Research In Social Movements Conflicts And Change A Research Annual Volume 11:

Social Movements Anthony Oberschall, 2017-10-23 More than any other topic in social science the study of social movements provides an opportunity to combine social theory with political action Such study is a key to understanding the motivations successes and failures of thousands who aspire to high ideals of justice but who sometimes aid in perpetuating inhumane political acts and systems Building upon the past twenty years developments in theory and research Social Movements combines original theoretical and methodological approaches with penetrating analyses of contemporary movements from the sixties to the present Anthony Oberschall argues that social movements are central to contemporary politics in both Western and Third World nations They are not quaint stepchildren to public policy and social change that disappear as nations modernize Collective action by the citizenry spilling beyond the boundaries of routine politics is an integral part of the process of creative destruction that Joseph Schumpeter ascribed to modern capitalism and all dynamic modern societies Among the subjects that Oberschall examines in Social Movements are the Civil Rights movement decline of the New Left the feminist movement the New Christian Right the tobacco control movement collective violence in U S industrial relations and some comparative historical movements including the Cultural Revolution in China the abortive 1968 revolution in Czechoslovakia political strife in postcolonial Africa and the sixteenth century European witch craze In looking beyond the immediate political circumstances of these social movements Oberschall points the way to achieving the next major task of social movement theory a more satisfactory understanding of the dynamics and course of social movements and counter movements and a method of accounting for the outcomes of public controversies Free of jargon and technical terminology Social Movements is written for sociologists political scientists historians professionals dea **Research in Social Movements, Conflicts and Change** Patrick G. Coy, 2008-06-16 Presents a series of papers focused on the complex dynamics of coalitions and the interorganizational relations within social movements This volume includes a section which focuses on strategic decision making in social movements including with regard to strategic alliances **Methods of Social Movement Research** Bert Klandermans, Suzanne Staggenborg, 2002 Citing the critical importance of empirical work to social movement research the editors of this volume have put together the first systematic overview of the major methods used by social movement theorists Original chapters cover the range of techniques surveys formal models discourse analysis in depth interviews participant observation case studies network analysis historical methods protest event analysis macro organizational analysis and comparative politics Each chapter includes a methodological discussion examples of studies employing the method an examination of its strengths and weaknesses and practical guidelines for its application **South Korean Democracy** Georgy Katsiaficas, Na Kahn-chae, 2013-06-20 This new book offers a retrospective appraisal of the Gwangju Uprising by academics activists and artists from Gwangju Korea It analyzes the events of the Gwangju uprising and traces the birth of South Korean democracy in Gwangju s stubborn refusal to accept life without freedom **Social**

Conflicts and Collective Identities Patrick G. Coy, Lynne M. Woehrle, 2000 Despite the ubiquity of conflict gaps remain in our knowledge of what influences its escalation and resolution How collective identity formation impacts social conflicts is taken up in this text ranging from church and community disputes to international trade disputes and wars The Politics, Practices, and Possibilities of Migrant Children Schools in Contemporary China Min Yu, 2016-08-20 Winner of the AERA Division B Outstanding Book Recognition Award This book examines the dynamics surrounding the education of children in the unofficial schools in China's urban migrant communities This ethnographic study focuses on both the complex structural factors impacting the education of children attending unofficial migrant children schools and the personal experiences of individuals working within these communities As the book illustrates in careful detail the migrant children schools serve a critical function in the community by serving as a hub for organized collective action around shared grievances related to issues of education employment wellbeing and other social rights In turn the development of a collective identity among teachers students parents and other members in the migrant communities makes it possible for activists to begin to working to address multiple forms of discrimination and maltreatment while simultaneously moving towards the possibility of more profound social transformation *The Strong State and Curriculum Reform* Leonel Lim, Michael W. Apple, 2016-04-20 As Asian education systems increasingly take on a stronger presence on the global educational landscape of special interest is an understanding of the ways in which many of these states direct their schools towards higher achievement What is missing however are accounts that take seriously the particular construction of the strong developmental state witnessed across many Asian societies and that seek to understand the politics and possibilities of curriculum change vis a vis precisely the dominance of such a state By engaging in analyses based on some of the best current social and cultural theories and by illuminating the interactions among various state and non state pedagogic agents the chapters in this volume account for the complex post colonial historical and cultural consciousnesses that many Asian states and societies experience At a time when much of the educational politics in Asia remains in a state of transition and as many of these states seek out through the curriculum new forms of social control and novel bases of political legitimacy such a volume offers enduring insights into the real if not also always relative autonomy that schools and communities maintain in countering the hegemonic presence of strong states **New Critical Writings in Political Sociology** Alan Scott, 2024-11-01 The articles collected together in this volume are concerned with why and how people get involved in politics whether through formal mechanisms such as voting through some of the more informal means and settings of social movement networks and political protest or through engagement in public debate But just as important is the question of why people do not get involved in politics What social conditions ideas and values facilitate or discourage political activity How is it that some people are systematically disempowered in democratic societies in comparison with others What social forms offer the most promise for extending and deepening democracy This volume brings together the most seminal papers which together form a record of how political

sociologists since the 1970s have framed questions about the range and limits of democratic political engagement and developed concepts and methodologies in order to research the answers to those questions
