Russia Of The Tsars

Astolphe marquis de Custine

Russia Of The Tsars:

Russia Of The Tsars Peter Waldron, 2011-04-26 Between the seventeenth century and the 1917 revolution the Russian Tsars became absolute rulers of the largest and most diverse empire in the world The splendor of their court and their capital city St Petersburg was extraordinary but this imperial edifice was supported by the toil of millions of serfs tied to the land and brutally repressed The vast majority of the people were uneducated yet Russia produced writers artists and composers of world importance The Tsars created a mighty army but it failed them in the Crimea and in World War I This empire of contradictions was to have a profound influence on both Europe and Asia Peter Waldron tells the stories of all the Russians exploring how the vastness of the empire and its extremes of climate affected the lives of rulers and peasants alike He recounts how Peter the Great and later Tsars built the empire and describes some of the individuals who worked for and against social change in Russia Box features on specific people places and events and many quotations from Russian sources bring this saga vividly to life The ten facsimile documents include a 1710 map of St Petersburg a newspaper report on the Crimean War and the announcement of Nicholas II's abdication in 1917 [Russia of the Tsars](#) Jim Strickler, 1998 Describes the history of Russia under the tsars from its beginnings before 1598 to the Revolution of 1917 *Empire of the Czar* Astolphe marquis de Custine, 1989 Translation of *La Russie en 1839* Describes a French aristocrat's adventures a century and a half ago painting portraits of the Russians from the Czar and his courtiers to the peasants **The Last of the Tsars** Robert Service, 2017-09-05 A riveting account of the last eighteen months of Tsar Nicholas II's life and reign from one of the finest Russian historians writing today In March 1917 Nicholas II the last Tsar of All the Russias abdicated and the dynasty that had ruled an empire for three hundred years was forced from power by revolution Now Robert Service the eminent historian of Russia examines Nicholas's life and thought from the months before his momentous abdication to his death with his family in Ekaterinburg in July 1918 The story has been told many times but Service's deep understanding of the period and his forensic examination of previously untapped sources including the Tsar's diaries and recorded conversations as well as the testimonies of the official inquiry shed remarkable new light on his troubled reign also revealing the kind of Russia that Nicholas wanted to emerge from the Great War The Last of the Tsars is a masterful study of a man who was almost entirely out of his depth perhaps even willfully so It is also a compelling account of the social economic and political ferment in Russia that followed the February Revolution the Bolshevik seizure of power in October 1917 and the beginnings of Lenin's Soviet socialist republic **Russia Under the Last Tsar** Theofanis G. Stavrou, 1969 The reign of Russia's last tsar Nicholas II from 1894 to 1917 constitutes a period of continuing controversy among historians Interesting in its own right it is also a time of great importance to an understanding of the cataclysmic events which follow [The Empire of the Tsars and the Russians](#) Anatole Leroy-Beaulieu, 2025-05-22 The Empire of the Tsars and the Russians Volume 3 by Anatole Leroy Beaulieu originally published in 1896 offers a comprehensive exploration of Tsarist Russia during a pivotal era This volume

provides insights into the political social and cultural aspects of the Russian Empire reflecting on its vast territory and diverse population Leroy Beaulieu s detailed analysis covers the structure of the government the role of the Tsar and the influence of various social classes Readers gain an understanding of the complex dynamics shaping Russia s identity in the late 19th century This historical account is valuable for anyone interested in the history of Russia and its lasting impact on the world This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant [The Tsars](#)

Alexander Ivanov,2018-12-15 The tsars of Russia reigned as absolute monarchs long past the time when the authority of other sovereigns had been curtailed Here historian Alexander Ivanov reveals their fears and betrayals privilege and debauchery conspiracies and rivalries love and tragedy as they forged Russia into one of the world s greatest empires No ruler in history has embodied the oppressive domination of these rulers more vividly than Alexander Ivanov s opening subject Tsar Ivan IV the first of all the Russian tsars known to history as Ivan the Terrible Although a gifted ruler who did much to unite and improve the conditions in his primitive country Ivan was also a notorious sadist who delighted in torturing and murdering anyone who displeased him Ivan s death in 1584 ushered in the Time of Troubles thirty five years of famine plague and war that crippled the nation A series of rulers attempted to cope with the devastation beginning with Ivan s successor Boris Godunov Finally grasping for stability Russia s nobles begged young Michael Romanov the great nephew of Ivan s beloved wife Anastasia to take the throne Michael successfully united the war torn and ravaged nation and founded a dynasty that would rule for 300 years The Romanov line produced Russia s most brilliant yet most unconventional sovereign Peter the Great a towering figure of a man whose restless creative mind led him on an inexorable quest to modernize and civilize the still backward nation The reforms he enacted so enraged nobles and peasants alike that Peter had to quash a series of rebellions to keep his crown Ruthlessly stifling dissent and massacring rebels he ultimately cowed the Russian people into submission achieving a legacy that nearly equaled his ambitions It was left to a woman and a foreigner at that to lead the nation further out of the darkness German princess Sophie Friederike Auguste of Anhalt Zerbst known to the world as Catherine the Great absorbed the principles of the eighteenth century Enlightenment and applied them to a country built on

the backs of millions of serfs However ineffective some of her policies in the end she made Russia a major player on the European stage Serfdom was finally abolished in the nineteenth century but it would be decades before Russian peasants could own land of their own and learn to farm it productively The boyars and tsars clung to power until the Bolshevik revolution of 1917 The sad fate of the last tsar Nicholas II and his family marked the end of the absolute power that Ivan the Terrible had so exploited The abuses would continue but under a new and drastically different form of government Russia Under Three Tsars Michael N. Kalantar, 2015-08-09 REDISCOVERED EYEWITNESS HISTORY Opening with an intimate dramatic account of the assassination of Tsar Alexander II in 1881 this long lost history describes the personalities and actions of the last tsars during the years leading up to the Russian Revolution Glittering royals politicians military officers scoundrels and anarchists all walk across these pages as they did in life during the last years of the tsars Alexander II Alexander III and the last tsar the ill fated Nicholas II each attempted to forestall the forces of revolution This eyewitness history is based on exclusive access to the original manuscript memoirs of Count Loris Melikov Tsar Alexander II's chief minister and by the author's personal experience in Tsar Nicholas II's government as Secretary in Chief of the Duma Appendix Interview with Count Leo Tolstoy Edited and with an introduction by Irene Vartanoff **The Last of the Tsars** Robert Service, 2017 In March 1917 Nicholas II the last Tsar of All the Russias abdicated and the dynasty that had ruled an empire for three hundred years was forced from power by revolution Now on the hundredth anniversary of that revolution Robert Service the eminent historian of Russia examines Nicholas's reign in the year before his abdication and the months between that momentous date and his death with his family in Ekaterinburg in July 1918 The story has been told many times but Service's profound understanding of the period and his forensic examination of hitherto untapped sources including the Tsar's diaries and recorded conversations shed remarkable new light on his reign also revealing the kind of ruler Nicholas believed himself to have been contrary to the disastrous reality The Last of the Tsars is a masterful study of a man who was almost entirely out of his depth perhaps even willfully so It is also a compelling account of the social economic and political ferment in Russia in the aftermath of Alexander Kerensky's February Revolution the Bolshevik seizure of power in October 1917 and the beginnings of Lenin's Soviet republic Publisher *The empire of the tsars an the Russians* Anatole Leroy-Beaulieu, 1893

The book delves into Russia Of The Tsars. Russia Of The Tsars is an essential topic that needs to be grasped by everyone, ranging from students and scholars to the general public.
