The Organization of the Pyramid Texts (2 vol. set) Harold M. Hays, 2012-06-08 The ancient Egyptian Pyramid Texts form the oldest body of religious texts in the world This book weds traditional philology to linguistic anthropology to associate them with two spheres of ritual action mortuary cult and personal preparation for the afterlife *Catalogue of the ... library of ... dr. Hawtrey ... which will be sold by auction* ,1862 **Plato's Styles and Characters** Gabriele Cornelli, 2015-11-27 The significance of Plato's literary style to the content of his ideas is perhaps one of the central problems in the study of Plato and Ancient Philosophy as a whole As Samuel Scolnicov points out in this collection many other philosophers have employed literary techniques to express their ideas just as many literary authors have exemplified philosophical ideas in their narratives but for no other philosopher does the mode of expression play such a vital role in their thought as it does for Plato And yet even after two thousand years there is still no consensus about why Plato expresses his ideas in this distinctive style Selected from the first Latin American Area meeting of the International Plato Society www.platosociety.org in Brazil in 2012 the following collection of essays presents some of the most recent scholarship from around the world on the wide range of issues related to Plato's dialogue form The essays can be divided into three categories The first addresses general questions concerning Plato's literary style The second concerns the relation of his style to other genres and traditions in Ancient Greece And the third examines Plato's characters and his purpose in using them **General Catalogue of Printed Books** British Museum. regress is automatically made ineffective Infinite Regress examines the theory of regression and includes information on the topics of vicious regress innocuous regress circularity regress and propositional regress Also discussed is the history of regression stemming from ancient times to medieval times to early modern history Some of the other chapters in this book focus on world class philosophers including Immanuel Kant Georg Wilhelm Friedrich Hegel and Bertrand Russell The book will play a significant role in theoretical philosophy as well as in social philosophy and the philosophy of mind **A List of Books in the Reading Room January 1900 ...** John Crerar Library,1900 Plato and the older Academy.
