Reporters And Officials The Organization And Politics Of Newsmaking:

Reporters and Officials Leon V. Sigal, 1973 **Reporters and Officials** Leon V. Sigal, 1973 Reporters and Officials: the Organization and Politics of Newsmaking By "Leon V. Sigal" Leon V. Sigal, 1973 **The Washington Reporters** Stephen Hess, 2010-12-01

In the vast literature on the way democratic governments work the role of the press is often overlooked Yet the press no less than the formal branches of government is a public policy institution and deserves to be included in explanations of the governmental process In *The Washington Reporters* Stephen Hess focuses on those who cover the U S government for the American commercial news media His book is based on interviews with reporters and editors and on responses to questionnaires from nearly half of the over 1 200 American reporters in Washington Analysis of these responses and comparison with the content and placement of over 2 000 of these reporters news stories permit an unusual and sometimes startling perspective on Washington newswork Mr Hess demonstrates for instance how information in the news regularly comes from the legislative branch of the government despite the greater number of stories on the presidency and he shows that Washington news dominates the front pages of daily newspapers across the country no matter how little may be going on in the nation s capital The author concludes that Washington news gathering fragments media power while at the same time it shifts decisions on what is news and how it should be covered to the reporters The import of this impression is that reporters are not simply passing along information they are choosing within certain limits what most people will know about government The freedom given and assumed by these news workers affects the shape of national affairs

Power Transfer and Electoral Politics Hsin-chi Kuan, 1999 This book provides an in depth analysis of the election of the Hong Kong Legislative Council in May 1998 which was the first general election in Hong Kong since the change of sovereignty to China in 1997 The election was conducted in the wake of the government s mismanagement of health policy and other aspects of public concern and amid widespread hardships inflicted by the Asian financial crisis Nevertheless the election still had the highest turnout rate in Hong Kong s entire history The elected legislature replaced the Provisional Legislative Council which was a product of the Sino British conflict before the change over However as a result of institutional design and electoral outcome this duly elected Legislative Council has been fragmented and weak in its legislative and supervisory powers and therefore there are long term implications for the governance of Hong Kong in general and for the executive legislative relations in particular Contributors to this volume are renowned scholars in Hong Kong studies The various aspects of the 1998 legislative election are critically examined to ascertain their exact meanings and to clarify doubts Questions such as the following are properly addressed Did the transfer of sovereignty have any impact on the systems of election representation and authority What was the impact of institutional change on the conduct of electoral campaigns Did the end of colonialism and the advent of one country two systems help to activate Hong Kong voters who were once dubbed attentive spectators Did the China factor which had been influential in the 1991 and 1995 elections give way to other electoral divisions Did the mass

media properly perform their roles during the election Does the emergence of class and economic issues during the election signify a new era of political normalization Will the now legitimately constituted Legislative Council have political clout What is in store for the future

Bureaucratic Politics and Foreign Policy Morton H. Halperin, 2002-12-31 The first edition of *Bureaucratic Politics and Foreign Policy* is one of the most successful Brookings titles of all time Government agencies departments and individuals all have certain interests to preserve and promote Those priorities and the conflicts they sometimes spark heavily influence the formulation and implementation of foreign policy A decision that looks like an orchestrated attempt to influence another country may in fact represent a shaky compromise between rival elements within the U S government The authors provide numerous examples of bureaucratic maneuvering and reveal how they have influenced our international relations

Managing Democracy in the Digital Age Julia Schwanholz, Todd Graham, Peter-Tobias Stoll, 2017-09-13 In light of the increased utilization of information technologies such as social media and the Internet of Things this book investigates how this digital transformation process creates new challenges and opportunities for political participation political election campaigns and political regulation of the Internet Within the context of Western democracies and China the contributors analyze these challenges and opportunities from three perspectives the regulatory state the political use of social media and through the lens of the public sphere The first part of the book discusses key challenges for Internet regulation such as data protection and censorship while the second addresses the use of social media in political communication and political elections In turn the third and last part highlights various opportunities offered by digital media for online civic engagement and protest in the public sphere Drawing on different academic fields including political science communication science and journalism studies the contributors raise a number of innovative research questions and provide fascinating theoretical and empirical insights into the topic of digital transformation

