Research On Russia And Eastern Europe Women In Postcommunism:

Living Gender after Communism Janet Elise Johnson, Jean C. Robinson, 2006-12-12 How has the collapse of communism across Europe and Eurasia changed gender In addition to acknowledging the huge costs that fell heavily on women *Living Gender after Communism* suggests that moving away from communism in Europe and Eurasia has provided an opportunity for gender to multiply from varieties of neo traditionalism to feminisms from overt negotiation of femininity to denials of gender This development in turn has enabled some women in the region to construct their own gendered identities for their own political economic or social purposes Beginning with an understanding of gender as both a society wide institution that regulates people s lives and a cultural toolkit which individuals and groups may use to subvert or transvalue the sex gender system the contributors to this volume provide detailed case studies from Belarus Bosnia the Czech Republic Poland Romania Russia and Ukraine This collaboration between young scholars most from postcommunist states and experts in the fields of gender studies and postcommunism combines intimate knowledge of the area with sophisticated gender analysis to examine just how much gender realities have shifted in the region Contributors are Anna Brzozowska Karen Dawisha Nanette Funk Ewa Grigar Azra Hromadzic Janet Elise Johnson Anne Marie Kramer Tania Rands Lyon Jean C Robinson Iulia Shevchenko Svitlana Taraban and Shannon Woodcock *New Women's Writing in Russia, Central and Eastern Europe* Rosalind Marsh, 2020-12-07 Since the late 1980s there has been an explosion of women s writing in Russia Central and Eastern Europe greater than in any other cultural period This book which contains contributions by scholars and writers from many different countries aims to address the gap in literature and debate that exists in relation to this subject We investigate why women s writing has become so prominent in post socialist countries and enquire whether writers regard their gender as a burden or on the contrary as empowering We explore the relationship in contemporary women s writing between gender class and nationality as well as issues of ethnicity and post colonialism [Women's Access to Political Power in Post-Communist Europe](#) Richard E. Matland, Kathleen A. Montgomery, 2003-05-01 This book considers women s access to formal positions of powers in the newly formed democracies of post communist Europe While acknowledging the relevance of recent history this book takes an important step away from the communist legacy and explicitly argues for a framework based on causal variables identified in the existing literatures from industrialized democracies on women and politics and legislative recruitment After a brief introduction the second chapter sets forth a general theoretical framework which posits that the level of female legislative representation in a given country is a function of the relative supply of and demand for female candidates After a chapter considering a broad overview of public opinion on women and politics in Eastern Europe thirteen country chapters spanning the spectrum of Eastern European democracies address and test hypotheses about the key variables affecting the supply and demand sides of the equation in individual countries Relevant aspects of the communist cultural and developmental legacy are addressed but authors give particular attention to political

factors such as electoral rules and the characteristics of the emerging party systems that vary within the Eastern European countries The new democracies of Eastern Europe provide a novel context in which to test and extend our theories about the consequences of political institutions for the quality of democracy Since institutional arrangements are more malleable than developmental or cultural characteristics those variables also offer the greatest promise to scholars and practitioners wondering what can be done to improve women's access to formal arenas of political power How can we build democracies that are stable lasting and representative A careful analysis of the post communist context can help us to address issues concerning institutional design and development that has relevance well beyond the Eastern European context Women and Gender in Central and Eastern Europe, Russia, and Eurasia Mary Zirin,Irina Livezeanu,Christine D. Worobec,June Pachuta Farris,2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes

Women in the Politics of Postcommunist Eastern Europe Marilyn Rueschemeyer,2016-09-16 During the Communist period in most of these countries even women with small children typically worked outside the home and their participation in formal institutions was virtually mandatory Today as they are being disproportionately affected by marketization downsizing the dramatic erosion of social services and as their sons are being drafted to participate in an unending series of border wars have women found a new political voice *Sexuality and Gender in Postcommunist Eastern Europe and Russia* Edmond J Coleman,Theo Sandfort,2014-05-22 Important new findings on sex and gender in the former Soviet Bloc *Sexuality and Gender in Postcommunist Eastern Europe and Russia* is a groundbreaking look at the new sexual reality in Central Eastern and Southeast Europe after the fall of communism The book presents the kind of candid discussion of sexual identities sexual politics and gender arrangements that was often censored and rarely discussed openly before the breakup of the Soviet Union in 1987 Authors from a variety of disciplines examine how the changes caused by rapid economic and social transformation have affected human sexuality and if those changes can generate the social tolerance necessary to produce a well rooted democracy The first theoretical and empirical body of work to sexuality in post transitional countries *Sexuality and Gender in Postcommunist Eastern Europe and Russia* examines the effects of the profound social transformation taking place in the former Soviet Union Through an interdisciplinary perspective the book addresses vital issues of this

transformation including gender relations gender roles and sex norms in transition sexual representations in the media patterns of adult sexual behavior gay and lesbian issues sex trafficking health risks and sex education The book also presents a critical examination of whether the fall of communism has in fact induced changes in sexuality and gender relations Sexuality and Gender in Postcommunist Eastern Europe and Russia examines the changes in sex and gender in countries in transition including the negative consequences of Serbia's state directed non development during the 1990s the causes and consequences of trafficking in women from the Russian Federation the ongoing debate over human rights for sexual minorities in Romania the effects of two Yugoslavian films released in the 1990s that feature transgender characters sexualities in transition in Croatia problems created by changes in sexual behavior among urban Russian adolescents the social and legal state of lesbians in Slovenia Sexuality and Gender in Postcommunist Eastern Europe and Russia fills in the gap in the current knowledge and understanding of the effects of the profound social changes taking place in Central Eastern and Southeast Europe The book is an essential read for academics and researchers working in gender studies political science and gay and lesbian studies Handy tables and figures make the information easy to access and understand

Postcommunist Welfare States Linda J. Cook, 2013-07-02 In the early 1990s the countries of the former Soviet Bloc faced an urgent need to reform the systems by which they delivered broad basic social welfare to their citizens. Inherited systems were inefficient and financially unsustainable. Linda J. Cook here explores the politics and policy of social welfare from 1990 to 2004 in the Russian Federation, Poland, Hungary, Belarus, and Kazakhstan. Most of these countries, she shows, tried to institute reforms based on a liberal paradigm of reduced entitlements and subsidies, means testing, and privatization. But these proposals provoked opposition from pro-welfare interests, and the politics of negotiating change varied substantially from one political arena to another. In Russia, for example, liberalizing reform was blocked for a decade. Only as Vladimir Putin rose to power did the country change its inherited welfare system. Cook finds that the impact of economic pressures on welfare was strongly mediated by domestic political factors, including the level of democratization and balance of pro and anti-reform political forces. Postcommunist welfare politics throughout Russia and Eastern Europe, she shows, are marked by the large role played by bureaucratic welfare stakeholders who were left over from the communist period and, in weak states, by the development of informal processes in social sectors.
