants to utopia Such utopia has many forms the politics of unlikelihood the civil community the ideal civility situation or charmocracy Unlike many studies of political manners Caro embraces the relation between the virtue and politeness Civility is then the effort to have politics charm Caro draws out the full potential of the virtue by observing how such politeness is a particular mode of communicative action whereby participants are not merely exchanging face saving gestures but constructing utopia This radical stance raises the stakes of the debate on civility by setting the book implacably against realism and its politics of likelihood It will appeal to those in the social sciences cultural studies social psychology philosophy communication and peace studies **The Balanced Budget**

and Emergency Deficit Control Reaffirmation Act of 1987 ,1993 **Managing Organizations** Stewart R

Clegg, Cynthia Hardy, Walter R Nord, 1999-06-22 In Managing Organizations Stewart Clegg Cynthia Hardy and Walter Nord explore the major issues and debates in management and organization The textbook addresses key topics such as leadership decision making and innovation in organizations alongside such themes as diversity globalization and ecology Students and teachers of management will find this a comprehensive and wide ranging resource on the core issues for contemporary managers and organizations *Beyond the Masks* Amina Mama, 2002-09-26 Psychology has had a number of things to say

about black and coloured people none of them favourable and most of which have reinforced stereotyped and derogatory images Beyond the Masks is a readable account of black psychology exploring key theoretical issues in race and gender In it Amina Mama examines the history of racist psychology and of the implicit racism throughout the discipline Beyond the Masks

also offers an important theoretical perspective and will appeal to all those involved with ethnic minorities gender politics and questions of identity

Israel's Palestinians Ilan Peleg,Dov Waxman,2011-05-30 Arguing that a comprehensive and lasting solution to the Israeli Palestinian conflict depends on a resolution of the Jewish Palestinian conflict within Israel as much as it does on resolving the conflict between Israel and Palestinians in the Occupied Territories this timely book explores the causes and consequences of the growing conflict between Israel s Jewish majority and its Palestinian Arab minority It warns that if Jewish Arab relations in Israel continue to deteriorate this will pose a serious threat to the stability of Israel to the quality of Israeli democracy and to the potential for peace in the Middle East The book examines the views and attitudes of both the Palestinian minority and the Jewish majority as well as the Israeli state s historic approach to its Arab citizens Drawing upon the experience of other states with national minorities the authors put forward specific proposals for safeguarding and enhancing the rights of the Palestinian minority while maintaining the country s Jewish identity

In Darwin's Shadow Michael Shermer,2002-08-15 Virtually unknown today Alfred Russel Wallace was the co discoverer of natural selection with Charles Darwin and an eminent scientist who stood out among his Victorian peers as a man of formidable mind and equally outsized personality Now Michael Shermer rescues Wallace from the shadow of Darwin in this landmark biography Here we see Wallace as perhaps the greatest naturalist of his age spending years in remote jungles collecting astounding quantities of specimens writing thoughtfully and with bemused detachment at his reception in places where no white man had ever gone Here too is his supple and forceful intelligence at work grappling with such arcane problems as the bright coloration of caterpillars or shaping his 1858 paper on natural selection that prompted Darwin to publish with Wallace the first paper outlining the theory of evolution Shermer also shows that Wallace s self trained intellect while powerful also embraced surprisingly naive ideas such as his deep interest in the study of spiritual manifestations and seances Shermer shows that the same iconoclastic outlook that led him to overturn scientific orthodoxy as he worked in relative isolation also led him to embrace irrational beliefs and thus tarnish his reputation As author of *Why People Believe Weird Things* and founding publisher of *Skeptic* magazine Shermer is an authority on why people embrace the irrational Now he turns his keen judgment and incisive analysis to Wallace s life and his contradictory beliefs restoring a leading figure in the rise of modern science to his rightful place

