

RUSSIA UNDER THE BOLSHEVIK REGIME 1919-1924

RICHARD PIPES

"A tremendously distinguished work of revisionist history... It is rare that a book is both completely revisionist and liable to become the standard text on its subject. This is one"

ANDREW ROBERTS, DAILY TELEGRAPH

Russia Under The Bolshevik Regime 1919 1924

Ying Liu

Russia Under The Bolshevik Regime 1919 1924:

Russia Under the Bolshevik Regime Richard Pipes, 1993 This is the final volume in Richard Pipes magisterial history of the Russian Revolution covering the period from the outbreak of the Civil War in 1918 to Lenin s death in 1924

Russia Under the Bolshevik Regime, 1919-1924 Richard Pipes, 1994 This is the second of two volumes covering the origins and progress of the Bolshevik Revolution They provide a complete account of the Russian Revolution which made a large impact on the 20th century subjecting a large part of the Earth s population to the Communist experiment

The "Russian" Civil Wars, 1916-1926 Jonathan Smele, 2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book s focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author s concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow

The Bolsheviks and Britain during the Russian Revolution and Civil War, 1917-24 Evgeny Sergeev, 2022-06-16 This book analyses the principal aspects of the relations between Soviet Russia USSR and Britain in the crucial phase of their formation namely the period from 1917 to 1924 Using previously unavailable and largely unknown archival records and memoirs published by statesmen diplomats and military commanders directly involved in the events Evgeny Sergeev not only reconstructs the dynamics of the interaction between Moscow and London but also strips its key episodes of common myths and stereotypes The most debatable issues to which this study draws its primary attention include Britain s role in the Entente armed intervention against the Bolshevik regime as well as a series of reciprocate attempts to avoid political controversies and London s contribution to humanitarian aid and the economic recovery of post revolutionary Russia Special consideration is also given to the impact of British diplomacy on the recognition of the USSR by other great powers like France Italy and Japan in the mid 1920s

Historical Dictionary of the Russian Civil Wars, 1916-1926 Jonathan D. Smele, 2015-11-19 This book is a detailed reference of the twentieth century struggles that were waged across and beyond the decaying Russian Empire at the end of the First World War as tsarism and democratic alternatives to it collapsed and the world s first Communist state the Union of Soviet Socialist Republics was born At the same time it is a necessary corrective to studies that have viewed events

of the time as a unitary Russian Civil War that sprang from the Russian Revolution of 1917. Instead, it contributes to the ongoing process of integrating the civil wars into a continuum of crises that wracked the Russian Empire and its successor states across a prolonged period. The Historical Dictionary of the Russian Civil Wars 1916-1926 covers the history of this period through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has almost 2,000 cross-referenced entries on individuals, political and governmental institutions, and political parties and military formations and concepts, as well as religion, art, film, propaganda, uniforms, and weaponry. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Russian Civil War.

A History of Modern Russia from Nicholas II to Vladimir Putin Robert Service, 2005. Robert Service here presents a comprehensive overview of 20th-century Russian history that treats the years from 1917 to 2000 as a single period and analyses the peculiar mixture of political, economic, and social ingredients that made up the Soviet compound.

Russia, 1855-1991 Peter Oxley, 2001. Written for the AS/A2 examinations, this book focuses on exam-board selected topics. It covers almost 150 years of Russian history from Alexander II through Glasnost to the modern times. It deals with the period 1895-1941, with separate chapters on the Russian Revolution, Lenin, and Stalin.

The Soviet Century Karl Schlögel, 2024-09-24. An encyclopedic and richly detailed history of everyday life in the Soviet Union. The Soviet Union is gone, but its ghostly traces remain, not least in the material vestiges left behind in its turbulent wake. What was it really like to live in the USSR? What did it look, feel, smell, and sound like? In *The Soviet Century*, Karl Schlögel, one of the world's leading historians of the Soviet Union, presents a spellbinding epic that brings to life the everyday world of a unique, lost civilization. A museum of and travel guide to the Soviet past, *The Soviet Century* explores in evocative detail both the largest and smallest aspects of life in the USSR: from the Gulag, the planned economy, the railway system, and the steel city of Magnitogorsk to cookbooks, military medals, prison camps, tattoos, and the ubiquitous perfume Red Moscow. The book examines iconic aspects of Soviet life, including long queues, outside shops, cramped communal apartments, parades, and the Lenin Mausoleum, as well as less famous but important parts of the USSR, including the Great Soviet Encyclopedia, the voice of Radio Moscow, graffiti, and even the typical toilet, which became a pervasive social and cultural topic. Throughout the book, Schlögel shows how Soviet life simultaneously combined utopian fantasies, humdrum routine, and a pervasive terror symbolized by the Lubyanka, then and now the headquarters of the secret police. Drawing on Schlögel's decades of travel in the Soviet and post-Soviet world and featuring more than eighty illustrations, *The Soviet Century* is vivid, immediate, and grounded in firsthand encounters with the places and objects it describes. The result is an unforgettable account of the Soviet Century.

