Resisters, Rescuers, and Refugees John J. Michalczyk,1997-09 Fifty years after World War II critical issues of this international conflict still haunt our society today in business war crimes trials and international relations This text focuses on the historical issues of Christian rescue of Jews resistance to Nazi oppression and the plight of the refugee in light of current problems facing us The essays in this book from nationally and internationally known scholars reveal that the Holocaust was not only a Jewish tragedy but an epic human tragedy as well one that has indelibly scarred the collective soul of twentieth century society As these scholars and witnesses provide insights into the historical context of World War II and the Holocaust they also assist us in regulating the future behavior of ourselves our country and our world

A Conspiracy Of Decency Emmy E Werner,2009-04-20 The people of Denmark managed to save almost their country s entire Jewish population from extinction in a spontaneous act of humanity one of the most compelling stories of moral courage in the history of World War II Drawing on many personal accounts Emmy Werner tells the story of the rescue of the Danish Jews from the vantage point of living eyewitnesses the last survivors of an extraordinary conspiracy of decency that triumphed in the midst of the horrors of the Holocaust *A Conspiracy of Decency* chronicles the acts of people of good will from several nationalities Among them were the German Georg F Duckwitz who warned the Jews of their impending deportation the Danes who hid them and ferried them across the Oresund and the Swedes who gave them asylum Regardless of their social class education and religious and political persuasion the rescuers all shared one important characteristic they defined their humanity by their ability to act with great compassion These people never considered themselves heroes they simply felt that

they were doing the right thing *A Hero of Our Own: The Story of Varian Fry* Sheila Isenberg, 2019-08-08 Varian Fry was the American Schindler He even had a list He arrived in Vichy controlled Marseille on Aug 15 1940 with 3 000 taped to his leg and a charge from the organization he worked for the Emergency Rescue Committee to help save some 200 endangered refugees mainly artists writers and intellectuals from the Nazis He expected to stay a month but quickly realized that the job was much larger and more complicated than he or his sponsors had imagined He stayed for 13 months until he was thrown out of the country and assisted approximately 2 000 people among them an all star lineup that included Hannah Arendt Marc Chagall Max Ernst Andr Breton Arthur Koestler Alma Mahler Werfel and Max Ophuls *A Hero of Our Own* helps rescue Fry from obscurity And with its stories of desperate exiles menacing Nazis forged documents and midnight escapes through the mountains it reads at times like the script for some old Hollywood movie Think Warner Brothers in the 1940 s Think Casablanca even down to the transit visas for Portugal All that s missing is Peter Lorre Throughout his months in France no issue haunted Fry more than the question of selection Human needs seemed limitless resources were not He could not help everyone Word quickly spread through the refugee community that an American had arrived who could offer hope and within weeks Fry was receiving 25 letters a day a dozen telephone calls an hour He and his staff conducted between 100 and 120 interviews each day Altogether around 15 000 refugees about half the total number residing in Vichy France got in touch with Fry and in effect it was up to him to determine who among them would live and who would die Impossible choices spies and counterspies the ominous knock on the door it was all heady stuff and after Fry was forced to return to the United States in late 1941 he like so many who peak early went into decline Nothing could ever match his glory days in France The experiences of 10 15 and even 20 years have been pressed into one he wrote Sometimes I feel as if I had lived my whole life Fry drifted from job to job from journalism to magazine editing to film production to corporate writing to high school and college teaching Barry Gewen *The New York Times* The story of Varian Fry is important on many levels historical and personal Skillfully evoking a crucial moment in recent history Sheila Isenberg tells the compelling and dramatic story of how an ordinary person thrust into a situation of extreme danger did extraordinary things for one year in wartime France then drifted almost lost through the rest of his own life It is also a story of institutionalized bureaucratic stupidity that must never be forgotten so that it is never repeated Richard Holbrooke U S diplomat The only American to be honored at Yad Vashem Israel s Holocaust Memorial Fry saved the lives of thousands of refugees from the Nazis Isenberg delivers a moving workmanlike account of Fry s heroics She ably renders prewar and war time public ignorance and apathy in America and the extraordinary heroism of the sole volunteer for a dangerous rescue mission Publishers Weekly see also this Publishers Weekly interview with Sheila Isenberg One of the BEST BOOKS of 2001 Fry comes across as a genuine saint this little book is a life of a saint equal to any medieval tome *St Louis Post Dispatch* *A Hero of Our Own* is significant for its implicit investigation into the combination of heroism pure goodness and personal need that made Fry undertake the rescue of

