This handbook offers a systematic exploration of current key topics in travel writing studies It addresses the history impact and unique discursive variety of British travel writing by covering some of the most celebrated and canonical authors of the genre as well as lesser known ones in more than thirty close reading chapters Combining theoretically informed astute literary criticism of single texts with the analysis of the circumstances of their production and reception these chapters offer excellent possibilities for understanding the complexity and cultural relevance of British travel writing *Contemporary Travel Writing of Latin America* Claire Lindsay, 2010-02-15 This book takes a new approach to travel writing about Latin America by examining domestic journey narratives that have been produced by travellers from the continent itself and largely in Spanish Historically travel writing about Latin America has been written primarily from the perspective of the foreign often European traveller As such and following the large influx of military scientific and leisure travellers in the region since its colonisation much of this foreign travel writing has depicted the continent in predominantly exoticist and or imperialist terms Lindsay explores how Latin American travellers have conceived and constructed narratives about travel at

home and considers how such texts many of them available in English translation or with subtitles function to counter or corroborate long standing myths about the continent Through a series of regionally and thematically oriented case studies that engage with key issues themes and debates in both Latin American and travel studies Lindsay provides the first sustained interdisciplinary study of contemporary domestic travel narratives about the region and will also comprise an important intervention into methodological debates about travel and travel writing

**The Cambridge Companion to American Travel Writing** Alfred Bendixen, Judith Hamera, 2009-01-29 Travel writing has always been intimately linked with the construction of American identity Occupying the space between fact and fiction it exposes cultural fault lines and reveals the changing desires and anxieties of both the traveller and the reading public These specially commissioned essays trace the journeys taken by writers from the pre revolutionary period right up to the present They examine a wide range of responses to the problems posed by landscapes found both at home and abroad from the Mississippi and the Southwest to Europe and the Holy Land Throughout the contributors focus on the role played by travel writing in the definition and formulation of national identity and consider the experiences of minority writers as well as canonical authors This Companion forms an invaluable guide for students approaching this new important and exciting subject for the first time
