In Search of the Utopian States of America Verena Adamik, 2020-12-01 This book endeavours to understand the seemingly direct link between utopianism and the USA discussing novels that have never been brought together in this combination before even though they all revolve around intentional communities Imlay s The Emigrants 1793 Hawthorne s The Blithedale Romance 1852 Howland s Papas Own Girl 1874 Griggs s Imperium in Imperio 1899 and Du Bois s The Quest of the Silver Fleece 1911 They relate nation and utopia not by describing perfect societies but by writing about attempts to immediately live radically different lives Signposting the respective communal history the

readings provide a literary perspective to communal studies and add to a deeply necessary historicization for strictly literary approaches to US utopianism and for studies that focus on Pilgrims Puritans Founding Fathers as utopian practitioners This book therefore highlights how the authors evaluated the USA s utopian potential and traces the nineteenth century development of the utopian imagination from various perspectives [TV Guide](#) ,2006 *Another Jesus, a Different Spirit, a Different Gospel* Steven H. Propp,2011-12-13 Its the Christmas seasonthe most wonderful time of the year for most people in River City California But for Jehovahs Witnesses Lawrence and Brad its a time for them to try to explain the truth about this holiday season to the people of the community Their earnest efforts may earn them ridicule disagreement or a door slammed rudely in their faces but they persistand are sometimes able to find a mind and heart receptive to their urgent message about Jehovahs coming Kingdom Whereas for Elders Skousen and Marshalltwo Latter day Saint Mormon missionaries the season is another opportunity to share their Churchs distinctive interpretation of the Christian gospel but their efforts are often rebuffed as well In the course of their work these two pairs of men engage in dialogue with traditional Christians as well as members of the Church of Christ the Community of Christ RLDS Seventh day Adventists and Oneness Pentecostalsnot to mention skeptics atheists and the increasing numbers of people who lack any particular religious beliefs But when a local church brings in a researcher to give a series of lectures on Cultsand specifically targeting the Jehovahs Witnesses and Mormonsa confrontation is ensured where theological and biblical concepts collide in a public forum Who if anyone really has the Truth Can one still discover the true meaning of Christmas in the midst of passionate disagreements over the validity of the holiday season Are objections raised about the secularization and rampant commercialism of the modern celebration valid Spend a holiday season or any other season with some interesting and intellectually stimulating characters as they explore these and other challenging questions Readers of the authors earlier novel *A Multicultural Christmas* will be pleased to see a brief reappearance of two characters from that book [Complex Magazine and Guide](#) ,2007 [The Oxford Handbook of Thomas More's Utopia](#) ,2023-11-15 Thomas More s *Utopia* is one of the most iconic translated and influential texts of the European Renaissance This Handbook of specially commissioned and original essays brings together for the first time three different ways of thinking about the book in terms of its renaissance contexts its vernacular translations and its utopian legacies It has been developed to allow readers to consider these different facets of *Utopia* in relation to each other and to provide fresh and original contributions to our understanding of the book s creation vernacularization and afterlives In so doing it provides an integrated overview of More s text as well as new contributions to the range of scholarship and debates that *Utopia* continues to attract An especially innovative feature is that it allows readers to follow *Utopia* across time and place unpacking the often revolutionary moments that encouraged its translation by new generations of writers as far afield as France Russia Japan and China The Handbook is organized in four sections on different aspects of the origins and contexts of *Utopia* in the 1510s on histories of its translation into different vernaculars in the early modern and modern eras

and on various manifestations of utopianism up to the present day The Handbook s Introduction outlines the biography of More the key strands of interpretation and criticism relating to the text the structure of the Handbook and some of its recurring themes and issues An appendix provides an overview of Utopia for readers new to the text
