 Jeff Power was lighting a fire in his remote Arizona cabin when he heard a noise grabbed his rifle and walked out the front
 door Someone in the dark shouted Throw up your hands Shots rang out from inside and outside the cabin and when it was all
 over Jeff s sons Tom and John emerged to find the sheriff and his two deputies dead and their father mortally wounded
 Arizona s deadliest shoot out happened not in 1881 but in 1918 as the United States plunged into World War I and not in
 Tombstone but in a remote canyon in the Galiuro Mountains northeast of Tucson Whereas previous accounts have portrayed
 the gun battle as a quintessential western feud historian Heidi J Osselaer explodes that myth and demonstrates how the
 national debate over U S entry into the First World War divided society at its farthest edges creating the political and social
 climate that lead to this tragedy A vivid thoroughly researched account Arizona s Deadliest Gunfight describes an
 impoverished family that wanted nothing to do with modern civilization Jeff Power had built his cabin miles from the nearest
 settlement yet he could not escape the federal government s expanding reach The Power men were far from violent criminals
 but Jeff had openly criticized the Great War and his sons had failed to register for the draft To separate fact from dozens of
 false leads and conspiracy theories Osselaer traced the Power family s roots back several generations interviewed
 descendants of the shoot out s participants and uncovered previously unknown records What happened to Tom and John
 Power afterward is as stirring and tragic a story as the gunfight itself Weaving together a family based local history with
 national themes of wartime social discord rural poverty and dissent Arizona s Deadliest Gunfight will be the authoritative
 account of the 1918 incident and the memorable events that unfolded in its wake **Our Paper** ,1915 *Notes and*

and the Erosion of the Self in Late Modernity Barbara Dowds,2018-04-19 Depression is not a disease of the brain a genetic
 disability or even a mood disorder Rather shutdown numbness or sadness are non pathological adaptations to adverse
 childhood and adult environments This challenging book thus understands depression as a wise response to an unliveable
 situation It can teach us what is wrong with our lives and what we must learn in order to go beyond symptom relief and
 reconnect to our most fundamental needs relational existential and spiritual Because moods shape how we engage with our
 outer and inner worlds they underlie all human behaviour If the sociocultural world is toxic or frustrates our core needs we
 will withdraw to protect ourselves Those who have encountered a non facilitating environment in childhood will be even more

sensitive to adult stresses since their self organisation is fragile and non resilient As depression is so complex understanding it demands an integrative approach
