Russia Its Neighbors And An Enlarging Nato:

Russia, Its Neighbors, and an Enlarging NATO Richard Lugar, 1997 **Russia, Its Neighbors, and an Enlarging NATO** Richard Lugar, Victoria Nuland, 1997 Just as the NATO Alliance's investments during the Cold War contributed to the collapse of the Soviet Union and the Warsaw Pact investments now in Europe's future will make a dramatic difference to our own security NATO's decision to enlarge is a key element of that investment Our investment in Russia's transformation has been no less important yet Russian leaders see the enlargement of NATO as a threat to their security To examine this dilemma the Council on Foreign Relations convened an independent Task Force that concluded the enlargement of NATO and improved NATO Russia relations need not be incompatible if both are handled properly The group also looked at the effect of enlargement on the Baltic States and Ukraine NATO's Enlargement and Russia Oxana Schmies, 2021-04-30 The Kremlin has sought to establish an exclusive Russian sphere of influence in the nations lying between Russia and the EU from Georgia in 2008 to Ukraine in 2014 and Belarus in 2020 It has extended its control by means of military intervention territorial annexation economic pressure and covert activities Moscow seeks to justify this behavior by referring to an alleged threat from NATO and the Alliance's eastward enlargement In the rhetoric of the Kremlin NATO expansion is the main source for Moscow's stand off with the West This collection of essays and analyses by prominent politicians diplomats and scholars from the US Russia and Europe provides personal perspectives on the sources of the Russian Western estrangement They draw on historical experience including the Russian Western controversies that intensified with NATO's eastward expansion in the 1990s and reflect on possible perspectives of reconciliation within the renewed transatlantic relationship The volume touches upon alleged and real security guarantees for the countries of Eastern and Central Europe as well as past and current deficits in the Western strategy for dealing with an increasingly hostile Russia Thus it contributes to the ongoing Western debate on which policies towards Russia can help to overcome the deep current divisions and to best meet Europe's future challenges Russia and Germany Reborn Angela E. Stent, 2000-03-13 The relationship between Russia and Germany has been pivotal in some of the most fateful events of the twentieth century the two World Wars the Cold War and the emergence of a new Europe from the ashes of communism This is the first book to examine the recent evolution of that tense and often violent relationship from both the Russian and German perspectives Angela Stent combines interviews with key international figures including Mikhail Gorbachev with insights gleaned from newly declassified archives in East Germany and her own profound understanding of Russian German relations She presents a remarkable review of the events and trends of the past three decades the onset of détente the unification of Germany the collapse of the Soviet Union and the rise of an uncertain new European order Stent reveals the chaos and ambivalence behind the Soviet negotiating strategy that led against Gorbachev's wishes to that old Soviet nightmare a united Germany in NATO She shows how German strength and Russian weakness have governed the delicate dance of power between recently unified Germany and newly democratized

Russia Finally she lays out several scenarios for the future of Russian German relations some optimistic and others darkened by the threat of a new authoritarianism Russia and Germany Reborn is crucial reading for anyone interested in a relationship that changed the course of the twentieth century and that will have a powerful impact on the next

Building Security in Europe's New Borderlands Renata Dwan,2016-07-08 While European integration advances many of the countries along Europe s eastern and southern periphery have fallen prey to chronic conflict punctuated by a series of small wars Exacerbating the situation has been the lack of effective organizational means for mediating local conflicts facilitating regional development and structuring cooperation with larger regional and international institutions What are the prospects for enhancing security in the most volatile subregions of post communist Europe This text examines the external and internal factors that impede or foster subregional cooperation in South Eastern and East Central Europe and the Caucasus It includes chapters situating these borderlands in the context of a wider Europe with an evolving security architecture