Research Methods in the Social and Health Sciences Ted Palys,Chris Atchison,2021-02-05 *Research Methods in the Social and Health Sciences* Research Decisions by Ted Palys and Chris Atchison gives students a thorough thoughtful and highly readable introduction to the

entire research process from start to finish From its underlying premise that your research questions and objectives rather than any specific method should guide your research this book discusses each step of the research process from limiting the scope of a literature review to navigating ethical considerations to deciding which methods are best suited for finding answers to specific research questions to how to analyze data and present findings Readers are encouraged to think deeply about each step of the research process The book promotes this deliberation by discussing the strengths and limitations of different methods and Throughout the process the authors provide many examples from their own and student research sharing insights for research decisions arising from that experience Readers will develop the skills to create solid research questions perform literature reviews identify appropriate data sources and methods conduct research analyze and interpret data and translate the resulting knowledge generated from the research process to a wider audience all core parts of the research process by developing their knowledge and creating confidence in their own decision making skills After explaining the unique and often complementary strengths of qualitative and quantitative methods students focus on what methods are best suited for finding answers to the research questions that interest them Major types of research including experiments case studies surveys quasi experiments ethnographies focus groups participatory action research and archival studies all receive significant coverage The text illustrates how these methods are enhanced by integrating them with 21st century technologies and combining them in mixed methods projects Chapters on constructing a research proposal and disseminating research bookend the process with concrete steps in between to support students designing their own original research projects Study questions at the end of each chapter encourage students to think critically about the research process and how the choices a researcher makes will broaden or constrain what they can find By the end of the text social and health science students will feel confident in undertaking ethical and thoughtful research

Disequilibrium, Polarization, and Crisis Model Isabelle Dierauer, 2013-05-16 Different international relations theorists have studied political change but all fall short of sufficiently integrating human reactions feelings and responses to change in their theories This book adds a social psychological component to the analysis of why nations politically organized groups or states enter into armed conflict The Disequilibrium Polarization and Crisis Model is introduced which draws from prospect theory realism liberalism and constructivism The theory considers how humans react and respond to change in their social political and economic environment Three case studies the U S Civil War the Yugoslav Wars 1991 1995 and the First World War are applied to illustrate the model's six process stages status quo change creating shifts that lead to disequilibrium realization of loss hanging on to the old status quo emergence of a rigid system and risky decisions leading to violence and war

Global Land Grabbing and Political Reactions 'from Below' Marc Edelman, Ruth Hall, Saturnino M. Borrás Jr., Ian Scoones, Ben White, Wendy Wolford, 2017-08-15 When the 2007 2008 food and financial crises triggered a global wave of land grabbing scholars activists and policy practitioners assumed that this would be met with massive peasant resistance As empirical

evidence accumulated however it became clear that political reactions from below to land grabbing were quite varied and complex Violent resistance outright expulsions everyday weapons of the weak and demands for better terms of incorporation into land deals were among the outcomes that emerged Readers of this collection will encounter a multinational group of scholars who use the tools of social movements theory and critical agrarian studies to examine cases from Argentina Mexico Guatemala Nicaragua Colombia Ethiopia Madagascar Mozambique Uganda Mali Ukraine India and Laos as well as the Rio 20 Sustainable Development Conference Initiatives from below in response to land deals have involved local and transnational alliances and the use of legal and extra legal methods and have brought victories and defeats This book was first published as a special issue of The Journal of Peasant Studies *Mainstreaming Ayurveda* Sharmistha Mallick, 2024-03-19 This book brings concepts practices of Ayurveda and its interface with modern health care set up in Delhi India It presents a new conceptual framework in studying public health in India offers policy recommendations and outlines the challenges of mainstreaming of alternative medical systems in India Drawing on a wealth of primary data that looks at the social profile of patients gender disease profile of patients prescriptions average cost per prescription and kinds of medicines prescribed the monograph explores patterns of health behaviour through the perceptions of doctors and patients administrators and their negotiations with the bureaucratic health structure It analyses the power and structures between practitioners of modern medicine and Ayurvedic doctors and the issues of cross referral and formal and informal levels of interaction network between the two medical systems Engaging with current debates around public health in India the volume will be of interest to scholars and researchers of public health and sociology of health and medicine public policy and public administration and South Asian studies Breaking the China-Taiwan Impasse Donald S. Zagoria, 2003-10-30 Tensions between China and Taiwan are not likely to abate in the foreseeable future The question of Taiwan's sovereignty is the major point of friction and the continuing impasse between China and Taiwan is worrisome Zagoria presents perspectives from Washington Beijing and Taipei on cross strait tensions exploring ways to break the current standoff Tensions between China and Taiwan are not likely to abate in the foreseeable future The question of Taiwan's sovereignty is the major point of friction and the continuing impasse between China and Taiwan is worrisome Should critical political negotiations falter relations are likely to take on stronger military overtones and the PRC may well develop a sense of urgency about Taiwan drifting towards independence These at least are the broad conclusions drawn from the ongoing dialogues among top U S Chinese and Taiwanese figures sponsored by the National Committee on American Foreign Policy This Track II project provides a forum for top policy analysts from each country to discuss trilateral relations in a frank and constructive manner and is an effort to explore means of peacefully resolving the current impasse Among the more significant findings is that the more serious risks of conflict will probably occur in the distant future hinging on whether economic integration can gradually lead to a reduction of political tensions and that the United States should continue to oppose any declaration of independence by Taiwan and any use of