strangers at considerable personal risk and with no promise of reward It also provides an unpleasant reminder that nations and their bureaucrats have both private concerns and a tremendous tropism toward indifference David Margolis The Jerusalem Report Using Fry s own words and the testimony of refugees and compatriots Isenberg skillfully evokes the tense atmosphere of wartime Marseille where a hoard of desperate refugees found precarious asylum She describes the extreme measures Fry took to save as many endangered souls as he could far more than the 200 intellectuals scientists writers and artists he had been sent to aid gathering others to help him arrange escapes from internment camps forge documents bribe officials and spirit refugees across the border into Spain Skirting danger and side stepping the law Fry and his group ultimately provided financial or travel assistance to approximately 4 000 refugees and enabled almost half of them to escape all on limited resources and with little or no assistance from the United States consulate in Marseille United States Holocaust Memorial Museum Featured Book This highly readable biography tells the exciting escape stories of the underground railroad Fry organized to lead refugees from southern France across the Pyrenees to freedom Isenberg sets the rescue stories against the background of American isolationism and anti-Semitism at the time documenting her dramatic narrative with more than 70 pages of fascinating notes including references to letters interviews personal papers and government reports The drama here is in the thrill of rescue the realistic portrait of a complex leader and the decidedly nonheroic truths about WWII at home Hazel Rochman Booklist Now that America has been shocked into a new appreciation of heroism the story of the late Varian Fry is especially timely Sheila Isenberg devotes most of the book to the specifics of Fry s action packed months in Marseilles when he ferried numerous Jews Marc Chagall Max Ernst Andre Breton and Hannah Arendt to name a few out of occupied France Isenberg builds a convincing case against America s refugee policy and recognizes that the State Department s resistance to Fry s efforts was often a matter of plain old anti-Semitism Jonathan Mahler Washington Post Sheila Isenberg has written a masterful biography of this most enigmatic man She pulls no punches in exhibiting his flaws but shows no restraint in praising his virtues Fry s life is truly unique and compelling and Isenberg tells it with considerable compassion The book is well worth the attention of anyone interested in reading about a most unlikely 20th century hero The Roanoke Times A Hero of Our Own comes at a time when we need to remind ourselves of the high price of sticking one s neck out for others Isenberg s work is a painstakingly documented book that presents human nature at its best and worst In this dark work she portrays Fry as a flawed but dedicated idealist The Free Lance Star Fredericksburg VA You ll want to read Sheila Isenberg s riveting biography of Varian Fry It is the flashback to Fry s early life that gave this reader the clearest insight not only into the man but into the times he lived in He was a man who chafed at the world a rebel against authority and a hero abroad He died in 1967 an ordinary person who had done extraordinary things just once in his life Taconic Times **Rescuers Speaking** Wilfred Harrison,1997 Pp 1 19 contain an introduction by Harrison to the play a documentary about Holocaust rescuers first performed in London in July 1988 The play is based on research on the altruistic

