The Cambridge Modern History, [Irish Immigrants in the Land of Canaan](#) Kerby A. Miller, 2003 Publisher's description Irish Immigrants in the Land of Canaan is a monumental study of early Irish Protestant and Catholic immigration to America Through exhaustive research and analysis of the migrants letters and memoirs the editors explore why the immigrants left Ireland how they adapted to colonial and revolutionary America and how their experiences and attitudes shaped society culture and politics and created modern Irish and Irish American identities in America and Ireland alike

A Treatise on Northern Ireland, Volume I Brendan O'Leary, 2019-04-11 This brilliantly innovative synthesis of narrative and analysis illuminates how British colonialism shaped the formation and political cultures of what became Northern Ireland and the Irish Free State A Treatise on Northern Ireland Volume I provides a somber and compelling comparative audit of the scale of recent conflict in Northern Ireland and explains its historical origins Contrasting colonial and sectarianized accounts of modern Irish history Brendan O'Leary shows that a judicious meld of these perspectives provides a properly political account of direct and indirect rule and of administrative and settler colonialism The British state incorporated Ulster and Ireland into a deeply unequal Union after four reconquests over two centuries had successively defeated the Ulster Gaels the Catholic Confederates the Jacobites and the United Irishmen and their respective European allies Founded as a union of Protestants in Great Britain and Ireland rather than of the British and the Irish nations the colonial and sectarian Union was infamously punctured in the catastrophe of the Great Famine The subsequent mobilization of Irish nationalists and Ulster unionists and two republican insurrections amid the cataclysm and aftermath of World War I brought the now partly democratized Union to an unexpected end aside from a shrunken rump of British authority baptized as Northern Ireland Home rule would be granted to those who had claimed not to want it after having been refused to those who had ardently sought it The failure of possible federal reconstructions of the Union and the fateful partition of the island are explained and systematically compared with other British colonial partitions Northern Ireland was invented in accordance with British interests to resolve the hereditary animosities between the descendants of

Irish natives and British settlers in Ireland In the long run the invention proved unfit for purpose Indispensable for explaining contemporary institutions and mentalities this volume clears the path for the intelligent reader determined to understand contemporary Northern Ireland *Edwards's Military Catalogue* Francis Edwards (Firm),1908 **Political Trials in an Age of Revolutions** Michael T. Davis,Emma Macleod,Gordon Pentland,2018-12-30 This collection provides new insights into the Age of Revolutions focussing on state trials for treason and sedition and expands the sophisticated discussion that has marked the historiography of that period by examining political trials in Britain and the north Atlantic world from the 1790s and into the nineteenth century In the current turbulent period when Western governments are once again grappling with how to balance security and civil liberty against the threat of inflammatory ideas and actions during a period of international political and religious tension it is timely to re examine the motives dilemmas thinking and actions of governments facing similar problems during the Age of Revolutions The volume begins with a number of essays exploring the cases tried in England and Scotland in 1793 94 and examining those political trials from fresh angles including their implications for legal developments their representation in the press and the emotion and the performances they generated in court Subsequent sections widen the scope of the collection both chronologically through the period up to the Reform Act of 1832 and extending as far as the end of the nineteenth century and geographically to Revolutionary France republican Ireland the United States and Canada These comparative and longue dur e approaches will stimulate new debate on the political trials of Georgian Britain and of the north Atlantic world more generally as well as a reassessment of their significance This book deliberately incorporates essays by scholars working within and across a number of different disciplines including Law Literary Studies and Political Science **It's Part of What We Are - Volumes 1 and 2 - Volume 1: Richard Boyle (1566-1643) to John Tyndall (1820-1893); Volume 2: Samuel Haughton (18210-1897) to John Stewart Bell (1928-1990)** Charles Mollan,2007-11-15 Biographies of more than 100 Irish scientists or those with strong Irish connections in the disciplines of Chemistry and Physics including Astronomy Mathematics etc describing them in their Irish and international scientific social educational and political context Written in an attractive informal style for the hypothetical educated layman who does not need to have studied science Well received in Irish and international reviews