force by China **Plato and the Moving Image** Shai Biderman, Michael Weinman, 2019-05-27 This book shows how and why debates in the philosophy of film can be advanced through the study of the role of images in Plato's dialogues and conversely why Plato studies stands to benefit from a consideration of recent debates in the philosophy of film Contributions range from a reading of *Phaedo* as a ghost story to thinking about climate change documentaries through Plato's account of *pleonexia* They suggest how philosophical aesthetics can be reoriented by attending anew to Plato's deployment of images particularly images that move They also show how Plato's deployment of images is integral to his practice as a literary artist Contributors are Shai Biderman David Calhoun Michael Forest Jorge Tomas Garcia Abraham Jacob Greenstine Paul A Kottman Danielle A Layne David McNeill Erik W Schmidt Timothy Secret Adrian Switzer and Michael Weinman **Futures of the Sun** Imre Szeman, 2024-10-22 Who will lead the transition from fossil fuel dependent societies into renewable energy futures Energy transition is crucial to the struggle against climate change But even while embracing the death of fossil fuels some want to preserve the current social and political order *Futures of the Sun* explores the competing eco stories being offered by people intent on shaping the transition to fit their vision and version of a renewable society Imre Szeman explains how and why key players are working hard to make sure a greener cleaner future will look much like the world we live in today He examines the rhetoric ideology and politics of liberal nationalists intent on fighting a war against climate change billionaire solar entrepreneurs who believe only in themselves and the populist far right who want no change at all Offering possible new critical and political avenues Szeman reveals how those on the environmental left can ensure their vision of egalitarianism beyond the status quo can become the reality of our renewable future **Gadamer and Ricoeur** Francis J. Mootz III, George H. Taylor, 2011-04-14 Hans Georg Gadamer and Paul Ricoeur were two of the most important hermeneutical philosophers of the twentieth century Gadamer single handedly revived hermeneutics as a philosophical field with his many essays and his masterpiece *Truth and Method* Ricoeur famously mediated the Gadamer Habermas debate and advanced his own hermeneutical philosophy through a number of books addressing social theory religion psychoanalysis and political philosophy This book brings Gadamer and Ricoeur into a hermeneutical conversation with each other through some of their most important commentators Twelve leading scholars deliver contemporary assessments of the history and promise of hermeneutical philosophy providing focused discussion on the work of these two key hermeneutical thinkers The book shows how the horizons of their thought at once support and question each other and how in many ways the work of these two pioneering philosophers defines the issues and agendas for the new century Neoliberalism, Postmodernity, and the Contemporary Memorial-Building Boom Nicola Clewer, 2022-06-06 The book develops a new approach to and a distinct reading of the contemporary memorial building boom which began in the 1980s Locating the origins of this boom in the crises associated with postmodernity and the rise of neoliberalism it analyses the complex interplay between neoliberalism postmodernism and nationalism in some of the most well known memorials and memorial museums to have emerged in the

USA and Germany over the last four decades Rather than offering a survey of contemporary memorials it traces a specific trajectory and certainly not the only one ripe for analysis from the postmodern memorials of the 1980s to the increasingly monumental and authoritative memorials and memorial museums being constructed today Developing a distinct interdisciplinary approach the book offers a critical analysis of the relationship between the memorials form the visitor experience they re intended to offer and the understanding of history and our relation to it which underpins their philosophical ethical and political stance Questioning the notion that contemporary memorials are ambiguous non ideological and non nationalistic the book argues that they are engaged in rearticulating nationalism in line with the contradictory demands of the current conjuncture As well as critically analysing the political function of national memorials the book is equally concerned with interrogating the aesthetic means they employ with a specific focus on the way in which they mobilise the power of the sublime to generate particular affective responses The book argues that contemporary national memorials reflect one of the most significant convergences between postmodern thought and neoliberal ideology both project a permanent present urging us to recreate ourselves in the light of existing conditions for there is no alternative
