Rival Rigelians Agent X:

The Rival Rigelians Mack Reynolds, 2011-09-29 The team from Earth had the task of raising backward planets to the home world's high level The situation on Rigel was this The most advanced culture on Rigel's first planet is to be compared to the Italian cities during Europe's feudalistic years The most advanced of the second planet is comparable to the Aztecs at the time of the Spanish conquest These planets are in your control to the extent that no small group has ever dominated millions before No Caesar ever exerted the power that will be in your collective hands For half a century you will be as gods and goddesses But the Rigelians were themselves descended from the lost colonists of old Earth and they could learn their lessons as fast as they could be taught In fact they could even teach their teachers a thing or two And therein lay the peril the professors from space never dreamed of

Planetary Agent X Mack Reynolds, 2011-09-29 Newly accepted as a Special Agent of the star spanning United Planets organization Ronny Bronston found that his first assignment was one which had taken the lives of dozens of agents before him he was to track down a man named Tommy Paine We've been trying to catch him for twenty years said Ronny's section chief How long before that he was active we have no way of knowing It was some time before we became aware that half the revolts coups d'états and assassinations that occur in the United Planets have his dirty finger stirring around in them But what motivates him Ronny asked What's he get out of all the war and killing he stirs up Nobody seems to know But the best guess is that he's insane a homicidal maniac on an intergalactic scale He's dangerous Ronny and you've got to get him

The Rival Rigelians and Planetary Agent X Mack Reynolds, 1967 **Paradox Gained** Mack Reynolds, 2011-05-23 DON'T TRY TO FIGURE A FINAL ANSWER TO THIS ONE PHILOSOPHERS HAVE TRIED FOR AGES AND HAVE FAILED Excerpt The closet in Benjamin Farlan's two room bachelor apartment wasn't particularly large In fact it measured three feet wide by four feet deep And by no stretch of the imagination could it have held three full grown men Not as full grown as these were Besides that the closet was already chock full of clothes half a dozen pair of shoes and two suitcases It happened about seven thirty Ben Farlan had finished an unsatisfactory day at the laboratory had his dinner at the automat and picked up a fifth of brandy on the way home Little Ben Farlan liked brandy He liked to sit at night in his hundred and fifty dollar chair and read something not too technical but not too light and have a snifter glass of brandy on the coffee table next to him On nights when he had nothing on his mind he could sit for hours that way get through a whole book and possibly a third of his bottle before it was time for bed This wasn't one of the nights when he had nothing on his mind Things were getting on the chaotic side at the lab Already he had enough work on his shoulders for three men and now the Army was taking young Robertson Now it was Robertson They let a man take eight long years of schooling eight years of work to become a scientist preparatory to assuming a useful place in society and then what happens They slap him into the Infantry for what would probably be an indefinite period the world situation being what it was Ben had gone through three ounces of brandy and was pouring himself another glass That was when the closet door opened and a six footer who

must have weighed at least two hundred and twenty pounds stepped into the room He was wearing a uniform that wouldn't have been out of place on a Guatemalan Rear Admiral and he didn't look particularly friendly Not half an hour earlier Ben Farlan had hung his coat in that closet and since then he hadn't left the room He blinked reproachfully through his thick lenses at his brandy glass The newcomer took him in with one sweep of his eyes then strode quickly to the bedroom opened its door and gave a quick look around inside Hey Ben protested Another six footer cut in the same model as the first stepped from the closet This was really out of the question You couldn't have got the two of them in there with a shoehorn But that didn't prevent a third one from pressing after the second While the third brute was giving the room the onceover the second headed for the bathroom and gave it a quick glance They evidently wanted to be sure Ben Farlan was alone The first had meantime checked the tiny kitchenette Ben Farlan let loose with another weak Hey

Mercenary From Tomorrow Mack Reynolds, 2011-09-29 Is the story of 21st Century Earth a world where work is forgotten where the masses fight boredom with trunk pills and telly and where it is almost impossible to leave the social class you were born in You could break the class barrier only by hiring yourself out as a mercenary to fight in the prime time wars that are fought to keep the telly viewing public satisfied That is the only way to move up the ladder if you could stay alive long enough

mobile living in America Taking us decades into the future he tells the story of a world where people have taken to the road en masse in huge mobile towns composed of hundreds or even thousands of inhabitants attempting to deal with a hostile and over organized world The Fracas Factor Mack Reynolds,2011-09-29 GUNS WERE ILLEGAL Unless you were a member of Category Military no one on Earth could own a gun So who was shooting at Joe Mauser And why He d been a mercenary but he d been thrown out when he saved Field Marshal Cogswell s life Whose enemies were after him now his own or Cogswell s In a world where the computers kept track of you Mauser had to disappear and stay alive long enough to reach the Field Marshal **Of Godlike Power** Mack Reynolds,2011-09-29 His words alone could change the world completely and irrevocably His words alone DID change the world Was it mass hypnosis a hex or THE POWER **The Space Barbarians** Mack Reynolds,2013-08-29 John of the Hawks was a proud young man proud of his people proud of his heritage and proud of his ability to count coup on his clann s traditional enemies He knew what was right and what was wrong the four great books had laid down the way things had to be Which is why the uncouth ways of the clannless drifters from space outraged him so Not only did these peddlers know nothing of the finesse of proper combat they knew nothing of the respect due to such things as the coup stick the right way to capture a wife and the sanctity of the clann s elders Worse still they had some idiotic notion that that cheap silvery metal so commonly used for plumbing and horse bits known as platinum was somehow of special merit Well one could excuse an outrage or two on the grounds of ignorance but there came a time when any good clannsmen such as John certainly was must decide to teach these barbarians from space a lesson **Trample an Empire Down** Mack Reynolds,2012-12-14 UTOPIA WAS NO FUN They had a Guaranteed Annual Income and an automated world where no one had to work but there was nothing to do When Morris and his friends ran out of beer there was only one alternative they decided to overthrow the government Tomorrow Might Be Different Mack Reynolds,2011-09-29 What would the world be like if the Russians discovered how to beat us at our own capitalistic game and began dumping inexpensive quality goods on the world market In this brand new novel Mack Reynolds deposits us into just such a future It is a world where America is rapidly being turned into a second rate power as its industries go bankrupt A world that is falling under the wheels of the Soviet juggernaut peacefully and passively It is a world where the U S has only one way to retaliate by bringing a little religion into the Soviet Union a very special religion **Depression or Bust** Mack Reynolds,2019-11-02 A biting but insightful satire on the political chaos following the economic collapse that sweeps the United States of the future **Amazon Planet** Mack Reynolds,2013-02-25 Amazonia had a reputation for strangeness even among the zany worlds of the United Federation of Planets It was a spartan planet ruled by a fearsome military caste made up exclusively of women The males of Amazonia usually wound up in some warrior s harem When Guy Thomas arrived he was allowed the privilege of landing only because he offered the government profitable trade agreements but it wasn t long before his real plans were fulfilled by his secret meetings with the male liberationist revolutionary group The Sons of Liberty They needed a
