*Longing for the Lost Caliphate* Mona Hassan,2018-08-14 In the United States and Europe the word caliphate has conjured historically romantic and increasingly pernicious associations Yet the caliphate s significance in Islamic history and Muslim culture remains poorly understood This book explores the myriad meanings of the caliphate for Muslims around the world through the analytical lens of two key moments of loss in the thirteenth and twentieth centuries Through extensive primary source research Mona Hassan explores the rich constellation of interpretations created by religious scholars historians musicians statesmen poets and intellectuals

Hassan fills a scholarly gap regarding Muslim reactions to the destruction of the Abbasid caliphate in Baghdad in 1258 and challenges the notion that the Mongol onslaught signaled an end to the critical engagement of Muslim jurists and intellectuals with the idea of an Islamic caliphate. She also situates Muslim responses to the dramatic abolition of the Ottoman caliphate in 1924 as part of a longer trajectory of transregional cultural memory revealing commonalities and differences in how modern Muslims have creatively interpreted and reinterpreted their heritage. Hassan examines how poignant memories of the lost caliphate have been evoked in Muslim culture, law and politics similar to the losses and repercussions experienced by other religious communities including the destruction of the Second Temple for Jews and the fall of Rome for Christians. A global history *Longing for the Lost Caliphate* delves into why the caliphate has been so important to Muslims in vastly different eras and places. **The Ma'luf in Contemporary Libya** Philip Ciantar, 2016-03-03

The musical tradition of Ma'luf is believed to have come to North Africa with Muslim and Jewish refugees escaping the Christian reconquista of Spain between the tenth and seventeenth centuries. Although this Arab Andalusian music tradition has been studied in other parts of the region, until now the Libyan version has not received Western scholarly attention. This book investigates the place of this orally transmitted music tradition in contemporary Libyan life and culture. It investigates the people that make it and the institutions that nurture it as much as the tradition itself. Patronage, music making, discourse both about life and music history and ideology all unite in a music tradition which looks innocent from the outside but appears quite intriguing and intricate the more one explores it. **Historical Dictionary of Sacred Music** Joseph P.

Swain, 2016-10-11 Sacred music is a universal phenomenon of humanity. Where there is faith, there is music to express it. Every major religious tradition and most minor ones have music and have it in abundance and variety. There is music to accompany ritual and music purely for devotion; music for large congregations and music for trained soloists; music that sets holy words and music without words at all. In some traditions, Islamic and many Native American to name just two, the relation between music and religious ritual is so intimate that it is inaccurate to speak of the music accompanying the ritual. Rather, to perform the ritual is to sing and to sing the ritual is to perform it. This second edition of *Historical Dictionary of Sacred Music* contains a chronology, an introduction, appendixes and an extensive bibliography. The dictionary section has over 800 cross-referenced entries on major types of music, composers, key religious figures, specialized positions, genres of composition, technical terms, instruments, fundamental documents and sources, significant places and important musical compositions. This book is an excellent access point for students, researchers and anyone wanting to know more about sacred music. **Mohammad Reza Shajarian's Avaz in Iran and Beyond, 1979-2010** Rob Simms, Amir Koushkani, 2012-03-22

Mohammad Reza Shajarian's *Avaz in Iran and Beyond 1979-2010* is a comprehensive study of the legacy of Mohammad Reza Shajarian, the greatest living exponent of avaz, the traditional art of singing classical Persian poetry. Picking up where the author's previous volume *The Art of Avaz and Mohammad Reza Shajarian: Foundations and Contexts* left off, this study

examines the landmark recordings Shajarian made following the Islamic Revolution of 1979 as artistic masterpieces of avaz and as shrewd mass mediated expressions of frustration and dissent that boldly crystallized public sentiments under highly repressive conditions These recordings transformed Shajarian into a national icon in Iran and through the diaspora The book traces the subsequent expansion of Shajarian s music and presence in ever widening circles to his current global profile powerfully underlined by his receipt of prestigious awards from UNESCO and other global institutions Shajarian s artistic accomplishments including his recent activity in designing and crafting a range of new stringed instruments and socio political significance are placed in the broader context of Iranian musical culture in the decades following the Revolution In surveying Shajarian s legacy this study concludes with questions arising from the Election Crisis of 2009 where he was popularly proclaimed as Master of the Green Movement Ostad e Sabz for his outspoken opposition to the violent crackdown the subsequent political stalemate and how these dynamics resonate with issues of the present state and relevance of Persian classical music in the twenty first century This book forms the conclusion of the most detailed study to date of the music life and environment of the most influential musician in Iranian classical music of the past three decades

**The Art of Avaz and Mohammad Reza Shajarian** Rob Simms, Amir Koushkani, 2012-01-20 The Art of Avaz and Mohammad Reza Shajarian Foundations and Contexts by Rob Simms and Amir Koushkani examines the traditional art of singing classical Persian poetry as represented by its greatest living exponent This in depth study surveys the social and historical context of the twentieth century tradition of avaz while placing Shajarian s early career within this complex culture from being a child prodigy of Qur an recitation in Mashhad to his rise to national prominence in the 1970s As a globetrotting celebrity who is renowned for singing medieval poetry with impeccable technique and radiant inspiration Shajarian s life and work provide a compelling case study for larger issues of reconciling tradition and modernity and the crucial role of the individual in maintaining and renovating traditional art forms Avaz is discussed in the broader context of Iranian narrative performance traditions where the performer retells well known scripts in a way that is appropriate to the audience and the present occasion spinning the tale to convey a personal message Shajarian s career also exemplifies the huge changes that Iranian musical culture underwent in the 1960s and 70s Finally the study includes a detailed examination of the materials and creative processes of Shajarian s artistic craft including his acquisition process and training vocal technique selection and treatment of poetry use of traditional musical materials and his balance of engaging preset materials with improvisation The Art of Avaz and Mohammad Reza Shajarian is an impressively detailed study of the music life and environment of the most influential musician in Iranian classical music of the past three decades
