Ritual and Symbol in Peacebuilding Lisa Schirch, 2005 Serves as a guide to using ritual acts in peacebuilding efforts Abundant with examples of symbolic acts that aided the peace process Conflict is dramatic In theater literature story telling and news reporting it is a powerful mechanism that draws attention heightens the senses and evokes emotion Schirch argues that peacebuilding has the potential to do just the same Examples of peacebuilding often center on the serious rational negotiations and formal problem solving efforts in conflict situations Schirch argues though that what truly bonds adversaries and helps achieve peace are the symbolic non verbal ritual acts shaking hands sharing a meal showing a photograph of a loved one Yet these are often overlooked as deliberate components of peace negotiations Ritual and Symbol in Peacebuilding underscores the importance of incorporating symbolic tools including ritual into traditional approaches to conflict Ritual assists in solving complex deep rooted conflicts and helps to confirm and transform worldviews identities and relationships With theories and language to explain the symbolic dimensions of conflict this text will be useful to scholars and practitioners active in the diverse field of peacebuilding

Confucian Rituals and Chinese Villagers Yonghua Liu, 2013-08-22 In Confucian Rituals and Chinese Villagers Yonghua Liu presents a detailed study of how a southeastern Chinese community experienced and responded to the process whereby Confucian rituals previously thought unfit for practice by commoners

were adopted in the Chinese countryside and became an integral part of village culture from the mid fourteenth to mid twentieth centuries The book examines the important but understudied ritual specialists masters of rites lisheng and their ritual handbooks while showing their crucial role in the ritual life of Chinese villagers This discussion of lisheng and their rituals deepens our understanding of the ritual aspect of popular Confucianism and sheds new light on social and cultural transformations in late imperial China **The Ritual Institution of Society** Pascal Lardellier,2019-08-06 This book demonstrates that our daily relations like our most recognized institutions are based on a symbolic foundation put in place by rituals Rituals are present at every level of society and are an expression of the sacredness of society as much as they are an expression of the cultures and eras that communicate through them **Mediating Indianness** Cathy Covell Waegner,2015-02-01 Mediating Indianness investigates a wide range of media including print film theater ritual dance music recorded interviews photography and treaty rhetoric that have been used in exploitative informative educative sustaining protesting or entertaining ways to negotiate Native American identities and images The contributors to this collection are Native American and European scholars whose initial findings were presented or performed in a four panel format at the 2012 MESEA Society for Multi Ethnic Studies Europe and the Americas conference in Barcelona The selection of the term Indianness is deliberate It points to the intricate construction of ethnicity as filtered through media despite frequent assertions of authenticity From William Buffalo Bill Cody s claim extravagantly advertised on both sides of the Atlantic that he was staging true to life scenes from Indian life in his Wild West shows to contemporary Native hip hop artist Quessa IMC s announcement that his songs tell his people s own history and draw on their true culture media of all types has served to promote disparate agendas claiming legitimacy This volume does not shy away from the issue of evaluation and how it is only tangential to medial artificiality As evidenced in this collection the vibrant ever transforming future of Native peoples is located within a complex intersection of cultural influences said Susan Power author of *Sacred Wilderness* *Awkward Rituals* Dana W. Logan,2022-05-06 A fresh account of early American religious history that argues for a new understanding of ritual In the years between the American Revolution and the Civil War there was an awkward persistence of sovereign rituals vestiges of a monarchical past that were not easy to shed In *Awkward Rituals* Dana Logan focuses our attention on these performances revealing the ways in which governance in the early republic was characterized by white Protestants reenacting the hierarchical authority of a seemingly rejected king With her unique focus on embodied action rather than the more common focus on discourse or law Logan makes an original contribution to debates about the relative completeness of America s Revolution *Awkward Rituals* theorizes an under examined form of action rituals that do not feel natural even if they sometimes feel good This account challenges common notions of ritual as a force that binds society and synthesizes the self Ranging from Freemason initiations to evangelical societies to missionaries posing as sailors Logan shows how white Protestants promoted a class based society while simultaneously trumpeting egalitarianism She thus redescribes ritual as a

