Library,1937

Occupational Information and Guidance Bibliography, 1937-38 Waldo Beale Cookingham,1941 **Service as Mandate** Alan I Marcus,2015-12-31 Completing a comprehensive history of America s land grant universities begun in Science as Service the thirteen original essays in Service as Mandate examine how these great institutions both changed and were changed by the late twentieth and early twenty first centuries **A Bibliography of Female Economic Thought up to 1940** Kirsten Madden,Michele Pujol,Janet Seiz,2004-03-01 Contributions to female economic thought have come from prolific scholars leading social reformers economic journalists and government officials along with many other women who contributed only one or two works to the field It is perhaps for this reason that a comprehensive bibliographic collection has failed to appear until now This innovative book brings together the most comprehensive collection to date of references to women s economic writing from the 1770s to 1940 It includes thousands of contributions from more than 1 700 women from the UK the US and many other countries This bibliography is an important reference work for systematic inquiry into questions of gender and the history of economic thought This volume is a valuable resource and will interest researchers on women s contributions to economic thought the sociology of economics and the lives of female social scientists and activist authors With a comprehensive editorial introduction it fills a long standing gap and will be greeted warmly by scholars of the history of economic thought and those involved in feminist economics **A Bibliography of Female Economic Thought to 1940** Kirsten Kara Madden,Janet A. Seiz,Michèle A. Pujol,2004 Contains references to over 10 000 articles books and pamphlets on economic issues written by more than 1 700 women published between 1770 and 1940 Introduction

Endangered Spaces, Enduring Places Janet M. Fitchen,2019-04-02 Rural America as a place and a way of life is undergoing major transformation The farm crisis and the decline of manufacturing dealt a double blow to the rural economy in the 1980s Rural communities continue to lose farms factories and young people Rural lands are increasingly being sought as places for vacation homes state prisons and waste dumps Rural people are ambivalent about new residents and activities that are coming in and unsure of their own rural identity Old assumptions about rural life and rural community are now open to question Based on years of field observations and hundreds of interviews in fifteen rural counties in upstate New York Fitchen s book explores these interconnected changes It describes the financial stress in dairy farming and the efforts

families made to hold onto their farms It records the stunned disbelief and difficult adjustment of rural factory workers and small communities as local plants shut down The author chronicles the struggles of communities plagued by toxic chemicals in their drinking water and of young families slipping farther into poverty She reports on some communities that are campaigning to win a state prison and others that are protesting against a proposed radioactive waste dump The book illustrates the persistence of rural ingenuity and determination but argues that these alone cannot solve the problems of rural America A well informed federal and state commitment is necessary With policies and programs appropriate for rural situations most communities could adapt creatively to the changes integrate around a new rural identity and survive into the twenty first century as enduring social settings for their residents
