Security and Stability in the Baltic Region Richard Latter,1994 The ongoing efforts to forge co operative links in the Nordic and Baltic regions have not as yet proceeded to the point where memories of recent confrontation and repression have been dissipated These continue to hinder efforts to forge a stable and peaceful regional security environment This report concludes that all parties must be persuaded to engage in a positive and co operative dialogue and the behaviour of the nation states and multilateral organizations which are active in the region is encouraging *Subject Guide to Books in Print* ,1991 **The Illustrated London News** ,1843 **Free Press and Diplomatic Review** ,1855 *The London Journal* ,1873 The Engineer ,1893 European Security and Defence Richard Latter,1995 As the century draws to a close this report argues that there is a need to maintain close transatlantic security ties and to expand these to include the security interests of Eastern Europe including Russia in a stable and co operative European security system It concludes that there are grounds for optimism Despite evident introspection in the West and economic and social disruption in Eastern Europe a strong spirit of co operation is being nurtured which is increasingly evident in the areas of trade arms control and co operation on regional crises **Russia and its Near Neighbours** M.