box to check a chore to complete an embarrassing display of theatrical verve In *Awkward Rituals* Logan emphasizes how ritual distinctively captures what does not change through revolution Proceedings of the 2023 9th International Conference on Humanities and Social Science Research (ICHSSR 2023) Rosila Bee Binti Mohd Hussain, Jimmyn Parc, Jia Li, 2023-10-09 This is an open access book 2023 9th International Conference on Humanities and Social Science Research ICHSSR 2023 will be held on April 21 23 2022 in Beijing China Except that ICHSSR 2023 is to bring together innovative academics and industrial experts in the field of Humanities and Social Science Research to a common forum We will discuss and study about EDUCATION SOCIAL SCIENCES AND HUMANITIES INTERDISCIPLINARY STUDIES and other fields ICHSSR 2022 also aims to provide a platform for experts scholars engineers technicians and technical R D personnel to share scientific research achievements and cutting edge technologies understand academic development trends expand research ideas strengthen academic research and discussion and promote the industrialization cooperation of academic achievements The conference sincerely invites experts scholars business people and other relevant personnel from universities scientific research institutions at home and abroad to attend and exchange The conference will be held every year to make it an ideal platform for people to share views and experiences in financial innovation and economic development and related areas

Beyond Ritual Siobhán Garrigan, 2017-03-02 In *Beyond Ritual* Siobhan Garrigan uses Habermas's theory of communicative action to suggest two things first a method by which theology can access the ritual symbols by which faith is formed and secondly a metaphor of intersubjectivity with which theology can propose an interpretative rather than an instrumental understanding of sacramentality and thus of God Through fieldwork studies of both marginal and mainstream Christian Eucharists Garrigan develops the conversation between Habermas's philosophy and Christian theology showing how ritual interactions form and challenge our very idea of God **Discourse in Ritual Studies** Hans Schilderman, 2007-04-30 *Discourse in Ritual Studies* invites you to enter a conversation on the topic of liturgy from the perspective of ritual studies Since liturgical topics are not among the most frequently addressed issues in ritual studies this volume supplies a need for studies of public worship that take into account the multidisciplinary and innovative research in ritual studies while dealing with basic issues of religious studies and theology The contributing authors share an action oriented and empirical interest in ritual studies while not losing sight of perennial and normative questions that characterize the study of liturgy Thus a valuable discourse unfolds that opens up new opportunities for worship research in ritual studies Contributors are Johannes van der Ven Ronald Grimes Chris Hermans Jacques Janssen Jean Pierre Wils Georg Essen Aad de Jong Thomas Quartier Remco Robinson Lieve Gommers Irene Houwer and Hans Schilderman The Oxford Handbook of Ritual Language David Tavárez, 2024-11-04 This volume brings together representative case studies and surveys that explore research into ritual language covering theoretical and methodological approaches that reflect traditional inquiries and more recent studies This recent literature contends that ritual language hinges on the construction of authoritative ontological

models about the cosmos and its inhabitants Ritual speech also orchestrates performances that articulate representations of collective identities and rests on the diversity of hierarchical forms of authoritative knowledge displayed in both oblique and direct terms Moreover performances texts and narratives associated with ritual practices are closely entwined with historical accounts that navigate current memories recast in a diversity of ways about ancestral beings and distant or recent pasts or delimit a terrain in which dialectical relationships with colonial hegemony and Christian indoctrination emerge to transform the social order Ritual narrative often offers in its structure and delivery momentous representation of the social order social institutions social difference and collective identities and may also be constituted by claims about relations among species non human actors and material culture The Oxford Handbook of Ritual Language addresses foundational questions regarding the scope structuring use and consequences of ritual language The chapters examine the relationship between speakers consciousness and verbal ritual performances and between ritual language hegemony collective authority and the social world As the study of ritual speech hinges on extensive analyses of linguistic choices and styles the contributors draw on data from a wide range of language groups and societies in the Americas the Middle East the Pacific South Asia and the Indian Ocean

Ritual, Media, and Conflict Ronald L. Grimes,Ute Husken,Udo Simon,Eric Venbrux,2011-03-23 An interdisciplinary team of twenty four scholars locates describes and explores cases in which media driven rituals or ritually saturated media instigate disseminate or escalate conflict The book s central question is When ritual and media interact either by the mediatizing of ritual or by the ritualizing of media how do the patterns of conflict change

40th Anniversary of Studies in Symbolic Interaction Norman K. Denzin,2013-05-02 To mark 40 volumes of Studies in Symbolic Interaction this volume includes a special introduction from Series Editor Norman K Denzin This 40th volume advances critical discourse on several fronts

Trance Mediums and New Media Anja Dreschke,Martin Zillinger,2014-12-01 Ongoing debates about the return of religion have paid little attention to the orgiastic and enthusiastic qualities of religiosity despite a significant increase in the use of techniques of trance and possession around the globe Likewise research on religion and media has neglected the fact that historically the rise of mediumship and spirit possession was closely linked to the development of new media of communication This innovative volume brings together a wide range of ethnographic studies on local spiritual and media practices Recognizing that processes of globalization are shaped by mass mediation the volume raises questions such as How are media like photography cinema video the telephone or television integrated in seances and healing rituals How do spirit mediums connect with these media Why are certain technical media shunned in these contexts

