Self,2002 With his complex and unconventional films Robert Altman often draws an impassioned response from critics but bafflement and indifference from the general public Some audiences have dismissed his movies as insignificant unsatisfying and unreadable Ironically Altman might agree he makes films in order to challenge filmgoers' expectations of straightforward narratives and easily understood endings In Robert Altman's Subliminal Reality Robert T. Self sheds light on Altman's work and provides the most comprehensive analysis of his films to date With close readings of classics like MASH McCabe Mrs Miller and Nashville as well as the more recent films The Player Short Cuts and Cookie's Fortune Self asserts the value of Altman's work not only to film theory and the entertainment industry but to American culture Book jacket **A Companion to Robert Altman** Adrian Danks,2015-06-22 A Companion to Robert Altman presents myriad aspects of Altman's life career influence and historical context This book features 23 essays from a range of experts in the field providing extensive coverage of these aspects and dimensions of Altman's work The most expansive and wide-ranging book yet published on Altman providing a comprehensive account of Altman's complete career Provides discussion and analysis of generally neglected aspects of Altman's career including the significance of his work in television and industrial film the importance of collaboration and the full range and import of his aesthetic innovations Includes essays by key scholars in Altman studies bringing together experts in the field emerging scholars and writers from a broad range of fields Multi-disciplinary in design and draws on a range of approaches to Altman's work being the first substantial publication to make use of the recently launched Robert Altman Archive at the University of Michigan Offers

Altman Francis Coppola William Friedkin and others in the 1980s as far from conforming to a monolithic pattern of decline but rather as diverse and complex responses to political and industrial changes The 1980s are routinely seen as the era of the blockbuster and of Reaganite entertainment whereas the dominant view of late 1960s and early 1970s American film history is that of a Hollywood Renaissance a relatively brief window of artistry based around a select group of directors Yet key directors associated with the Renaissance period remained active throughout the 1980s and their work has been obscured or dismissed by a narrow singular model of American film history This book deals with industrial contexts that conditioned these directors ability to work creatively but it is also very much about the analysis of individual films bringing to light a range of unheralded work from the visual experimentation of *One from the Heart* Coppola 1981 to the experimental production contexts of *Secret Honor* Altman 1984 and the stylistic lan of *To Live and Die in L A* Friedkin 1985 Behind the homogenous picture of the decline of the auteur in 1980s American cinema are films and careers that merit greater attention and this book offers a new way to perceive individual films American film history and the viability of sustained authorial creativity within post studio era Hollywood

Creatures of Darkness Gene D. Phillips, 2014-07-11 More than any other writer Raymond Chandler 1888 1959 is responsible for raising detective stories from the level of pulp fiction to literature Chandler's hard boiled private eye Philip Marlowe set the standard for rough brooding heroes who managed to maintain a strong sense of moral conviction despite a cruel and indifferent world Chandler's seven novels including *The Big Sleep* 1939 and *The Long Goodbye* 1953 with their pessimism and grim realism had a direct influence on the emergence of film noir Chandler worked to give his crime novels the flavor of his adopted city Los Angeles which was still something of a frontier town rife with corruption and lawlessness In addition to novels Chandler wrote short stories and penned the screenplays for several films including *Double Indemnity* 1944 and *Strangers on a Train* 1951 His work with Billy Wilder and Alfred Hitchcock on these projects was fraught with the difficulties of collaboration between established directors and an author who disliked having to edit his writing on demand *Creatures of Darkness* is the first major biocritical study of Chandler in twenty years Gene Phillips explores Chandler's unpublished script for *Lady in the Lake* examines the process of adaptation of the novel *Strangers on a Train* discusses the merits of the unproduced screenplay for *Playback* and compares Howard Hawks's director's cut of *The Big Sleep* with the version shown in theaters Through interviews he conducted with Wilder Hitchcock Hawks and Edward Dmytryk over the past several decades Phillips provides deeper insight into Chandler's sometimes difficult personality Chandler's wisecracking Marlowe has spawned a thousand imitations *Creatures of Darkness* lucidly explains the author's dramatic impact on both the literary and cinematic worlds demonstrating the immeasurable debt that both detective fiction and the neo noir films of today owe to Chandler's stark vision

"Short Cuts" and American Life and Society in Early Nineties Hasti Sardashti, 2011-10-27 Prior and during the time Altman's *Short Cuts* was developed and shaped Americans experienced over a decade of Republican administration represented by Reagan and Bush extreme right wing national policies and an ill economy On 9 November 1989 with the fall of Berlin Wall America and whole world experienced one of the most extreme changes in the history of the twentieth century the end of the cold war and the beginning of a new post Cold war era Hardly anyone could have foreseen the end of communism in the Soviet Union and in Eastern Europe during that time The demise of the Soviet Union left the United States the sole remaining superpower a position that carried its own risks and problems With this extreme change of dichotomy between the two world powers on which was the base of the national and international politics for more than fifty years and also a major coping mechanism for the people by splitting between the Good and Bad God and Evil Communism and Democracy in late 1980s and early 1990s it came to a break down of the known structures which were experienced as very frightening by American people I wonder if *Short Cuts* was an attempt by Robert Altman in the early 90s to comfort all these anxious and helpless people who were confused and who couldn't understand why things happen to them what happened to them and asking themselves why What did we do wrong

What if this did not happen and that happened The Robert Altmans Short Cuts and American Society and American Life in the Early Nineties is an attempt to examine all these notions and understand what is about Short Cuts making it to become such a timeless and unique movie
