Litras,2000 Fortress America Elaine Tyler May,2017-12-12 An award winning historian argues that America s obsession with security imperils our democracy in this compelling portrait of cultural anxiety Mary L Dudziak author of War Time For the last sixty years fear has seeped into every area of American life Americans own more guns than citizens of any other country sequester themselves in gated communities and retreat from public spaces And yet crime rates have plummeted making life in America safer than ever Why then are Americans so afraid and where does this fear lead to In this remarkable work of social history Elaine Tyler May demonstrates how our obsession with security has made citizens fear each other and distrust the government making America less safe and less democratic Fortress America charts the rise of a muscular national culture undercutting the common good Instead of a thriving democracy of engaged citizens we have become a paranoid bunkered militarized and divided vigilante nation

Edmund M. Burke Dan A. Bavly, 1999-02-28 Dan Bavly takes a fresh look at how business is supervised and how that system can be improved He begins by assessing the performance of the government regulator and suggests reasons for the failure to prevent many of the debacles of the recent past New fiascoes often engender a spate of legislation but the regulator remains the one who gets away he is simply not accountable and does not shoulder the blame Clearly a new definition of regulator responsibility is required Drawing on his years of company board and auditing experience Bavly analyzes why the average director cannot do his job and he shows how a complete but feasible overhaul of the way company boards function can help solve this problem Bavly then goes on to explore as an insider the profession of accounting and to show why the CPA should be considered an endangered species Along the way Bavly examines many of the difficult issues of contemporary accounting Where is the trend of mammoth accounting organizations leading Is the addiction to mergers

suicidal How is the accounting profession coping with technology What is the relationship between the outside CPA and the corporate internal audit division For each specific flaw in the system Bavlly provides a practical remedy The general message is the need for constant reassessment and perhaps a plea to cut all the agencies of corporate governance back to human proportions **Social Sciences Index** ,1996 Insider's Guide to Key Committee Staff of the U.S. Congress 2010 Bernan Press,2010-09-15 The Insider s Guide to Key Committee Staff of the U S Congress contains in depth profiles on key congressional staff members that you will not find elsewhere The information provided on these personnel gives you not only the contact information and other pertinent data but also the inside track to those people These are the staffers who work with and support the representatives and senators in various important roles that help to enact change or refine existing laws and codes that govern our nation Annual Report of the American Historical Association American Historical Association,1928 Monthly Catalogue, United States Public Documents ,1995