Dispute and Resolution Mechanism in Modern China Lu Yilong,2025-08-29 As the second volume of a two volume set on dispute resolution in modern China this book presents an in depth analysis of various disputes in modern China exploring different experiences of dispute resolution and their implications Through a series of case studies ranging from civil disputes land related conflicts rural transportation accidents and inter ethnic social contradictions this volume offers a nuanced examination of dispute

resolution in contemporary China Each chapter presents specific scenarios ranging from family conflicts to civil disputes to farmers contradictions with the government The author employs various theoretical frameworks including alienation theory and the risk society perspective to analyze these disputes and their resolutions The book highlights the importance of using diverse resolution methods beyond the legal approach the unintended consequences of legal intervention and the need to build safety valves in multi ethnic areas to maintain social harmony This title will appeal to scholars students and policymakers in the fields of law sociology and Chinese studies especially those interested in understanding the intersection of law and society social change and governance in modern China *Realness through Mediating Body* Oleg Dik,2017-05-15

After the end of the civil war in 1990 the Charismatic Pentecostal C P movement in Beirut spread across various Christian denominations C P believers narrated how Jesus became real to them via the experience of the Holy Spirit The author explains this impression of realness through embodiment Ritual practices like testimony and experience of divine agency are experienced as fullness within a post war society and are extended into the every day sphere This ethnographic account represents the beginning research of C P Christianity s emergence in the Middle East and its contribution to social change

Third-Party Peacemakers in Judaism Daniel Roth,2021-04-28 In the race to discover real solutions for the conflicts that plague contemporary society it is essential that we look to precedent Many of today s conflicts involve ethno religious tensions that modern wisdom alone is ill equipped to resolve In Third Party Peacemakers in Judaism Rabbi Dr Daniel Roth asks us to consider ancient religious and traditional cultural solutions to such present day issues Third Party Peacemakers in Judaism presents an array of case studies featuring third party peacemakers found within Jewish rabbinic literature and serves as an inspiration for fostering indigenous practices of third party peacemaking and mediation in the modern era

Afrikaners and the Boundaries of Faith in Post-Apartheid South Africa Annika Björnsdotter Teppo,2021-09-30 This book examines the shifting moral and spiritual lives of white Afrikaners in South Africa after apartheid The end of South Africa s apartheid system of racial and spatial segregation sparked wide reaching social change as social cultural spatial and racial boundaries were transgressed and transformed This book investigates how Afrikaners have mediated the country s shifting boundaries within the realm of religion For instance one in every three Afrikaners used these new freedoms to leave the traditional Dutch Reformed Church NGK often for an entirely new religious affiliation within the Pentecostal or Charismatic churches or New Religious Movements such as Wiccan neopaganism Based on long term ethnographic fieldwork in the Western Cape area the book investigates what spiritual life after racial totalitarianism means for the members of the ethnic group that constructed and maintained that very totalitarianism Ultimately the book asks how these new Afrikaner religious practices contribute to social solidarity and integration in a persistently segregated society and what they can tell us about racial relations in the country today This book will be of interest to scholars of religious studies social and cultural anthropology and African studies **Bringing Ritual to Mind** Robert N. McCauley,E. Thomas Lawson,2002-08-15 Bringing

Ritual to Mind explores the cognitive and psychological foundations of religious ritual systems. Participants must recall their rituals well enough to ensure a sense of continuity across performances and those rituals must motivate them to transmit and re-perform them. Most religious rituals the world over exploit either high performance frequency or extraordinary emotional stimulation but not both to enhance their recollection. The availability of literacy has little impact on this. But why do some rituals exploit the first of these variables while others exploit the second? McCauley and Lawson advance the ritual form hypothesis, arguing that participants' cognitive representations of ritual form explain why. Reviewing evidence from cognitive developmental and social psychology and from cultural anthropology and the history of religions, they utilize dynamical systems tools to explain the recurrent evolutionary trajectories religions exhibit.

Secret Ritual and Manhood in Victorian America Mark Christopher Carnes, 1989-01-01 In this study of American 19th century secret orders, the author argues that religious practices and gender roles became increasingly feminized in Victorian America and that secret societies such as the Freemasons offered men and boys an alternative male counterculture.
