Grimshaw, 2001 Grimshaw examines the writer s views about the primacy of self knowledge and explores the painful and arduous path his protagonists must follow to gain such knowledge and the interrelationship of his artistic endeavors which were woven together by common thematic concerns history time truth responsibility love hope and endurance      **The Achievement of Robert Penn Warren** James H. Justus, 1981-10-01 Crisscrossing the sprawling landscape of Robert Penn Warren James H Justus offers us the first comprehensive survey of Warren s complete canon including the poetry of 1980 The temptation for everyone who has written on Warren our most distinguished man of letters still active in American literature asserts Justus is to analyze those themes and moral situations that because they recur so frequently and obsessively constitute the massive centrality of an entire corpus Justus attempts to emphasize the ways by which we become aware of such themes and situations the technical accomplishment of their rendering which alone justifies our thinking of Warren as a literary artist The Achievement of Robert Penn Warren shows how Warren s work his fiction poetry literary criticism historical and personal essays journalism is shaped largely by the circumstances not only of his birth and early career as a border state southerner but also oh his training and later career as a transregional artist and intellectual Dividing his book into four parts Justus discusses in Part I Warren s cycle of themes the most enduring of which is self knowledge the very source of Warren s life work He devotes Part II to Warren s poetry the mannered archaism of his early work the increasing mastery of the tendencies practiced by his fellow Agrarians the metaphysical mode and the advantage of technique in his most recent poems Part III concern s Warren s nonfiction prose with emphasis on Who Speaks for the Negro and I ll Take My Stand In Part IV Justus analyzes the novels as political and moral statements in Night Rider At

Heaven's Gate and All the King's Men as romance and history in World Enough and Time Band of Angels and Wilderness and as art of transparency in The Cave Flood Meet Me in the Green Glen and A Place to Come To Justus demonstrates Warren's relish for crowded densities of actuality as fulfilled in the novelist's skill in observing detail No other writer has made so much out of our cultural artifacts WPA murals big houses and shotgun bungalows letters and broadsides Warren continues in a southern literary tradition The values of the country and small town those affecting attitudes toward social cohesion and Christian assumptions about the nature of man are often seen in conflict with the values of a life governed by art and the academy Justus also places Warren's work in the larger context of the various streams of American writing of the nineteenth and early twentieth centuries He cites in particular Warren's unresolved relationship to Emerson and compares Warren to Mark Twain and Nathaniel Hawthorne In examining Warren's technical accomplishments Justus proclaims the novelist poet to be a man whose distinguished career has surpassed those of Edmund Wilson and Allen Tate Warren calls himself a little footnote in the long history of the intellectual tension between transcendentalism and puritanism Certainly readers of The Achievement of Robert Penn Warren will begin to understand how Warren's discrete works relate to each other how from poems to novels to prose early and late nothing is lost The undertaking by Justus is massive the accomplishment monumental

Audubon A Vision extols the power of imagination in one man's quest to assert an American identity in the wilderness and Chief Joseph of the Nez Perce regards the victimization of Native Americans and their exclusion from traditional versions of American history as evidence of flaws in the founding vision In his nonfiction works Segregation and Who Speaks for the Negro Warren depicted the civil rights movement as a struggle for identity and individualism Ruppensburg traces the development of Warren's attitudes arguing that his support of the civil rights movement paradoxically stemmed from agrarianism which by the 1950s meant something very different to him from the agrarianism of I'll Take My Stand In addition Warren hoped that the civil rights movement would restore some of the nation's original revolutionary ardor and idealism The book closes with an examination of Warren's views on the future of democracy and the individual in a world dominated and threatened by science and technology Looking particularly at The Legacy of the Civil War Democracy and Poetry and the poem New Dawn Ruppensburg concludes that Warren was skeptical about our prospects for survival Still through his advocacy of the arts and the primacy of the individual Warren affirmed the values that he believed would help Western culture to endure Robert Penn Warren sought to explore the meaning of the American experience to validate the promise and the dangers of American ideals and to urge the nation to take stock of itself and struggle for control of its fate in history Through this obsessive search for America's identity Ruppensburg demonstrates Warren affirmed his own position as one of the most accomplished and significant of modern American writers

