Teaching Literature in Modern Foreign Languages Fotini Diamantidaki, 2019-04-04 From plays to poetry Le Petit Nicolas to the Association for Language Learning ALL Literature wiki this book shows trainee teachers of MFL teachers in schools teacher educators how literature can be an essential tool for developing students cultural awareness as well as language skills With contributions from Ruth Heilbronn Jane Jones and other leading scholars it covers a wide range of approaches including looking at how to support students to develop the skills they need to read and discuss texts and how to use stories as a pedagogic tool rather than just a way to develop reading skills Examples of teaching French German Japanese Mandarin and Spanish are used throughout but the book draws together resources and strategies for use in teaching all modern foreign languages Supporting students to develop into creative reflective teachers this book offers support for readers to develop their own tasks for their pupils and questions throughout to keep them engaged and encouraging them to critically engage with the content Seemingly daunting articles are made much more approachable for readers with windows on research which provide a summary of relevant research papers with full reference details for follow up *Negritude* Isabelle Constant, Kahiudi C. Mabana, 2009-03-26 Doit-on considérer la Négritude comme un mouvement ancré dans la fin de la période coloniale et sur lequel il n'y a plus lieu de revenir C'est une des questions que le colloque qui s'est tenu à l'Université des West Indies à la Barbade en l'honneur du centenaire de la naissance de Senghor s'efforce d'explorer Lylian Kesteloot nous rappelle encore récemment dans son texte Caire et Senghor un pont sur l'Atlantique l'importance de ce mouvement qui entre les années trente et soixante a participé à la naissance de la littérature africaine La question du particularisme que le mot Négritude implique et de son opposé universel sera largement débattue dans les pages de cet ouvrage Les articles de cet essai discutent les défauts essentialistes de la Négritude senghorienne mais galemment le fait que dans les termes de Senghor la Négritude est un mythe donc une construction identitaire l'expression d'une invention Il envisageait par exemple l'avènement d'un socialisme africain dans une interprétation unique du marxisme En tant que mouvement poétique philosophique littéraire ou en tant que réponse idéologique une oppression les auteurs africains et antillais tudis ici et qui traitent de thèmes contemporains montrent la vivacité d'une Négritude toujours d'actualité dans sa présentation des cultures Il faut bien entendu passer la notion raciale contenue dans le terme et insister sur le culturel le philosophique et l'esthétique pour accepter que la Négritude ait une pertinence actuelle Notamment nous verrons que la Négritude s'est métamorphosée aux

Antilles o au Br sil en d originaux projets id ologiques et esth tiques Should Negritude be seen as a movement that originated at the end of the colonial era and merits no further study in this contemporary world This is one of the questions explored in the Colloquium held at the University of the West Indies Barbados to mark the centenary of the birth of L opold Sedar Senghor In a recent study C saire et Senghor Un pont sur l Atlantique Lylian Kesteloot reminds her readers of the importance of Negritude which contributed to the emergence of African literature between 1930 and 1960 The idea of essentialism which the word Negritude implies as well as the opposite idea of universalism will be widely discussed in the pages of this work This collection of essays acknowledges the essential shortcomings of Senghor s Negritude but at the same time underlines the fact that in Senghor s words Negritude is a myth and therefore has to do with the construction of an identity and is the expression of an imaginary creation It envisaged for example the creation of an African form of socialism within a unique interpretation of Marxism In this volume African and Caribbean writers who are concerned with contemporary issues demonstrate the vitality of Negritude as a poetic philosophical and literary movement and as an ideological response to oppression that is still relevant in its presentation of cultures Clearly it is necessary to go beyond the notion of race implied in the term and to focus on the cultural philosophical and aesthetic elements in order to appreciate the relevance of Negritude today Most notably in the Caribbean or Brazil Negritude has been transformed into original ideological and aesthetic projects
