Road To Freedom Photographs And Memorabilia From The 1916 Rising And Afterwards:

A Walk Through Rebel Dublin 1916 Mick O'Farrell, 1999-01-01 A Walk Through Rebel Dublin 1916 is a comprehensively illustrated guide to the Rising of Easter Week 1916 based on the significant locations of the rebellion Dealing separately with thirty buildings and sites throughout the city including the GPO Liberty Hall Trinity College the Four Courts and Dublin Castle the author provides a brief fascinating history of the events and personalities that dominated these locations during Easter Week A contemporary photograph of each location is juxtaposed with a photograph of the building or streetscape as it looks today While some dramatic changes have taken place in the architecture of Dublin over the course of the twentieth century there is much that has remained unaltered as these images will testify A Walk Through Rebel Dublin 1916 can be read and enjoyed without visiting the locations featured but the reader is encouraged to walk the streets of Dublin book in hand to get a vivid sense of some of the most dramatic episodes in Ireland's history **Ireland's 1916 Rising** Mark

McCarthy, 2016-05-06 In light of its upcoming centenary in 2016 the time seems ripe to ask why how and in what ways has memory of Ireland's 1916 Rising persisted over the decades In pursuing answers to these questions which are not only of historical concern but of contemporary political and cultural importance this book breaks new ground by offering a wide ranging exploration of the making and remembrance of the story of 1916 in modern times It draws together the interlocking dimensions of history making commemoration and heritage to reveal the Rising's undeniable influence upon modern Ireland's evolution both instantaneous and long term In addition to furnishing a history of the tumultuous events of Easter 1916 which rattled the British Empire's foundations and enthused independence movements elsewhere Ireland's 1916 Rising mainly concentrates on illuminating the evolving relationship between the Irish past and present In doing so it unearths the far reaching political impacts and deep seated cultural legacies of the actions taken by the rebels as evidenced by the most pivotal episodes in the Rising's commemoration and the myriad varieties of heritage associated with its memory This volume also presents a wider perspective on the ways in which conceptualisations of heritage culture and identity in Westernised societies are shaped by continuities and changes in politics society and economy In a topical conclusion the book examines the legacy of Queen Elizabeth II's visit to the Garden of Remembrance in 2011 and looks to the Rising's 100th anniversary by identifying the common ground that can be found in pluralist and reconciliatory approaches to remembrance *The Road to Freedom* Michael Kenny, 1993 The Rising of 1916 and the War of Independence that followed in 1919-21 had a profound influence on the shaping of modern Ireland In 1914 the Irish Parliamentary Party dedicated to autonomy for Ireland within the British Empire appeared unassailable After the General Election of 1918 the party disappeared from the Irish political scene In that same election Sinn Féin dedicated to the establishment of an independent Republic was returned as the virtually unopposed voice of Irish nationalism This was followed by the setting up of an Irish parliament Dail Eireann and an even more comprehensive victory at the polls for Sinn Féin in 1921 The great swing in public opinion that brought about this

change can only be explained in the context of 1916 and its aftermath In *The Road to Freedom* the author sets out to explain the background to 1916 and to identify some of the principal organisations that influenced and shaped contemporary events The text is complemented with illustrations of artefacts documents and photographs from the collections of the National Museum of Ireland

GPO Staff in 1916 Stephen Ferguson, 2012-04-20 The 1916 Rising has been studied from many different angles over the years but the unique perspective of GPO staff on the events of Easter Week has not previously been examined Post office records and photographs many previously unpublished reveal the importance of the role played by postal staff during that week and provide fascinating eye witness accounts of events as they unfolded across the city centre Here based on the official reports of various G P O staff is not merely an exciting account of Post Office people in turbulent times but also nuggets of new information that will be of interest to both historians and the many people for whom the drama of 1916 holds a special fascination

