War & Revolution in Asiatic Russia Morgan Philips Price, 1918 **Russia's War Against Ukraine** Mark Edele, 2023-08-15 In February 2022 Russia launched a full scale invasion of Ukraine a fellow East Slav state with much shared history Mark Edele a world authority on the history of the Soviet Union explains why and how this conflict came about He considers competing historical claims and arguments with authority and lucidity His primary focus however is on the different paths taken by these two former members of the Soviet Union Since the implosion of that state in 1991 Ukraine has

developed a vibrant if often troubled democracy For an increasingly dictatorial Russian political elite including but not limited to Vladimir Putin Ukraine has appeared more and more threatening Humiliated by the degradation of Russia's international standing feeling betrayed by an expanding NATO and anxious about democratic revolutions in the former Soviet space Putin and his allies have increasingly retreated into a resentful ultra nationalism Dreams of past imperial glory stand in place of any attempt to solve the problems of the present

to the last waves of violence in 1923. As the very notion of independent Lithuania was constructed during the war, violence is seen as an essential part of the formation of Lithuanian state, nation, and identity. War was much more than simply the historical context in which the tectonic shift from empire to nation state took place. It transformed people, policies, institutions, and modes of thought in ways that would continue to shape the nation for decades after the conflict subsided. In telling the story of the post WWI conflict in Lithuania, *War, Revolution, and Nation Making in Lithuania, 1914-1923* focuses on the soldiers and civilians involved in the conflict rather than the strategies and acts of politicians, generals, or diplomats. The volume's two main themes are the impact of military, social, and cultural mobilizations on the local population and different types of violence that were so characteristic of the region throughout the period. The actors in this story are people displaced by war and mobilized for war: refugees, veterans, volunteers, peasant conscripts, POWs, paramilitary fighters, and others who took to guns, not diplomacy, to assert their power. This is the story of how their lives were changed by war and how they shaped the society that emerged after war.
