induced me to condense the history of an hundred years in a single volume adapted in its form and character to the instruction of a more general class of readers My object has been to present a rapid narrative of events so grouped and shaded if I may so express myself as to fix a permanent impression upon the mind leaving minute details to be examined in the original authorities which alone can generally impart interest to them and dispensing for the most part with the disquisitions on manners and institutions which if carried out to any profitable extent would grievously encumber these slender pages About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