The Soviet Elite from Lenin to Gorbachev Evan Mawdsley, Stephen White, 2000-03-09. This ground-breaking book examines the Soviet ruling elite over the entire period of Communist rule. It serves as a collective biography of nearly two thousand people who served on the Communist Party's Central Committee from 1917 to 1991. The book is based on archival research only available after the collapse of communism.

and extensive interviews with former Central Committee members *Access to History: Russia 1894-1941 for OCR Second Edition* Michael Lynch, 2015-09-18 Exam Board AQA Edexcel OCR WJEC Level A level Subject History First Teaching September 2015 First Exam June 2016 This is an OCR endorsed resource Give your students the best chance of success with this tried and tested series combining in depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A level History students This title Supports the content and assessment requirements of the 2015 A level History specifications Contains authoritative and engaging content Includes thought provoking key debates that examine the opposing views and approaches of historians Provides exam style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including OCR Russia 1894 1941 **European Communism** Ronald Kowalski, 2017-09-16 The course of modern European History has been influenced greatly by the challenge of Communism In theory it promised equality and freedom for all In practice it spawned inegalitarian authoritarian and in some instances monstrous regimes in the former Soviet Union and East Europe This study re examines the history of European Communism from its theoretical origins in the work of Marx and Engels in the mid nineteenth century until the dramatic collapse of the Soviet Union in 1991 Ronald Kowalski reappraises Marx s thinking and points out that his intellectual legacy was open to a variety of interpretations often at odds with his own views Kowalski also questions Lenin s professed Marxist credentials and the extent to which his additions to Marxist theory were central to the key issue in the history of Communism why did the egalitarian and libertarian dreams raised by the Russian Revolution degenerate into Stalinist authoritarianism and terror Furthermore why did Communism fail in West Europe while it was able to come to power in East Europe Concluding with an analysis of the revolutions which swept away the Communist regimes in East Europe and two years later in the Soviet Union itself this is an essential introduction to the history of a political force that dominated parts of Europe until the end of the twentieth century **Mastering Twentieth-Century Russian History** Norman Lowe, 2020-08-29 Mastering Twentieth Century Russian History presents a vivid and informative account of the events which befell the Russian people during the course of the twentieth century Explores the major developments of the last century from the revolution of 1905 to the First and Second World Wars to the Cold War and the rise and fall of the USSR Examines key figures and their actions from Nicholas II Lenin Trotsky Stalin Khrushchev Brezhnev Gorbachev and Yeltsin to Putin Deals with events right up to 2000 enabling the Soviet experiment to be placed in context a decade after its collapse Incorporates the latest research from British American and Russian historians examining key controversies and debates Includes primary source material maps photographs posters and a full chronology of events This text is the ideal companion for anyone seeking a clear yet detailed introduction to the fascinating events of twentieth century Russian history **On Violence in History** Philip Dwyer, Mark S. Micale, 2020-01-10 Is global violence on the decline Scholars argue that Harvard psychologist Steven Pinker s proposal that violence has

declined dramatically over time is flawed This highly publicized argument that human violence across the world has been dramatically abating continues to influence discourse among academics and the general public alike In this provocative volume a cast of eminent historians interrogate Pinker's thesis by exposing the realities of violence throughout human history In doing so they reveal the history of human violence to be richer more thought provoking and considerably more complicated than Pinker claims From the introduction Not all of the scholars included in this volume agree on everything but the overall verdict is that Pinker's thesis for all the stimulus it may have given to discussions around violence is seriously if not fatally flawed The problems that come up time and again are the failure to genuinely engage with historical methodologies the unquestioning use of dubious sources the tendency to exaggerate the violence of the past in order to contrast it with the supposed peacefulness of the modern era the creation of a number of straw men which Pinker then goes on to debunk and its extraordinarily Western centric not to say Whiggish view of the world Complex historical questions as the essays in this volume clearly demonstrate cannot be answered with any degree of certainty and certainly not in a simplistic way Our goal here is not to offer a final definitive verdict on Pinker's work it is rather to initiate an ongoing process of assessment that in the future will incorporate as much of the history profession as possible