### **African American Servitude and Historical Imaginings M.**

Jordan, 2004-08-20 In *African American Servitude and Historical Imaginings* Margaret Jordan initiates a new way of looking at the African American presence in American literature Twentieth century retrospective fiction is the site for this compelling investigation about how African American servants and slaves have enormous utility as cultural artifacts objects to be acted upon agents in place or agents provocateurs Jordan argues that those who even those seemingly innocuous infrequently visible or silent servants are vehicles through which history culture and social values and practices are cultivated and perpetuated challenged and destabilized Jordan demonstrates how African American servants and servitude are strategically deployed and engaged in ways which encourage a rethinking of the past She examines the ideological underpinnings of retrospective fiction by writers who are clearly social theorists and philosophers Jordan contends that they do not read or misread history they imagine history as meditations on social realities and reconstruct the past as a way to confront the present

### **Our Conrad**

Peter Mallios, 2010-09-21 *Our Conrad* is about the American reception of Joseph Conrad and its crucial role in the formation of American modernism Although Conrad did not visit the country until a year before his death his fiction served as both foil and mirror to America's conception of itself and its place in the world Peter Mallios reveals the historical and political factors that made Conrad's work valuable to a range of prominent figures including Fitzgerald Faulkner Richard Wright Woodrow Wilson and Theodore and Edith Roosevelt and explores regional differences in Conrad's reception He proves that foreign authored writing can be as integral a part of United States culture as that of any native Arguing that an individual writer's apparent national gendered racial political identity is not always a good predictor of the diversity of voices and dialogues to which he gives rise this exercise in transnational comparativism participates in post Americanist efforts to render American Studies less insular and parochial

The Fable of the Southern Writer Lewis P. Simpson, 2003-10-14 With a breadth and depth unsurpassed by any other cultural historian of the South Lewis Simpson examines the writing of southerners Thomas Jefferson John Randolph Mark Twain Robert Penn Warren Allen Tate William Faulkner Elizabeth Madox Roberts Arthur Crew Inman William Styron and Walker Percy Simpson offers challenging essays of easy erudition blessedly free of academic

jargon They do not propose to support an overall thesis but simply explore the southern writer's unique relationship with his or her region bereft of myth and tradition in the grasp of science and history *Library Journal*      *Seeing Into the Life of Things* John L. Mahoney, 1998 As the discourse of contemporary cultural studies brings questions of race, nationality, and gender to the center of critical attention nowadays there is a strong sense that religious or perhaps religious experience should command the attention of the academic and wider reading community *Seeing into the Life of Things* is a response to that need. By combining the theoretical and the practical, this book serves as both a pioneering scholarly contribution to a developing field and a valuable guide for those who read, reflect on, and discuss points of intersection of religion and literature. The contributors to this pioneering study represent a range of voices and viewpoints: some of them established leaders in their fields, others in the process of becoming new leaders. E. Dennis Taylor, Joseph Appleyard, Philip Rule, John Boyd, and Jane and Charles Rzepka work toward the development of a discourse that can take its place with discourses that have developed around a New Historicism and Feminism. Robert Kiely, Stephen Fix, Keven Van Anglen, J. Robert Barth, Richard Kearney, Henry Louis Gates Jr., Judith Wilt, John L. Mahoney, David Leigh, Melinda Ponder, John Anderson, and Michael Raiger offer more focused approaches to writers as varied as Gerard Manley Hopkins, Katherine Lee Bates, Flannery O'Connor, Wallace Stevens, T. S. Eliot, and Seamus Heaney, and to special genres like spiritual autobiography and film.      **Robert Penn Warren** Charles H. Bohner, 1981 Provides in-depth analysis of the life, works, career, and critical importance of Robert Penn Warren.      **Encyclopedia of American Poetry: The Twentieth Century** Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry: The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems, along with many articles devoted to topics, schools, or periods of American verse in the century. Entries fall into three main categories: poet entries which provide biographical and cultural contexts for the author's career; entries on individual works which offer closer explication of the most resonant poems in the 20th-century canon; and topical entries which offer analyses of a given period of literary production, school, thematically constructed category, or other verse tradition that historically has been in dialogue with the poetry of the United States.