The Stars of Ballymenone Henry Glassie, Doug Boyd, 2006 In the time of the Troubles when there were bombs in the night and soldiers on the road Henry Glassie journeyed to the Irish borderland to learn how country people endure He settled into the farming community of Ballymenone beside Lough Erne in the County Fermanagh He asked questions and he listened For a decade he heard and recorded the stories and songs in which they outlined their culture recounted their history and pictured their world a world which in their view was one of love and defeat and uncertainty demanding faith bravery and wit In his award winning *Passing the Time in Ballymenone* Henry Glassie set out to write a comprehensive ethnography of the community Now after decades of work in Asia in Turkey and Bangladesh in India and Japan Glassie has returned to Ireland using his skills as an observer a listener a writer in an effort to understand how poor people in rural places suffer and laugh and carry on while history happens Glassie s task in *The Stars of Ballymenone* is to set the scene to sketch the backdrop and clear the stage so that Hugh Nolan and Michael Boyle Peter Flanagan Ellen Cutler and their neighbors can tell their own tale *The Stars of Ballymenone* is an integrated analysis of the complete repertory of verbal art from a community where storytelling and singing of quality remained a part of daily life The book includes a CD so the voices of Ballymenone can be heard at last

Patrick Pearse J. Augusteijn, 2010-09-29 Patrick Pearse was not only leader of the 1916 Easter Rising but also one of the main ideologues of the IRA Based on new material on his childhood and underground activities this book places him in a European context and provides an intimate account of the development of his ideas on cultural regeneration education patriotism and militarism

The Politics of War Memory and Commemoration T.G. Ashplant, Graham Dawson, Michael Roper, 2013-01-11 International in scope presents a range of case studies from a diverse range of national contexts War memory and commemoration has had an increasingly high profile in public and academic debates in recent years

Constitutions Judith Pryor, 2007-08-09 Bringing a postcolonial perspective to UK constitutional debates and including a detailed and comparative engagement with the constitutions of Britain s ex colonies this book is an original reflection upon the relationship between the written and the unwritten constitution Can a

nation have an unwritten constitution While written constitutions both found and define modern nations Britain is commonly regarded as one of the very few exceptions to this rule Drawing on a range of theories concerning writing law and violence from Robert Cover to Jacques Derrida Constitutions makes a theoretical intervention into conventional constitutional analyses by problematizing the notion of a written constitution on which they are based Situated within the frame of the former British empire this book deconstructs the conventional opposition between the margins and the centre as well as between the written and unwritten by paying very close detailed attention to the constitutional texts under consideration Pryor argues that Britain s unwritten constitution and immemorial common law only take on meaning in a relation of difference with the written constitutions of its former colonies These texts in turn draw on this pre literate origin in order to legitimize themselves The unwritten constitution of Britain can therefore be located and dislocated in postcolonial written constitutions Constitutions is an excellent addition to the bookshelves of all students of the philosophy of law political theory constitutional and administrative law and jurisprudence

Athlone 1900-1923 Dr John Burke,2015-03-02 Athlone 1900 1923 is perhaps the most detailed analysis ever completed of an Irish provincial town during this defining period in the country s history Using a wide variety of local national and international sources this meticulously researched study provides the reader with a comprehensive history of the evolution of Irish nationalism in Athlone drawing together all of the events personalities and political philosophies that influenced not only the course of local politics but also the fate of the Irish nation itself

Divided We Stand Bruce Nelson,2021-03-09 Divided We Stand is a study of how class and race have intersected in American society above all in the making and remaking of the American working class in the nineteenth and twentieth centuries Focusing mainly on longshoremen in the ports of New York New Orleans and Los Angeles and on steelworkers in many of the nation s steel towns it examines how European immigrants became American and white in the crucible of the industrial workplace and the ethnic and working class neighborhood As workers organized on the job especially during the overlapping CIO and civil rights eras in the middle third of the twentieth century trade unions became a vital arena in which old and new immigrants and black migrants forged new alliances and identities and tested the limits not only of class solidarity but of American democracy The most volatile force in this regard was the civil rights movement As it crested in the 1950s and 60s the Movement confronted unions anew with the question Which side are you on This book demonstrates the complex ways in which labor organizations answered that question and the complex relationships between union leaders and diverse rank and file constituencies in addressing it Divided We Stand includes vivid examples of white working class agency in the construction of racially discriminatory employment structures But Nelson is less concerned with racism as such than with the concrete historical circumstances in which racialized class identities emerged and developed This leads him to a detailed and often fascinating consideration of white working class ethnicity but also to a careful analysis of black workers their conditions of work their aspirations and identities their struggles for equality Making its case with passion and clarity

