River Root A Syzygy For The Bicentennial Of These States:

River-root William Everson, 1976 **River-root**, 1976 **River-root** William Everson, 1990 As intense and passionate as ever William Everson nearly eighty has revised his 1957 erotic long poem Just as Everson designed his famous version of Robinson Jeffers Granite and cypress to accommodate Jeffers extremely long lines the publishers have created an over size 10x91 2 book to accommodate Everson's equally long lines Splendid poetry and fine production Published by Broken Moon Press PO Box 24585 Seattle WA 98124 0585 Annotation copyrighted by Book News Inc Portland OR **The Postmoderns** Donald Allen, George F. Butterick, 1982 This anthology includes many of the major poets to have emerged and gained pre eminence since World War II and whose writing reflects not only the significant changes in this nation's postwar history and the coming to grips with a nuclear age but also an entirely new way of looking at and structuring reality United by their postmodernist concerns with spontaneity instantism formal and syntactic flexibility and the revelation of both the creator and the process through the writing itself these 38 poets represent very diverse strains of an essential American individualism Included are many of the poets whose work first gained widespread national attention with the 1960 publication of The New American Poetry Charles Olson Allen Ginsberg Paul Blackburn LeRoi Jones Amiri Baraka Denise Levertov Robert Duncan and others Among the poets included here for the first time are Anne Waldman Diane di Prima Ed Sanders Jerome Rothenberg and James Koller In addition to a new preface by Allen and Butterick the book provides autobiographical notes of all the poets and listings of their major works **Encyclopedia of American Poetry: The Twentieth Century** Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States **Language, Eros, Being** Elliot R. Wolfson, 2009-08-25 This long awaited magisterial study an unparalleled blend of philosophy poetry and philology draws on theories of sexuality phenomenology comparative religion philological writings on Kabbalah Russian formalism Wittgenstein Rosenzweig William Blake and the very physics of the time space continuum to establish what will surely be a highwater mark in work on Kabbalah Not only a study of texts Language Eros Being is perhaps the fullest confrontation of the body in Jewish studies if not in religious studies as a whole Elliot R Wolfson explores the complex gender symbolism that permeates Kabbalistic literature Focusing on the nexus of asceticism and eroticism he seeks to define the role of symbolic and poetically charged language in the erotically configured visionary imagination of the medieval Kabbalists He demonstrates that the traditional Kabbalistic view of gender was a monolithic and androcentric one in which the feminine

was conceived as being derived from the masculine He does not shrink from the negative implications of this doctrine but seeks to make an honest acknowledgment of it as the first step toward the redemption of an ancient wisdom Comparisons with other mystical traditions including those in Christianity Buddhism and Islam are a remarkable feature throughout the book They will make it important well beyond Jewish studies indeed a must for historians of comparative religion in particular of comparative mysticism Praise for Elliot R Wolfson Through a Speculum That Shines is an important and provocative contribution to the study of Jewish mysticism by one of the major scholars now working in this field Speculum
