Robert Menzies' Forgotten People Judith Brett, 2014-04-08 Menzies political self was constructed around a denial of experience and an imagined England filled the void So too for the people and the country he led In 1941 RG Menzies delivered to war time Australia what was to be his richest most creative speech and one of his most influential The Forgotten People was a direct address to the Australian middle class the people who would return him to power in 1949 and keep him there until his retirement in 1966 Who were these forgotten people The middle class pitting their values of hard work and independence against the collectivist ethos of labour Women shunning the class based politics of men The parents of Menzies childhood in the small country town of Jeparit Australians struggling to maintain a derivative culture at the edges of the British Empire Or all of them in a richly over determined image that takes us to the heart of Menzies mid life political transformation Judith Brett deftly traces the links between the private and public meanings of Menzies political language to produce compelling insights into the man and the culture he represented

Human Rights in Twentieth-Century Australia Jon Piccini, 2019-10-10 Human rights in Australia have a contested and controversial history the nature of which informs popular debates to this day [Quarterly Essay 19 Relaxed and Comfortable](#) Judith Brett, 2005-09-01 What is the Liberal Party's core appeal to Australian voters Has John Howard made a dramatic break with the past or has he ingeniously modernised the strategies of his party's founder Sir Robert Menzies For Judith Brett the government of John Howard has done what successful Liberal governments have always done it has made its stand firmly at the centre and presented itself as the true guardian of the national interest In doing this John Howard has taken over the national traditions of the Australian Legend that Labor once considered its own Brett offers a lucid short history of the Liberals as well as an original account of the Prime Minister arguing that above all he is a man obsessed with the fight against Labor She explores both his inventiveness in practising the politics of unity and his great ruthlessness in practising the politics of division She incorporates fascinating interview material with Liberal voters shedding light on some of the different ways in which the Liberals appeal as the natural party of government Full of provocative ideas Relaxed and Comfortable will change the way Australians see the last decade of national politics Where Keating spoke to the nation Howard spoke from it straight from the heart of its shared beliefs and commonsense understandings of itself Judith Brett Relaxed and Comfortable Judith Brett's elegant account of the Liberal Party's Australia rightly emphasises older nationalist and individualist themes that John Howard has exploited Ian Marsh Judith Brett's essay is important because it makes no

attempt to lionise or demonise John Howard It seeks merely to examine the reasons for his phenomenal run and does so with great precision Graham Richardson Brett's is a sober analysis and not one of moral outrage The essay represents a challenge to the leftist sense that under Howard as Chicken Licken said The sky is falling David Corlett Judith Brett has once more shown herself to be one of the foremost commentators on the Liberal Party's political role It is really the fact that her essay is so good that has prompted my response David Kemp Judith Brett is professor of politics at La Trobe University and one of Australia's leading political thinkers She is a former editor of Meanjin and columnist for the Age She is the author of the award winning Robert Menzies Forgotten People and Australian Liberals and the Moral Middle Class From Alfred Deakin to John Howard 2003 which was shortlisted for the Queensland premier's prize for non fiction Confusion Nicholas Dyrenfurth, 2009 CONFUSION revisits the seminal moment when liberals threw in their lot with the conservatives In CONFUSION some of Australia's foremost political historians including Marian Quartly and Stuart Macintyre revisit the seminal moment when liberals threw in their lot with the conservatives In May 1909 Alfred Deakin the radical liberal doyen struck an agreement for a controversial fusion with the anti Labor factions with the new grouping later adopting the name Liberal Party After a heated campaign Labor won the 1910 election forming the first majority government in the history of the Commonwealth How had this occurred For most of the previous decade Labor and Deakin had been allies Was the anti Labor alliance the inevitable outcome of middle class men rallying against the growing electoral might of the workers party What were the long term consequences for both sides of politics With Labor in power federally and in all but one state the non Labor side of politics has been plunged into a period of introspection about its coalition arrangements and about the legitimate traditions of Australian liberalism Can the current Liberals learn from the events of a century ago **The Vietnam War in the Pacific World** Brian Cuddy, Fredrik Logevall, 2022-10-05 Fifty years since the signing of the Paris Peace Accords signaled the final withdrawal of U S troops from Vietnam the war's mark on the Pacific world remains The essays gathered here offer an essential postcolonial interpretation of a struggle rooted not only in Indochinese history but also in the wider Asia Pacific region Extending the Vietnam War's historiography away from a singular focus on American policies and experiences and toward fundamental regional dynamics the book reveals a truly global struggle that made the Pacific world what it is today Contributors include David L Anderson Mattias Fibiger Zach Fredman Marc Jason Gilbert Alice S Kim Mark Atwood Lawrence Jason Lim Jana K Lipman Greg Lockhart S R Joey Long Christopher Lovins Mia Martin Hobbs Boi Huyen Ngo Wen Qing Ngoei Nathalie Huynh Chau Nguyen Noriko Shiratori Lisa Tran A Gabrielle Westcott
