Destitution in Wollo, Ethiopia Stephen Devereux, Kay Sharp, Yared Amare, 2003 Conceptualising Destitution Stephen Devereux, 2003 **Strategies for Sustainable Land Management in the East African Highlands** J. Pender, Dr. Frank Place, Simeon Ehui, 2006 Deforestation overgrazing and unsustainable methods of cultivation are threatening agriculture and food security in the highlands of East Africa In response economists and other development professionals have turned their attention to combating the problem

The New Famines Stephen Devereux, 2006-11-22 The recent occurrences of famine in Ethiopia and Southern Africa have propelled this key issue back into the public arena for the first time since 1984 as once again it becomes a priority not only for lesser developed countries but also for the international community Exploring the paradox that is the persistence of famine in the contemporary world this book looks at the way the nature of famine is changing in the face of globalization and shifting geo political forces The book challenges perceived wisdom about the causes of famine and analyzes the worst cases of recent years including close analysis of food scarcity in North Korea Ethiopia Sudan and Malawi and less well known cases in Madagascar Iraq and Bosnia With fresh conceptual frameworks and analytical tools major theoretical constructs which have previously been applied to analyze famines such as the democracy ends famine argument Sen's entitlement approach and the complex political emergency framework are confronted This volume assembles an international team of contributors including Marcus Noland Alex de Waal and Dan Maxwell an impressive roster which helps make this book an important resource for those in the fields of development studies and political economics

Vulnerable Livelihoods in Somali Region, Ethiopia Stephen Devereux, 2006 Presents an investigation into the causes and consequences of livelihood vulnerability in Somali Region Ethiopia People in this region pastoralists agro pastoralists farmers and traders have suffered a series of livelihood shocks in recent years some natural droughts livestock disease others political a crackdown on contraband trade bans by Gulf states on livestock imports violent conflict between sub clans or between Ogaden National Liberation Front ONLF militia and the state As a result of these multiple shocks and because rainfall in the Horn of Africa has been low in recent years questions are being asked about the sustainability of pastoralism as a livelihood system not only in Somali Region but throughout the Greater Horn of Africa

Land Registration and Women's Land Rights in Amhara Region, Ethiopia Askale Teklu, 2005 Chronic Poverty A. Shepherd, J. Brunt, 2013-05-30 Based on a decade of research by the Chronic Poverty Research Centre this volume includes material on inter generational transmission the importance of assets and vulnerability and conflict and new thinking about the close relationship between social exclusion and adverse incorporation *Working Paper*, 2003 La chute d'un Eden éthiopien Sabine Planel, 2008 Malgré les richesses le surpeuplement rural et la paupérisation la petite région du Wolaita au sud de l'Éthiopie avec ses paysages verdoyants chappe difficilement son image dévalorisée par les voyageurs du XIXe siècle Ancien grenier de l'empire éthiopien montagne paysanne aménagée selon un remarquable savoir faire le Wolaita connaît

pourtant un inexorable déclin. Loin des clichés et grâce à une analyse régionale soignée, il intègre les dynamiques économiques et politiques. L'auteur restitue sur plus d'un siècle la lente transformation de ce petit pays. Depuis l'époque du conquérant Menelik II jusqu'à la période socialiste en passant par le règne du Négus, elle retrace l'histoire du peuple d'agriculteurs-jardiniers du Wolaita contraint de s'adapter au jeu des politiques successives. Entre l'intégration dans l'Éthiopie moderne et les spécificités régionales, entre l'ouverture économique et les sursauts identitaires, l'auteur montre comment se laboure la construction territoriale actuelle jusque dans ses espaces les plus reculés. Dans cette marche vers la modernité, la chute de l'empereur éthiopien ne préfigure-t-elle pas l'avènement d'une Éthiopie nouvelle ? L'ouvrage s'adresse tant aux géographes qu'aux économistes mais également aux historiens et agronomes, ainsi qu'à tout lecteur concerné par les questions de développement.

Monitoring and Predicting Agricultural Drought Vijendra K. Boken, Arthur P. Cracknell, Ronald L. Heathcote, 2005-04-14. Agricultural droughts affect whole societies leading to higher food costs, threatened economies and even famine. In order to mitigate such effects, researchers must first be able to monitor them and then predict them; however, no book currently focuses on accurate monitoring or prediction of these devastating kinds of droughts. To fill this void, the editors of *Monitoring and Predicting Agricultural Drought* have assembled a team of expert contributors from all continents to make a global study describing biometeorological models and monitoring methods for agricultural droughts. These models and methods note the relationships between precipitation, soil moisture and crop yields using data gathered from conventional and remote sensing techniques. The coverage of the book includes probabilistic models and techniques used in America, Europe and the former USSR, Africa, Asia and Australia, and it concludes with coverage of climate change and resultant shifts in agricultural productivity, drought early warning systems and famine mitigation. This will be an essential collection for those who must advise governments or international organizations on the current scope, likelihood and impact of agricultural droughts. Sponsored by the World Meteorological Organization.

Some Aspects of Poverty in Ethiopia Dessalegn Rahmato, 2003.
