Round in Circles Barry Kester, 2024-10-15 Round In Circles The Story of Rodgers Hammerstein's Carousel is intended not only for those who share the author's love of the Golden Age Broadway musicals but also for students of the genre who want to learn about the trials and tribulations encountered in producing a musical at that time when Rodgers and Hammerstein were transforming such shows into the unique American art form we continue to enjoy today The book covers the history of Carousel from its beginning as Liliom a 1909 play by Hungarian author Ferenc Molnar to its latest 2021 London revival At first Rodgers and Hammerstein dismissed the idea of turning Liliom into a musical How they were persuaded to change their minds and the struggles the duo experienced in adapting the dark fantastical play is a key part of the story told by author Barry Kester But the book also shines the spotlight onto Rodgers and Hammerstein themselves looking at their lives their working methods and their relationship which was not always as harmonious as one might have thought Although Carousel was created by Rodgers and Hammerstein it would not have happened without the help of some extraordinary people both backstage and onstage and the book pays due tribute to them all Many of Carousel's songs have become well loved standards none more so than You'll Never Walk Alone and not just because of its association

with football A chapter is devoted to this remarkable anthem Carousel s story did not end with its 1945 Broadway opening After an initial London run and a nationwide tour in the States there was a film version The author relates the many problems that were encountered on that production The book examines what many would agree to be the finest production of Carousel to date staged at the National Theatre in 1992 directed by Nicholas Hytner and concludes with a look at some of the more recent revivals and the show s place in the musical theatre canon today Barry Kester lives in Pinner and has loved musical theatre all his life After retirement in 2010 he set out to write a detailed history of his favourite musical Round in Circles The Story of Rodgers Hammerstein s Carousel is his first book *The Musical as Drama* H. Scott McMillin,2014-11-28 Derived from the colorful traditions of vaudeville burlesque revue and operetta the musical has blossomed into America s most popular form of theater Scott McMillin has developed a fresh aesthetic theory of this underrated art form exploring the musical as a type of drama deserving the kind of critical and theoretical regard given to Chekhov or opera Until recently the musical has been considered either an integrated form of theater or an inferior sibling of opera McMillin demonstrates that neither of these views is accurate and that the musical holds true to the disjunctive and irreverent forms of popular entertainment from which it arose a century ago Critics and composers have long held the musical to the standards applied to opera asserting that each piece should work together to create a seamless drama But McMillin argues that the musical is a different form of theater requiring the suspension of the plot for song The musical s success lies not in the smoothness of unity but in the crackle of difference While disparate the dancing music dialogue and songs combine to explore different aspects of the action and the characters Discussing composers and writers such as Rodgers and Hammerstein Stephen Sondheim Kander and Ebb Leonard Bernstein and Jerome Kern *The Musical as Drama* describes the continuity of this distinctively American dramatic genre from the shows of the 1920s and 1930s to the musicals of today **TIME 1945** Editors of TIME,2016-03-01 In the 12 months of 1945 the world was radically reshaped both Hitler s Germany and imperial Japan fell to Allied armies in scenes of death and destruction that still defy belief A new world order began to emerge as the U S and the U S S R began their long Cold War duel the United Nations was founded and Europe s colonial empires began to collapse New technologies unleashed by the war radar computers rockets and atomic power began to revolutionize our lives At home millions flocked to new suburban homes television began to replace radio and returning vets sparked an era defining baby boom Now TIME captures all these earth shaking events in 1945 The Year That Changed the World Join us as vintage photos illuminating graphics and fascinating then and now stories recapture the sense of turmoil hope and change that followed history s greatest conflict **Six Feet Over It** Jennifer Longo,2016-01-12 This unforgettable new voice in contemporary YA is perfect for fans of John Green Libba Bray and Jennifer Niven Like nothing you ve read before Bustle.com No one is more surprised than Leigh when her father buys a graveyard Less shocking is the fact that he s too lazy to look farther than the dinner table for employees Working the literal graveyard shift she becomes great at predicting headstone

choice mostly granite and taking notes with one hand while offering Kleenex with the other Sarcastic and smart Leigh should be able to quit this stupid after school job But her world s been turned upside down by the sudden loss of her best friend and the appearance of Dario the slightly too old for her gravedigger Can Leigh move on if moving on means it s time to get a life Funny and heart wrenchingly beautiful Jennifer Longo s YA debut about a girl surrounded by death will change the way you look at friendship love and life More Praise for Six Feet Over It A Washington State Book Award Finalist A VOYA Perfect Tens 2014 Pick An Indies Introduce New Voices Pick Equal parts poignant and humorous Superb Kirkus Reviews Starred A vibrant voice Readers will rejoice The Bulletin Starred A unique book for unique teens Booklist Darkly funny and deeply moving An original memorable voice Jennifer L Holm New York Times bestselling author A wildly funny coming of age story about life love death and everything in between Sarah McCarry author of All Our Pretty Songs Terrific Longo had me at graveyard and then dug me in deeper with wit dark humor and splendid characters Lisa Brown New York Times bestselling author A strong heroine multicultural cast and eclectic contemporary setting make Longo s story stand out Publishers Weekly Stands out for its unusual setting and also the sarcasm and caustic humor of its protagonist The Horn Book Review Hilarious clever and poignant SLJ

Music of the Night Ian Bradley,2025 This book offers readers a fascinating new look into the spiritual side of operetta and musical theatre two closely related genres often dismissed as trivial shallow and essentially secular Bradley challenges these judgements and seeks to show that there have been clear religious influences and spiritual resonances in some of the best known and most popular works in both genres He points to the darker and more serious side of operetta and musical theatre to analyse the work of Offenbach Leh r Gilbert and Sullivan Rodgers and Hammerstein Sondheim Schwartz Lloyd Webber and Boublil and Schoenberg Readers will never listen to The Mikado The Sound of Music Fiddler on the Roof Sweeney Todd Wicked Les Miserables and The Lion King in the same way again Using hitherto largely neglected sources Music of the Night explores the Jewish and Catholic roots of French operetta composers the impact of Franz Leh r s Catholic faith the effect of Oscar Hammerstein s early exposure to Universalism and the High Church aesthetic of Andrew Lloyd Webber Further chapters discuss Arthur Sullivan s softening and spiritualising effect on W S Gilbert s lyrics in the Savoy operas Stephen Sondheim s secularism and Stephen Schwartz as the reluctant pilgrim There is specific analysis of the religious influences and spiritual resonances in six key musicals The Sound of Music Fiddler on the Roof Godspell Jesus Christ Superstar Les Mis rables and The Lion King A concluding chapter briefly surveys the musicals of the twenty first century