motivations and characters of rescuers as elucidated by Samuel p and Pearl M Oliner The stories or accounts of rescuers and partly of rescuees are taken directly from their responses to the questionnaire distributed by the Oliners Describes the background the writing and the presentation of the play *Learning Leadership in a Changing World* M. McCloskey,2014-12-10 Learning Leadership in a Changing World provides direction and support in the form of the 4R Model of Leadership a theoretically sound conceptually straightforward and educationally powerful framework *Women and Judaism* Malka Drucker,2009-04-30 Contributors to Women and Judaism describe the many ways in which women are claiming a place in and changing the face of this ancient religion Women and Judaism the editor writes carries an intention to do more than bring the reader new ideas to ponder For Jewish women it s a charge to claim and re claim their rightful place in their tradition For non Jewish sisters we hope that it encourages you to bring change in your traditions as you learn of our effort to be counted as full members of an ancient spiritual community In this all encompassing exploration of Judaism for the modern woman readers attend the first the Bat Mitzvah 70 years ago hear an imagined response of biblical mothers asked to give up their children and learn how each holiday contains an ecological message Readers explore the power of women within a patriarchal tradition including the story of the first woman rabbi Readers see demonstrations of how women keep body mind and spirit alive read a new view of biblical women as heroic role models and enter the memory of women Holocaust survivors Some contributors write about sexuality power and vulnerability while others present the newest women s rituals including Rosh Hodesh and mikveh **Six Myths about the Good Life** Joel J. Kupperman,2006-03-15 Six Myths about the Good Life focuses on the values that are worth aiming for in our lives a topic central to what has been called Philosophy of Life We all have ideas about the good life We think that pleasure makes life better We want to be happy We think that achievements make a difference There is something to all these ideas but if taken simply and generally they all miss out on something Six Myths about the Good Life explores what they miss and in the process gives a sense of what a good life can be **Looking Backward, Moving Forward** Richard G. Hovannisian,2017-07-05 The decades separating our new century from the Armenian Genocide the prototype of modern day nation killings have fundamentally changed the political composition of the region Virtually no Armenians remain on their historic territories in what is today eastern Turkey The Armenian people have been scattered about the world And a small independent republic has come to replace the Armenian Soviet Socialist Republic which was all that was left of the homeland as the result of Turkish invasion and Bolshevik collusion in 1920 One element has remained constant Notwithstanding the eloquent compelling evidence housed in the United States National Archives and repositories around the world successive Turkish governments have denied that the predecessor Young Turk regime committed genocide and like the Nazis who followed their example sought aggressively to deflect blame by accusing the victims themselves This volume argues that the time has come for Turkey to reassess the propriety of its approach and to begin the process that will allow it move into a post genocide era The work includes

Genocide An Agenda for Action Gijss M de Vries Determinants of the Armenian Genocide Donald Bloxham Looking Backward and Forward Joyce Apsel The United States Response to the Armenian Genocide Simon Payaslian The League of Nations and the Reclamation of Armenian Genocide Survivors Vahram L Shemmassian Raphael Lemkin and the Armenian Genocide Steven L Jacobs Reconstructing Turkish Historiography of the Armenian Massacres and Deaths of 1915 Fatma Muge Gocek Bitter Sweet Memories The Armenian Genocide and International Law Joe Verhoeven New Directions in Literary Response to the Armenian Genocide Rubina Perroomian Denial and Free Speech Henry C Theriault Healing and Reconciliation Ervin Staub State and Nation Raffi K Hovannisian **Reconstituting Social Criticism** Shane O'Neill, Iain MacKenzie, 1999-07-17 In the context of a new global order where the logic of the market reigns virtually unopposed there is a clear need for original thinking that might reinvigorate a progressive political project This collection of essays brings together the work of a number of leading scholars who are concerned to construct a convincing basis for incisive criticism today These contributors represent the most vibrant and influential of contemporary critical perspectives egalitarian liberalism socialism poststructuralism psychoanalysis hermeneutics and critical theory **Women Heroes of World War II** Kathryn J. Atwood, 2011 Twenty six stories of women heroes from World War II **Self and Deception** Roger T. Ames, Wimal Dissanayake, 1996-07-03 This volume contains essays by a range of distinguished philosophers on the problem of self deception or rather self and deception The work proceeds from the assumption that changing constructions of self within Western cultures and alternative notions of self in other cultures requires that we rethink traditional strategies for explaining the phenomenon of self deception The concept of self is central to any sustained inquiry into self deception the pertinent issue being what sort of self is victim or beneficiary of self deception Several of the authors here base their thinking on the model of other deception and include discussion of the notions of double selves multiple selves and subsystems of the self to address this troubling problem Other authors argue that other deception is not an adequate or reliable model to guide our thinking on this issue The psychological and moral dimensions of self deception generate a rich discussion as do its epistemic implications The concept of emotionality also receives sustained attention **Hitler's war in the East, 1941-1945** Rolf-Dieter Müller, 2009 **Where is Queer?** John Fraser, Joe E Heimlich, 2016-06-16 This is Volume 3 Number 1 Spring 2008 edition of Museums and Special Issues reflective discourse journal The complexity and the power associated with language is evident in the many disciplines books courses and talk shows that focus on the disparate ways we use and interpret words This edition looks at What is Queer and attempts to reframe the conversation giving a chance to renegotiate how we talk about gender sexuality and identity as separate and vital concepts *Index to Jewish Periodicals*, 1994 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests **An Archive of the Catastrophe** Jennifer Cazenave, 2019-01-01 Comprehensive analysis of 220 hours of outtakes that impels us to reexamine our assumptions about a crucial Holocaust documentary Claude Lanzmann's 1985 magnum opus Shoah is a

