Christian Ethics and Moral Values Albert D'Souza, 2005 [Introduction to the Bible](#) Christine Hayes, 2012-10-30 This book examines the small library of 24 books common to all Jewish and Christian Bibles books that preserve the efforts of diverse writers over a span of many centuries to make sense of their personal experiences and those of their people the ancient Israelites Professor Christine Hayes guides her readers through the complexities of this polyphonous literature that has served as a foundational pillar of Western civilization underscoring the variety and even disparities among the voices that speak in the biblical texts *The Originality of the Christian Message* Hugh Ross Mackintosh, 1920 [A History of World Societies, Combined Volume](#) John P. McKay, Bennett D. Hill, John Buckler, Patricia Buckley Ebrey, Roger B. Beck, Clare Haru Crowston, Merry E. Wiesner-Hanks, 2011-10-05 A History of World Societies introduces students to the global past through social history and the stories and voices of the people who lived it The book s regional and comparative approach helps students understand the connections of global history while providing a manageable organization With global connections and comparisons documents features and activities that teach historical analysis **The Classical Marxist Critiques of Religion: Marx, Engels, Lenin, Kautsky** D.B. McKown, 2012-12-06 In view of the enormous number of works on Marxism in general and in light of the many books and articles touching on the relationship of Marxism to religion in particular it may fairly be asked why yet another such work should be produced My reply is that in eliciting answers to the kinds of questions posed by the methodology I have used it was necessary to go to the primary sources almost exclusively This is not to bemoan a sad fate but to affirm that there are notable deficiencies in the secondary sources relevant to my topic By way of general indictment I contend that the major difficulty with existing studies of the Marxist critique of religion is that their authors whether expositors or critics have failed both to specify their own presuppositions concerning religion and to approach the subject with an adequate comprehension of its many dimensions Since in most cases the reader is equally unprepared anthropologically sociologically psychologically and historically for clear and informed thought in this vast and nebulous area

the result has been widespread confusion As if this were not enough numerous writers with little more than polemical interests have compounded the confusion by failing to distinguish between religion in general and their own brands of faith in particular Others have not discriminated between the concepts of metaphysics and the supernatural items of religious belief **The Journal of Jewish Studies** ,1979 *Modern Jewish Scholarship in Hungary* Tamás Turán,Carsten Wilke,2016-11-21 The Habsburg Empire was one of the first regions where the academic study of Judaism took institutional shape in the nineteenth century In Hungary scholars such as Leopold and Immanuel L w David Kaufmann Ignaz Goldziher Wilhelm Bacher and Samuel Krauss had a lasting impact on the Wissenschaft des Judentums Science of Judaism Their contributions to Biblical rabbinic and Semitic studies Jewish history ethnography and other fields were always part of a trans national Jewish scholarly network and the academic universe Yet Hungarian Jewish scholarship assumed a regional tinge as it emerged at an intersection between unquelled Ashkenazi yeshiva traditions Jewish modernization movements and Magyar politics that boosted academic Orientalism in the context of patriotic historiography For the first time this volume presents an overview of a century of Hungarian Jewish scholarly achievements examining their historical context and assessing their ongoing relevance *Philosophy, Feminism, and Faith* Ruth E. Groenhout,Marya Bower,2003-02-19 In this collection women who balance philosophy feminism faith write about their lives *An Introduction to Biblical Ethics* J. Robertson McQuilkin,1995 A highly readable book which states the need for a clear system of moral values and duties based on solid biblical scholarship and an understanding of today s culture Part One deals with what the Bible says about love law sin and ethics Part Two tells how to apply all these biblical principles to life **Encyclopædia of Religion and Ethics:** **Arthur-Bunyan** James Hastings,John Alexander Selbie,Louis Herbert Gray,1910 Scope theology philosophy ethics of various religions and ethical systems and relevant portions of anthropology mythology folklore biology psychology economics and sociology Routledge A Level Religious Studies Jon Mayled,Jill Oliphant,Sam Pillay,Matthew Taylor,2017-09-28 Routledge A Level Religious Studies AS and Year One is an engaging and comprehensive textbook for the new 2016 OCR A Level Religious Studies syllabus Structured closely around the OCR specification this textbook covers philosophy ethics and Christianity in an engaging and student friendly way Each chapter includes An OCR specification checklist to clearly illustrate which topics from the specification are covered in each chapter Explanations of key terminology Review questions thought points and activities to test understanding An overview of key scholars and theories Chapter summaries With a section dedicated to preparing for assessment Routledge A Level Religious Studies AS and Year One provides students with all the skills they need to succeed This book comes complete with diagrams and tables lively illustrations a comprehensive glossary and full bibliography The companion website hosts a wealth of further resources to enhance the learning experience **The New-century Bible** Walter Frederic Adeney,1922 Ancient Philosophy of Religion Graham Oppy,N.
