Death at a Distance Michael Sturma, 2013-07-31 Only seven U S submariners earned the Medal of Honor in World War II Sam Dealey the USS Harder's commander was one of them His honor was awarded posthumously after the entire crew was lost off Bataan during a depth charge attack in August 1944 by a Japanese convoy The Harder's fighting

spirit is legendary and its record of sinking a total of eighteen enemy ships with a tonnage in excess of 55 000 made Dealey one of the top five submarine skippers in the war During a single patrol his crew sank five enemy destroyers in five short range torpedo attacks an unprecedented feat In addition the Harder played important roles in rescue missions extracting secret operatives deep in enemy territory and saving downed pilots Drawing on previously untapped sources Michael Sturma an Australian teaching at Murdoch University details several daring missions one that involved the heroic Australian commando Bill Jenkins and puts the Harder s action in the context of the overall Pacific campaign In do so the author adds not only significant information to the Harder s story but also provides a fresh perspective on the submarine war The USS Flier Michael Sturma,2008-02-15 The fate of the USS Flier is one of the most astonishing stories of the Second World War On August 13 1944 the submarine struck a mine and sank to the bottom of the Sulu Sea in less than one minute leaving only fourteen of its crew of eighty six hands alive After enduring eighteen hours in the water eight remaining survivors swam to a remote island controlled by the Japanese Deep behind enemy lines and without food or drinking water the crewmen realized that their struggle for survival had just begun On its first war patrol the unlucky Flier made it from Pearl Harbor to Midway where it ran aground on a reef After extensive repairs and a formal military inquiry the Flier set out once again this time completing a distinguished patrol from Pearl Harbor to Fremantle Western Australia Though the Flier s next mission would be its final one that mission is important for several reasons the story of the Flier s sinking illuminates the nature of World War II underwater warfare and naval protocol and demonstrates the high degree of cooperation that existed among submariners coast watchers and guerrillas in the Philippines The eight sailors who survived the disaster became the first Americans of the Pacific war to escape from a sunken submarine and return safely to the United States Their story of persistence and survival has all the elements of a classic World War II tale sudden disaster physical deprivation a ruthless enemy and a dramatic escape from behind enemy lines In *The USS Flier Death and Survival on a World War II Submarine* noted historian Michael Sturma vividly recounts a harrowing story of brave men who lived to return to the service of their country *The Edge of Terror* Scott Walker,2009-10-13 Scott Walker s *The Edge of Terror* offers a gripping account of courage death and survival in the war torn islands of the Philippines As Japanese military strategists planned their secret offensive against the United States in 1941 they designed a simultaneous two pronged attack to wipe out American military might in the Pacific While American battleships blew up and sank in Pearl Harbor Japanese bombers approached the Philippines soon destroying both American air and naval forces and leaving General Douglas MacArthur s ground forces in disarray As the shipping piers in Manila harbor burned nearly six thousand American civilians were suddenly trapped in the islands for the duration of the war There would be no more ocean liners or Pan Am Clippers to transport them to safety These unfortunate individuals and families became the largest body of American citizens ever captured by an enemy army Soon most of these hapless civilians realized that they had little option but to surrender to the invading Japanese and be placed in

squalid internment camps However on the small island of Panay a group of American missionaries and gold miners bound their fates together and withdrew into hiding in the jungle Some joined with the Filipino guerrilla forces actively resisting the Japanese Others quietly continued their humanitarian tasks amidst the horrors of war But all of them experienced living hell together For the first time in more than fifty years the little known story is told of these brave American civilians on Panay Drawing on diaries memoirs family interviews and military archives Scott Walker describes daily life during the occupation and the danger these Americans faced in their efforts to serve both God and country Both a story of profound tragedy and miraculous escape *The Edge of Terror* is one of the most intense and dramatic accounts to emerge from World War II

Cushing's Coup Dirk Jan Barreveld, 2015-07-19 The little known story of one of the most important intelligence triumphs of World War II and a record of the heroism of a forgotten man Naval Historical Foundation This is the story of the capture of Japan's Plan Z the Empire's fully detailed strategy for prosecuting the last stages of the Pacific War It is a story of happenstance mayhem and intrigue that resulted directly in the spectacular US victory in the Philippine Sea and MacArthur's early return to Manila doubtless shortening WWII by months One night in April 1944 Adm Koga commander in chief of Japanese forces in the Pacific took off in a seaplane to establish new headquarters For security reasons he had his chief of staff Rear Adm Fukudome fly separately But both aircraft ran into a typhoon and were knocked out of the skies Koga did not survive Fukudome's plane crash landed into the sea off Cebu the Philippines and both the admiral and the precious war plans floated ashore Lt Col James M Cushing was an American mining engineer who happened to be in Cebu when war broke out in the Pacific He soon took charge of the local guerrillas and became a legendary leader But his most spectacular exploit came when he captured Fukudome and Plan Z The result was a ferocious cat and mouse game between Cushing's guerrillas and the Japanese occupation forces While Cushing desperately sent messages to MacArthur to say what he'd found the Japanese scoured the countryside killing hundreds of civilians in an attempt to retrieve it Cushing finally traded the admiral for a cessation of civilian deaths but secretly retained the Japanese war plans Naturally both Tokyo and Washington tried to cover up what was happening neither wanted the other to know what they'd lost or what they'd found Now in this book we finally learn of the intelligence coup by Lt Col Cushing that helped shorten the war Every once in a while there is a book about a forgotten or neglected aspect of World War II history that makes a reader wonder why this story has not been turned into a movie Cushing's Coup is one of those books Naval Historical Foundation

The Leper Spy Ben Montgomery, 2016-10-01 The GIs called her Joey Hundreds owed their lives to the tiny Filipina woman who was one of the top spies for the Allies during World War II stashing explosives tracking Japanese troop movements and smuggling maps of fortifications across enemy lines for Gen Douglas MacArthur As the Battle of Manila raged young Josefina Guerrero walked

through gunfire to bandage wounds and close the eyes of the dead Her valor earned her the Medal of Freedom but the thing that made her an effective spy was a disease that was destroying her Guerrero suffered from leprosy which so horrified the Japanese they refused to search her After the war army chaplains found her in a nightmarish leper colony and campaigned for the US government to do something it had never done welcome a foreigner with leprosy The fight brought her celebrity which she used on radio and television to speak for other sufferers However the notoriety haunted her after the disease was arrested and she had to find a way to disappear

Fremantle's Submarines Michael Sturma,2015-09-15 From unpromising beginnings in March 1942 the Allied submarine base at Fremantle on the west coast of Australia became a vital part of the Allied offensive against Japan Pushed back from the Philippines and the Netherlands East Indies American submariners accompanied by a small group of Dutch forces retreated to Fremantle as a last resort The location was chosen for its good harbor and the fact that it was outside the range of land based Japanese aircraft Unfortunately the base was also far from their patrol areas and supply lines and it was difficult to reinforce should the enemy attack Thanks largely to a welcoming civilian population morale quickly improved The hospitality and sense of belonging fostered by Western Australians became legendary among Allied submariners and remains central to their wartime memories Perhaps as a result of such a positive experience the Allied forces became much more successful in combat Intertwining social and military history Fremantle s Submarines relates how courage cooperation and community made Fremantle arguably the most successful military outpost of World War II from the standpoint of troop morale
