**Republican Protestantism in Aztlán** E. C. Orozco,1980      **Republican Protestantism in Aztalan** E. C.

Orozco,1980-01-01      **Hispanic Methodists, Presbyterians, and Baptists in Texas** Paul Barton,2010-01-01 The question of how one can be both Hispanic and Protestant has perplexed Mexican Americans in Texas ever since Anglo American Protestants began converting their Mexican Catholic neighbors early in the nineteenth century Mexican American Protestants have faced the double challenge of being a religious minority within the larger Mexican American community and a cultural minority within their Protestant denominations As they have negotiated and sought to reconcile these two worlds over nearly two centuries los Protestantes have melded Anglo American Protestantism with Mexican American culture to create a truly indigenous authentic and empowering faith tradition in the Mexican American community This book presents the first comparative history of Hispanic Methodists Presbyterians and Baptists in Texas Covering a broad sweep from the 1830s to the 1990s Paul Barton examines how Mexican American Protestant identities have formed and evolved as los Protestantes interacted with their two very different communities in the barrio and in the Protestant church He looks at historical trends and events that affected Mexican American Protestant identity at different periods and discusses why and how shifts in los Protestantes sense of identity occurred His research highlights the fact that while Protestantism has traditionally served to assimilate Mexican Americans into the dominant U S society it has also been transformed into a vehicle for expressing and transmitting Hispanic culture and heritage by its Mexican American adherents      Mexicanos Manuel G. Gonzales,2009-08-20 Newly revised and updated Mexicanos tells the rich and vibrant story of Mexicans in the United States Emerging from the ruins of Aztec civilization and from centuries of Spanish contact with indigenous people Mexican culture followed the Spanish colonial frontier northward and put its distinctive mark on what became the southwestern United States Shaped by their Indian and Spanish ancestors deeply influenced by Catholicism and tempered by an often difficult existence Mexicans continue to play an important role in U S society even as the dominant Anglo culture strives to assimilate them Thorough and balanced Mexicanos makes a valuable contribution to the understanding of the Mexican population of the United States a growing minority who are a vital presence in 21st century America      Migrating Faith Daniel Ramírez,2015-09-14 Daniel Ram rez s history of twentieth century Pentecostalism in the U S Mexico borderlands begins in Los Angeles in 1906 with the eruption of the Azusa Street Revival The Pentecostal phenomenon characterized by ecstatic spiritual practices that included speaking in tongues perceptions of miracles interracial mingling and new popular musical worship traditions from both sides of the border was criticized by Christian theologians secular media and even governmental authorities for behaviors considered to be unorthodox and outrageous Today many scholars view the revival as having catalyzed the spread of Pentecostalism and consider the U S Mexico borderlands as one of the most important fountainheads of a religious movement that has thrived not only in North America but worldwide Ram rez argues that

because of the distance separating the transnational migratory circuits from domineering arbiters of religious and aesthetic orthodoxy in both the United States and Mexico the region was fertile ground for the religious innovation by which working class Pentecostals expanded and changed traditional options for practicing the faith Giving special attention to individuals and families firsthand accounts and tracing how a vibrant religious music culture tied transnational communities together Ram rez illuminates the interplay of migration mobility and musicality in Pentecostalism s global boom From Out of the Shadows Vicki Ruíz,2008-11-05 An anniversary edition of the first full study of Mexican American women in the twentieth century with new preface **From Out of the Shadows** Vicki L. Ruiz,Vicki Ruíz,1999 Vicki L Ruiz provides the first full study of Mexican American women in the 20th century in a narrative enhanced by interviews and personal stories that capture a vivid sense of the Mexicana experience in the United States Beginning with the first wave of women crossing the border early this century Ruiz reveals the struggles they have faced the communities they have built and also highlights the various forms of political protest they have initiated What emerges from the book is a portrait of a distinctive culture in America that has slowly gathered strength in the last 95 years **Protestantism in the Sangre de Cristos, 1850-1920** Randi Jones Walker,1991 This study covers the Anglo American Protestant activities in the area north of Albuquerque extending into the San Luis Valley of Colorado along the both sides of the Sangre De Cristo Mountains It also considers the interactions between these Protestant churches and the Hispanic community **Footprints of God** Charles E. Van Engen,Nancy Thomas,Robert Gallagher,2011-07-27 Twenty five doctoral students from around the world recently set out to forge a new path toward a theology of mission As they blazed a new trail they discovered the footprints of God evidence that God was their trial guide Charles Van Engen led this group of mission practitioners pastors teachers and mission executives as they set out to discover answers to important questions such as What is theology of mission and What is missiology The team used a new approach to answer these questions employing narrative to integrate personal story community stories cultural stories and biblical stories Each writer brings his or her own unique context to bear on these important questions through personal story and by highlighting the work of a major missiologist who has impacted their life and work By drawing from personal stories the authors show how human factors affect missiology All of the chapters are set within a unique theological framework created by Charles Van Engen that focuses on mission of the way mission in the way and mission on the way This framework reveals that mission must be of the way Christ centered in the way happening among the peoples and cultures of the world and on the way moving forward over time through God s people as they anticipate Christ s present and coming kingdom If you are concerned about connecting the Bible theology and ministry with the complexity and variety of contexts facing Christians today then you will want to join this journey to discover the footprints of God As Van Engen says you will be encouraged to think theologically about mission and missiologically about theology Hispanics in the United States Pastora San Juan Cafferty,David Wells Engstrom, Hispanics in the United States represents a collective exploration
