Rituales Del Caos:

Los rituales del caos Carlos Monsiváis, 2000 El arte de la ironía Mabel Moraña, Ignacio M. Sánchez Prado, 2007

Colección de ensayos escritos por destacados académicos de América Latina los EE UU y Europa en la obra de Carlos Monsiváis uno de los más importantes escritores e intelectuales públicos del siglo 20 Mexicano conocido sobre todo por su crónica urbana *Los rituales del caos de Carlos Monsiváis* Mary Alice Mora, 2000 Carlos Monsiváis Linda Egan, 2001-09-01

One of Mexico's foremost social and political chroniclers and its most celebrated cultural critic Carlos Monsiváis has read the pulse of his country over the past half century The author of five collections of literary journalism pieces called crónicas he is perhaps best known for his analytic and often satirical descriptions of Mexico City's popular culture This comprehensive study of Monsiváis's crónicas is the first book to offer an analysis of these works and to place Monsiváis's work within a theoretical framework that recognizes the importance of his vision of Mexican culture Linda Egan examines his ideology in relation to theoretical postures in Latin America the United States and Europe to cast Monsiváis as both a heterodox pioneer and a mainstream spokesman She then explores the poetics of the contemporary chronicle in Mexico reviewing the genre's history and its relation to other narrative forms Finally she focuses on the canonical status of Monsiváis's work devoting a chapter to each of his five principal collections Egan argues that the five books that are the focus of her study tell a story of ever renewing suspense we cannot know the end until Monsiváis is through constructing his literary project Despite this she observes his work between 1970 and 1995 documents important discoveries in his search for causes effects and deconstructions of historical obstacles to Mexico's passage into modernity While anthropologists and historians continue to introduce new paradigms for the study of Mexico's cultural space Egan's book provides a reflexive twist by examining the work of one of the thinkers who first inspired such a critical movement More than an appraisal of Monsiváis it offers a valuable discussion of theoretical issues surrounding the study of the chronicle as it is currently practiced in Mexico It balances theory and criticism to lend new insight into the ties between Mexican society social conscience and literature

Mexican Public Intellectuals D. Castillo, S. Day, 2014-04-16 In Mexico the participation of intellectuals in public life has always been extraordinary and for many the price can be high Highlighting prominent figures that have made incursions into issues such as elections human rights foreign policy and the drug war this volume paints a picture of the ever changing context of Mexican intellectualism *Subterranean Space in Contemporary Mexico City Literature* Liesbeth François, 2021-05-05 This book studies the role of subterranean spaces in literary works about Mexico City It analyzes how underground spaces such as the subway the sewage system tunnels crypts and the subsoil itself relate to the whole of the city in a body of works published after 1985 the year of the deadliest earthquake in the capital's history The texts belong to the most important genres in urban literature the novel the short story and the crónica and demonstrate the crucial role played by the underground in contemporary imaginings of the megalopolis as it condenses and confronts the tensions that

run through them This central idea is developed through four analytical chapters focusing on the political ecological historical and aesthetic dimension of subterranean imaginaries "El Legado de la Nganga: Misterios y Poderes del Palo Mayombe" Juan Martinez, El Legado de la Nganga Misterios y Poderes del Palo Mayombe es una inmersi n profunda en una de las tradiciones m s enigm ticas y poderosas del mundo espiritual afrocubano Este libro explora los or genes pr cticas y creencias del Palo Mayombe revelando los secretos que han sido transmitidos a lo largo de generaciones por los paleros A trav s de historias rituales y testimonios el lector descubrir la importancia de las Nganga los calderos sagrados que canalizan las fuerzas de los esp ritus ancestrales y c mo estos han sido utilizados para el bien y el mal Esta obra es una gu a para aquellos que buscan comprender los misterios ocultos de una tradici n que sigue viva y vibrante en la cultura moderna

Life in the Megalopolis Lucia Sa,2014-06-11 The modern metropolis has been called the symbol of our times and life in it epitomizes for many modernity itself But what to make of inherited ideas of modernity when faced with life in Mexico City and S o Paulo two of the largest metropolises in the world Is their fractured reality their brutal social contrasts and the ever escalating violence faced by their citizens just an intensification of what Engels described in the first in depth analysis of an industrial metropolis nineteenth century Manchester Or have post industrial and neo globalized economies given rise to new forms of urban existence in the so called developing world Life in the Megalopolis Mexico City and S o Paulo investigates how such questions are explored in cultural productions from these two Latin American megalopolises the focus being on literature film popular music and visual arts This book combines close readings of works with a constant reference to theoretical anthropological and social studies of these two cities and builds on received definitions of the concept megalopolis Life in the Megalopolis is the first book to combine urban studies theories particularly Lefebvre Harvey and de Certeau with Benjaminian cultural analyses and theoretical discussions with close readings of recent cultural works in various media It is also the first book to compare Mexico City and S o Paulo Latin American Documentary Narratives Liliana Ch ávez Díaz,2021-11-04 Winner of the Victor Villase or Best Latino Focused Nonfiction Book Award English from the 2022 International Latino Book Awards What defines the boundary between fact and fabrication fiction and nonfiction literature and journalism Latin American Documentary Narratives unpacks the precarious testimonial relationship between author and subject where the literary journalist rather than the subject being interviewed can become the hero of a narrative in its recording and retelling Latin American Documentary Narratives covers a variety of nonfiction genres from the 1950s to the 2000s that address topics such as social protests dictatorships natural disasters crime and migration in Latin America This book analyzes and includes an appendix of interviews with authors who have not previously been critically read together from the early and emblematic works of Gabriel Garc a M rquez and Elena Poniatowska to more recent authors like Leila Guerriero and Juan Villoro who are currently reshaping media and audiences in Latin America In a world overwhelmed by data production and marked by violent acts against those considered others Liliana Ch vez D az argues that storytelling plays
