Replies To Wang Wei:

The Poetry and Prose of Wang Wei Paul Rouzer, 2020-07-06 Wang Wei has traditionally been considered one of the greatest of Tang dynasty poets together with Li Bo and Du Fu This is the first complete translation into English of all of his poems and also the first substantial translation of a selection of his prose writings For the first time readers encountering his work in English translation will get a comprehensive understanding of Wang Wei's range as a poet and prose writer In spite of the importance of Wang Wei's poetry in the history of Chinese literature no one has attempted a complete translation of all of his surviving poems moreover even though he was known for his skill in composing prose pieces in the recognized genres of his day especially as a writer of commissioned compositions very little of his prose has been translated This translation will enable students with limited or no knowledge of Chinese to get a full sense of Wang Wei's compositional range Moreover since Wang Wei was known for being a devout Buddhist having the complete poetry available in reliable translation as well as all of the prose that is connected to the Buddhist faith will be useful to students of Chinese religion

the Stone Jianren Wu, 2025-06-24 One of China's first works of science fiction New Story of the Stone is a belated twentieth century sequel to the beloved eighteenth century masterpiece Story of the Stone more famously known as Dream of the Red Chamber The story follows protagonist Jia Baoyu borrowed from the original Story as he is dramatically hurled forward over a hundred years from his own time into a bewildering future first the decadent semicolonized late Qing China of the author's own time and later an astonishing high tech Confucian utopia called the Realm of Civilization Baoyu is equally disoriented in both places in China proper he is distressed by the growth of foreign influence and weakening of the traditional moral code

in favor of capitalist consumerism and selfish gain in the Realm of Civilization he is amazed by everything he encounters from flying cars and ingenious medical technologies to the perfectly moral populace Seen through Baoyu's eyes the Realm is everything that late Qing China has failed to be and offers a hopeful vision of what it might yet become This quick paced romp deftly highlights some of the major preoccupations of the tumultuous final decade of China's last dynasty while raising important existential questions about China's future Enlivened by author Wu Jianren's vivid imagination and wry sense of humor this playful satirical adventure is essential reading for lovers of science fiction and Chinese literature in translation
