Gay Directors, Gay Films? Emanuel Levy,2015-08-25 Through intimate encounters with the life and work of five contemporary gay male directors this book develops a framework for interpreting what it means to make a gay film or adopt a gay point of view For most of the twentieth century gay characters and gay themes were both underrepresented and misrepresented in mainstream cinema Since the 1970s however a new generation of openly gay directors has turned the closet inside out bringing a poignant immediacy to modern cinema and popular culture Combining his experienced critique with in depth interviews Emanuel Levy draws a clear timeline of gay filmmaking over the past four decades and its particular influences and innovations While recognizing the queering of American culture that resulted from these films Levy also takes stock of the ensuing conservative backlash and its impact on cinematic art a trend that continues alongside a growing acceptance of homosexuality He compares the similarities and differences between the North American attitudes of Todd Haynes Gus Van Sant and John Waters and the European perspectives of Pedro Almod var and Terence Davies developing a truly expansive approach to gay filmmaking and auteur cinema