The Oxford Handbook of Swiss Politics Patrick Emmenegger, Flavia Fossati, Sijla Häusermann, Yannis Papadopoulos, Pascal Sciarini, Adrian Vatter, 2024 This volume provides a comprehensive account of the many different facets of the Swiss political system and of the major developments in modern Swiss politics The chapters offer analyses relevant not only to political science but also to international relations European studies history sociology law and economics

Feeling Politics D. Redlawsk, 2006-06-10 As part of the study of emotions and politics this book explores connections between affect and cognition and their implications for political evaluation decision and action Emphasizing theory methodology and empirical research *Feeling Politics* is an important contribution to political science sociology psychology and communications

Surrogate Motherhood and the Politics of Reproduction Susan Markens, 2007-09-04 Susan Markens takes on one of the hottest issues on the fertility front surrogate motherhood in a book that illuminates the culture wars that have erupted over new reproductive technologies in the United States In an innovative analysis of legislative responses to surrogacy in the bellwether states of New York and California Markens explores how discourses about gender family race genetics rights and

choice have shaped policies aimed at this issue She examines the views of key players including legislators women s organizations religious groups the media and others In a study that finds surprising ideological agreement among those with opposing views of surrogate motherhood Markens challenges common assumptions about our responses to reproductive technologies and at the same time offers a fascinating picture of how reproductive politics shape social policy *The Politics of Persuasion* Anthony R. DiMaggio,2017-02-21 Examines how the US media covers high profile public policy issues in the context of competing claims about media bias Tracking the effects of media content on the public is a difficult endeavor and media effects vary on a subject to subject basis To address this challenge *The Politics of Persuasion* employs a multifaceted mixed method approach to studying mass media and public attitudes Anthony R DiMaggio analyzes more than a dozen case studies covering US domestic economic policy and examines a wide range of theories of how bias operates in mass media with regard to coverage of these issues While some research claims that journalists are overly negative and biased against government officials some reveals that journalists favor citizens groups Still other studies contend there is a liberal bias in the media a progovernment bias or a bias in favor of advertisers and business interests Through his analysis DiMaggio is the first to systematically examine all of these competing interpretations He concludes that reporters tailor stories to corporate and government interests but argues that the ability to manufacture consent from the public in favor of these elite views is far from guaranteed According to DiMaggio citizens often make use of their own personal experiences and prior attitudes to challenge official narratives *Censored 2020* Andy Lee Roth,2019-10-08 In the midst of Trump s attacks on the media comes this look at the rigorous independent reporting of the year s most underreported news stories While the country s president displays a brazen disregard for the First Amendment and routinely demonizes the press as the enemy of the people *Censored 2020* looks beyond Donald Trump s dizzying contempt for the truth to clarify the corporate media s complicity in misinforming the American public while also providing a clear vision of a better future based on rigorous trustworthy independent reporting that presents a fuller picture of truth With a discerning eye *Censored 2020* focuses the public s attention on the most important but underreported news stories of 2018 2019 These stories expose the corporate news media s systemic blind spots while highlighting the crucial role played by independent journalists in providing the kind of news necessary for informed engaged citizens The book also examines this year s lowlights in junk food news and news abuse further revealing how corporate news often functions as propaganda as well as highlights of exemplary organizations that champion Media Democracy in Action Additional chapters address the importance of constructive journalism the untold story of Kashmir news coverage of LGBTQ issues in the Trump era fake news as a Trojan horse for censorship and online memes as a form of political communication *The Politics of the Pill* Rachel VanSickle-Ward,Kevin Wallsten,2019-10-22 The announcement of a Health and Human Services HHS rule requiring insurance providers to cover the costs of contraception as part of the Affordable Care Act sparked widespread political controversy How did something that millions of American

women use regularly become such a fraught political issue In *The Politics of the Pill* Rachel VanSickle Ward and Kevin Wallsten explore how gender has shaped contemporary debates over contraception policy in the U S Within historical context they examine the impact that women and perceptions of gender roles had on media coverage public opinion policy formation and legal interpretations from the deliberation of the Affordable Care Act in 2009 to the more recent Supreme Court rulings in *Burwell v Hobby Lobby Stores Inc* and *Zubic v Burwell* Their central argument is that representation matters who had a voice significantly impacted policy attitudes deliberation and outcomes While women s participation in the debate over birth control was limited by a lack of gender parity across institutions women nevertheless shaped policy making on birth control in myriad and interconnected ways Combining detailed analyses of media coverage and legislative records with data from public opinion surveys survey experiments elite interviews and congressional testimony *The Politics of the Pill* tells a broader story of how gender matters in American politics