Divided We Stand will be a compelling and controversial book **Consumed in Freedom's Flame** Cathal Liam,2002-02 Consumed in Freedom's Flame is the exciting story of a fictional hero Aran Roe O'Neill and his resolute commitment to Ireland and its quest for independence. He personifies the courageous resistance of generations of Irishmen and women to English conquest, corruption and injustice. Together with a small group of other republicans, Aran fights for his nation's freedom during the early part of the twentieth century. The story weaves fact and fiction around the exploits of this youthful Irishman and his adventurous friends from Dublin's 1916 Easter Rising to the ensuing Irish War of Independence. This is the troubled and tormented account of Ireland's attempt to control its own destiny in the face of resolute British opposition and the intervention of Fate's cruel hand Commemorating War Graham Dawson,2017-07-12 War memory and commemoration have had increasingly high profiles in public and academic debates in recent years. This volume examines some of the social changes that have led to this development, among them the passing of the two world wars from survivor into cultural memory. Focusing on the politics of war memory and commemoration, the book illuminates the struggle to install particular memories at the center of a cultural world and offers an extensive argument about how the politics of commemoration practices should be understood. Commemorating War analyzes a range of forms of remembrance, from public commemorations orchestrated by nation states to personal testimonies of war survivors and from cultural memories of war represented in films, plays and novels to investigations of wartime atrocities in courts of human rights. It presents a wide range of international case studies encompassing lesser-known national histories and wars beyond the well-trodden terrain of Vietnam and the two world wars in Europe. Emerging from this book is an important critique of both state-centered approaches to war memory and those that regard commemoration primarily as a human response to loss and grief. Offering a wealth of empirical research material, this book will be important for cultural and oral historians, sociologists, researchers in international relations and human rights, and anybody with an interest in the cultural construction of memory in contemporary society **Cesca's Diary, 1913-1916** Hilary Pyle,2005 Born in England into a unionist clerical family, the artist Frances Georgiana Chenevix Trench became a convinced nationalist and quickly involved herself in the movement for Home Rule and political freedom in Dublin. This is an account of the life of a young woman in early twentieth-century Ireland. Cesca, as she was better known, took the name Sadhbh Trinseach during the Gaelic Revival and kept a detailed diary of her involvement in the national movement as a member of Cumann na mBan during the build-up to Home Rule, as well as writing a personal account of her presence in the Howth gun-running and the events of Easter Week 1916. Before the outbreak of the First World War, she was at art school in Paris, where she associated with students from other small countries seeking freedom. Her passion for Ireland affected her art, her love life and relations with her unionist family. The seven manuscript journals, written in Irish, English and French, have been translated and set in the context of their times by Hilary Pyle. The book is liberally illustrated with her portrait sketches of friends and associates in the movement, as well as examples of her oil

paintings and pastels This book is an invaluable resource for historians students of the history of art and researchers in the fields of history sociology politics Irish studies and women s studies BOOK JACKET **Historical Studies** Neal Garnham,Keith Jeffery,2005 Vol 1 made up of papers read at 2d conference *Where's where in Dublin* Joseph E. A. Connell,2006 This Directory marks the 90th anniversary of the 1916 Rising and lists historic locations in Dublin on a street by street basis describing the events which occurred in each during the tumultuous decade from the 1913 Lock Out until the end of the Irish Civil War Joseph E A Connell has catalogued the many sites of historic interest in Dublin and has used his knowledge over many years to guide visitors on the 1916 Rebellion walking tours *International Books in Print* ,1997 **Writings on Irish History, 1993 & 1994** Sarah Ward-Perkins,1999 **The Irish Sword** ,1995 *Ireland of the Welcomes* ,1994 **Irish Publishing Record** ,1993
