Robert Stivers Photographs:

Robert Stivers Robert Stivers, A. D. Coleman, 1997 Robert Stivers has explored the nexus of desire and memory in photographs that are hauntingly erotic The images published here also possess a mysterious melancholy feeling and often turn on eroticism and death For Stivers the image is most often about the human figure in space modeled by light often reduced to the simplest forms Embracing the abstract potential of the photograph the artist mines the subconscious in a performative act of seeing and recording This the artist's first book offers a contemplative visual journey The photographs are accompanied by an illuminating essay by A D Coleman Staging Pictures Andy Burgess, 2017-12-20 Robert Stivers is an internationally recognized photographer The images presented here are from Stivers's working Polaroid prints shot with a Hasselblad camera for instant proofing of lighting and composition of his subjects including both models and still lifes usually in a controlled studio setting These previously unseen images photographed in the 1980s and 90s were used as working prints and then long hidden away in the artist's archives Stivers hand worked the surfaces of these Polaroids using various materials to scratch color burn and collage them inspiring him to create his finished exhibition photographs This first edition is limited to 450 copies each signed and numbered by the artist with 40 full color images and a thumbnail index in back of book This is Stivers sixth book to date

Robert Stivers Robert Stivers, 2006 Stivers born 1953 takes us into alcoholic twilight Shuddering exiles in watery purgatory the human figures as well as forests clouds plants works of art and even architecture seem never actually to have existed Each photograph visualizes the anguished lament of the current that runs through him All of this mirrors his dream books and journals where the trials of actual experience and his mind's nocturnal dream machinery are indistinguishable Stivers's pictures are figments of his material philosophy of escape Eugenia Parry

Robert Stivers Robert Stivers, John Wood, 2003 A large volume private exhibition of decadent classicism in contemporary photos This unusual suite of photographs uses the poetic form of Sestina combined with other signature Stivers elements Romanticism mysticism Gothic and Baroque art Symbolism and film With a contemporary edge eerily recalling the past the photos seem dredged up from a seance Named after a complex French poetic form based upon repetition the Sestina was practiced by Swinburne Kipling and Auden and transformed by Ezra Pound T S Eliot and Elizabeth Bishop Here John Woods poetry illuminates Stivers surreal imagery Stories from the Camera Michele M. Penhall, 2016-03-15 The remarkable photography collection of the University of New Mexico Art Museum owes its unique character and quality to the directors curators scholars and artists who have taught worked and studied at the museum and in the university's Department of Art and Art History In this indispensable book these distinguished scholars and artists reflect on the pictures from the collection that hold significance to them Through their own professional and artistic practice they represent different generations of aesthetic voices and intellectual directions As one of the earliest collegiate institutions to begin collecting photography the University of New Mexico Art Museum holds a stunning array of images that span photography's 175 year history In addition

to iconic works by famous photographers this book also features less familiar but equally masterful pictures Together these essays represent a unique history of photography and this renowned museum The Focal Press Companion to the Constructed Image in Contemporary Photography Marni Shindelman, Anne Massoni, 2018-09-03 This compendium examines the choices construction inclusions and exemptions and expanded practices involved in the process of creating a photograph Focusing on work created in the past twenty five years this volume is divided into sections that address a separate means of creating photographs as careful constructs Directing Spaces Constructing Places Performing Space Building Images and Camera less Images Introduced by both a curator and a scholar each section features contemporary artists in conversation with curators critics gallerists artists and art historians The writings include narratives by the artist writings on their work and examinations of studio practices This pioneering book is the first of its kind to explore this topic beyond those artists building sets to photograph New York Magazine ,1997-09-08 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Six Stories from the End of Representation James Elkins, 2008 Six Stories is a radically new look at the intersection of science and art through failed images **The Elements of Photography** Angela Faris Belt, 2014-06-20 Photography is a complex craft Some excel at the technical side of image making focusing perfectly on the subject releasing the shutter at just the right moment and making exposures with the precise amount of light Others are artists and storytellers capturing a fleeting moment in time which inspires a viewer to gaze upon an image and ponder its meaning The best photographers are masters of both In this highly visual informative new book Angela Faris Belt discusses the four crucial elements of photography that are essential for successful technical and conceptual image making the photographic frame and its borders quality of focus as determined by the aperture or lens shutter speeds and their effects in relation to time and motion the physical media used to create the aggregate image Step by step guidance including informative screen shots traditional darkroom and Photoshop techniques suggested exercises and before and after images help both film and digital photographers improve their skills learn new techniques and better understand their craft More than 300 stunning full color images and portfolios featuring the work of over 40 prestigious artists provide visual inspiration as well as a gorgeous collection of artwork for photography enthusiasts Popular Photography ,1999-12 **Celebrating Twenty Years** Hood Museum of Art, Katherine W. Robert Stivers Photographs Introduction

In today's digital age, the availability of Robert Stivers Photographs books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Robert Stivers Photographs books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Robert Stivers Photographs books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Robert Stivers Photographs versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Robert Stivers Photographs books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Robert Stivers Photographs books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Robert Stivers Photographs books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational

institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Robert Stivers Photographs books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Robert Stivers Photographs books and manuals for download and embark on your journey of knowledge?