The Secret History of Soviet Russia's Police State Martyn Whittock, 2020-07-23 Readable and thoughtful does an excellent job of exploring how the murderous political police in all its incarnations defined the Soviet Union and left a poisonous legacy still with us today Professor Mark Galeotti author of *The Vory* and *A Short History of Russia* Repression control manipulation and elimination of enemies assisted in the establishment of the Soviet state and helped maintain it in power but could not in the end prevent its collapse Citizens of the West have for the most part been told a very simplified story of the repressive totalitarian state that was the USSR In fact it was sustained by more than just policing and force No amount of revisionist history can erase the reality of millions controlled imprisoned and killed but there was much more to the USSR's one party state than this Whittock tells a more complex story of the combination of cruelty co operation and compromise required to build and run a one party state Much of this is the story of the role played by the secret police in creating and sustaining such a form of government but it is much more than simply a history of the secret police This is because the police state which emerged in which dissent both real and imaginary was undoubtedly policed threatened and ruthlessly eliminated was more than just the product of the arrests interrogations executions and imprisonments carried out by the secret police The USSR was also made possible by a battle for hearts and minds which led millions of people to feel that they really had benefited from the system and had a stake in the new society

Non-Democratic Regimes Paul Brooker, 2013-12-04 A comprehensive assessment of the nature and evolving character of authoritarian regimes their changing character and the main theoretical explanations of their incidence character and performance The third edition covers the rise of new forms of disguised dictatorship and semi competitive democracy in the 21st Century

Plato's Dreams Realized Aleksandr Vladimirovich Avakov, 2006 In this study of the

philosophical and political nature of law morality rights and security a Russian dissident shares his experience with the KGB and then with the US national security state and details the history of political surveillance in the US *States of Obligation* Yanni Kotsonis,2014-01-01 Beginning in the 1860s the Russian Empire replaced a poll tax system that originated with Peter the Great with a modern system of income and excise taxes Russia began a transformation of state fiscal power that was also underway across Western Europe and North America *States of Obligation* is the first sustained study of the Russian taxation system the first to study its European and transatlantic context and the first to expose the essential continuities between the fiscal practices of the Russian Empire and the Soviet Union Using a wealth of materials from provincial and local archives across Russia Yanni Kotsonis examines how taxation was simultaneously a revenue raising and a state building tool a claim on the person and a way to produce a new kind of citizenship During successive political wartime and revolutionary crises between 1855 and 1928 state fiscal power was used to forge social and financial unity and fairness and a direct relationship with individual Russians State power eventually overwhelmed both the private sector economy and the fragile realm of personal privacy *States of Obligation* is at once a study in Russian economic history and a reflection on the modern state and the modern citizen Nestor Makhno and Rural Anarchism in Ukraine, 1917-1921 Colin Darch,2020-09-20 Histories of the Russian Revolution often present the Bolshevik seizure of power in 1917 as the central event neglecting the diverse struggles of urban and rural revolutionaries across the heartlands of the Russian Empire This book takes as its subject one such struggle the anarcho communist peasant revolt led by Nestor Makhno in left bank Ukraine locating it in the context of the final collapse of the Empire that began in 1914 Between 1917 and 1921 the Makhnovists fought German and Austrian invaders reactionary monarchist forces Ukrainian nationalists and sometimes the Bolsheviks themselves Drawing upon anarchist ideology the Makhnovists gathered widespread support amongst the Ukrainian peasantry taking up arms when under attack and playing a significant role in temporary alliance with the Red Army in the defeats of the White Generals Denikin and Wrangel The Makhnovist movement is often dismissed as a kulak revolt or a manifestation of Ukrainian nationalism here Colin Darch analyses its successes and its failures emphasising its revolutionary character Over 100 years after the revolutions this book reveals a lesser known side of 1917 contributing both to histories of the period and broadening the narrative of 1917 whilst enriching the lineage of anarchist history **Lenin** Beryl Williams,2014-06-17 Drawing on the flood of new material to emerge from Russian and Western sources in recent years Beryl Williams focuses on Lenin's years in power and provides first rate introduction to the life ideology and impact of one of the formative figures of the 20th century Within an overall chronological framework Williams examines topics such as cultural revolution foreign policy and expansion As well as being an examination of Lenin's life and work this is an up to date evaluation of recent historiographical debates and literature in the context of the period **Revolutionary Europe** Gavin Murray-Miller,2020-02-06 CHOICE Outstanding Academic Title 2021 *Revolutionary Europe* is an original examination of

radical political movements during Europe's long 19th century. It employs both national and transnational contexts incorporating new debates in Atlantic history, empire studies, and cultural history to give a comprehensive narrative of the period from 1775 to 1922. Rather than assessing revolution as a purely theoretical, socially driven force or a structural phenomenon, the book presents revolution as a process of community building and cultural identification born from instances of acute social and political crisis. Taking into account various moments of political upheaval during the 19th century, including the French, Russian, and 1848 revolutions, it explores the ways in which political actors attempted to construct new definitions of sovereignty and social unity in a period characterized by vast social, economic, and governmental change. In a wide-ranging text that covers Britain and much of continental Europe in detail, as well as reaching out to the Americas and Atlantic and Mediterranean Worlds, Gavin Murray Miller provides an authoritative transnational study of revolution in the 19th-century age of high nationalism.