canonical documentary on the Holocaust and in film history Over the course of twelve years Lanzmann gathered 230 hours of location filming and interviews with survivors witnesses and perpetrators which he condensed into a 9 hour film The unused footage was scattered and inaccessible for years before it was restored and digitized by the United States Holocaust Memorial Museum In *An Archive of the Catastrophe* Jennifer Cazenave presents the first comprehensive study of this collection She argues that the outtakes pose a major challenge to the representational and theoretical paradigms produced by the documentary while offering new meanings of Shoah and of Holocaust testimony writ large They lend fresh insight into issues raised by the film including questions of resistance rescue refugees and above all gender Lanzmann's twenty hours of interviews with women make up a mere ten minutes of the finished documentary As a rare instance of outtakes preserved during the predigital era of cinema this unused footage challenges us to establish a new critical framework for understanding how documentaries are constructed and reshapes the way we view this key Holocaust film Cazenave's immense work of scholarship and reflection offers an intimate and exacting account of the way Lanzmann's approach to the project shifted and changed over the years of its creation Never before has there been a more insightful study of the evolution of his thinking I believe that any scholar who has worked on this film will agree Stuart Liebman editor of *Claude Lanzmann's Shoah Key Essays* This monumental book will profoundly change our understanding of Shoah and Lanzmann's highly influential shaping of the Holocaust narrative Cazenave reveals that the significance of Shoah is not only found in what is in it but perhaps more importantly what was omitted from it Aaron Kerner author of *Film and the Holocaust New Perspectives on Dramas Documentaries and Experimental Films* *The American Bibliography of Slavic and East European Studies* Patt Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology **The Geometry of Genocide** Bradley Campbell, 2015-10-29 In *The Geometry of Genocide* Bradley Campbell argues that genocide is best understood not as deviant behavior but as social control a response to perceived deviant behavior on the part of victims Using Donald Black's method of pure sociology Campbell considers genocide in relation to three features of social life diversity inequality and intimacy According to this theory genocidal conflicts begin with changes in diversity and inequality such as when two previously separated ethnic groups come into contact or when a subordinate ethnic group attempts to rise in status Further conflicts are more likely to result in genocide when they occur in a context of social distance and inequality and when aggressors and victims cannot be easily separated Campbell applies his approach to five cases the killings of American Indians in 1850s California Muslims in 2002 India and 1992 Bosnia Tutsis in 1994 Rwanda and Jews in 1940s Europe These case studies which focus in detail on particular incidents within each instance of genocide demonstrate the theory's ability to explain an array of factors including why genocide occurs and who participates Campbell's theory uniquely connects the study of genocide to the

larger study of conflict and social control By situating genocide among these broader phenomena *The Geometry of Genocide* provides a novel and compelling explanation of genocide while furthering our understanding of why humans have conflicts and why they respond to conflict as they do