Strengthening Canadian Democracy Institute for Research on Public Policy, 2005 Reconsidering provincial and federal debates about democratic reform alternatives

Media and Conflict in the Twenty-First Century P. Seib, 2005-06-03 This collection of essays explores current issues surrounding the media and conflict in the Twenty first Century Essays will look at the role of evolving media technologies the globalization of television and communications public diplomacy gender and war coverage terrorism and other issues

The Emergence and Scope of the Voice of Government Mordecai Lee, 2023-03-21 Nowadays we all tend to be annoyed by bureaucracy and by propaganda if only because both touch our daily lives This book examines the intersection of those two subjects external communications emanating from government agencies When bureaucracies communicate with us directly or via the news media are we being bombarded with self serving propaganda or with helpful information to improve our lives Perhaps it is a mash up of both purposes This book examines the scope uses and history of government communications Topics of discussion include digital government disaster communication relations between the media and government agency spokespersons democratic reporting to the citizenry wartime public relations PR and how US presidents and the US Congress treated bureaucratic PR Several chapters are historical case studies such as about an astronaut who became US Assistant Secretary of State for Public Affairs In addition two chapters examine President Nixon s record while in a more light hearted vein another presents the pop culture image of government spokespersons in movies The book concludes with the origins of the academic study of external communications in public administration

Presidential Leadership George C. Edwards, Kenneth R.

Mayer, Stephen J. Wayne, 2022-04-06 With a focus on presidential leadership the authors address the capacity of chief executives to fulfill their tasks exercise their powers and utilize their organizational structures to affect the output of government This text examines all aspects of the presidency up to and including the administration of President Joe Biden

The Routledge Handbook of Political Campaigning Darren Lilleker, Daniel Jackson, Bente Kalsnes, Claudia Mellado, Filippo Trevisan, Anastasia Veneti, 2024-11-05 The Routledge Handbook of Political Campaigning provides an essential global and

timely overview of current realities as well as anticipating the trajectory and evolution of campaigning in the coming years Offering a comprehensive analysis the handbook is structured into seven thematic sections including the campaign environment rhetoric and persuasion campaign strategies campaign tactics and platform affordances news and journalism citizens and voters and civil society The chapters within each section reflect on the latest societal technological and cultural developments and their impact on campaigning on democratic culture within societies and on the roles that campaigns might play in both facilitating and impeding political engagement Key trends and innovations are examined alongside case studies and examples from a range of nations and political contexts Issues around trust and representation are further reflected in a focus on the wider campaigning environment and the rise in importance of grassroots and pressure groups social movements and movements that coalesce within digital environments The Routledge Handbook of Political Campaigning is an essential resource for scholars students and practitioners in political communication media and communication elections and voting behavior digital media journalism social movements strategic communication social media and more broadly to democracy sociology and public policy

Cultural Meanings of News Daniel A. Berkowitz, 2011 What is news Why does news turn out like it does What factors influence the creation production and dissemination of news Cultural Meanings of News takes on these deceptively simple questions through an essential collection of seminal and contemporary studies by leaders in the fields of mass communication and media studies Similar in format and purpose to editor Dan Berkowitz's award winning Social Meanings of News this new volume represents a conceptual update a continuation of the discourse about the nature of news and how it comes to be moving ideas ahead from the earlier tradition of sociological approaches to the more pervasive cultural perspectives that inform understandings about news Cultural Meanings of News provides a carefully selected set of readings organized into thematic areas that each probe a dimension of the literature from sociological roots to cultural perspectives news as narrative and cultural text newswork as cultural ritual news as cultural myth news and its interpretive communities news as a source and reflection of collective memory toward the future of news research This text reader provides students and scholars with first hand exposure to cultural approaches to the study of news while also providing an organizing framework for understanding the commonalities and differences between threads in the research The goals are to engage readers through guided immersion in the material

A Public Betrayed Adam Gamble, Takesato Watanabe, 2004-07-01 In his new book Adam Gamble reveals how the Japanese media have dangerously overstepped their boundaries and distorted even wiped out honest news
