Russian Army In A Time Of Troubles:

The Russian Army in a Time of Troubles Pavel Baev, 1996-05-28 This study of the Russian army and how it has fared in the uncertain transitional period since independence in December 1991 provides the basis for understanding its present and potential future role in the new political developments within Russia Following an historical overview of Russia's security agenda and an examination of the Russian Soviet army's tradition of involvement in politics the book then examines Russia's current security interests and the role of the army in protecting them Geopolitical perspectives are linked to the security issues of the Near Abroad and to the nuclear dimension of security Pavel K Baev then considers the question of the feasibility of political control over the Russian army The

The Russian Army in a Time of Troubles Pavel K Baev, 1996-05-03 This study of the Russian army and how it has fared in the uncertain transitional period since independence in December 1991 provides the basis for understanding its present and potential future role in the new political developments within Russia Following an historical overview of Russia's security agenda and an examination of the Russian Soviet army's tradition of involvement in politics the book then examines Russia's current security interests and the role of the army in protecting them Geopolitical perspectives are linked to the security issues of the Near Abroad and to the nuclear dimension of security Pavel K Baev then considers the question of the feasibility of political control over the Russian army The problem of the politicization of the army is followed through the interlinked issues of stalled military reform and a drastically reduced military budget Baev examines the current military role of the army with case studies on conflict management in the Caucasus and the army's performance in the role of peace keeper in the Chechen War Finally the place of the army in Russia's peace keeping activities within a broader European context is examined

Through Times of Trouble Anna Matveeva, 2017-12-20 This book tells the story of insurgency in Ukraine's Donbas region from the perspective of the rebels who sought and continue to seek either independence from Ukraine or unification with Russia As such it provides a unique insight into their thinking and motivations which need to be understood if the conflict is to be resolved Those making and remaking the conflict are placed in the centre of the story which uses the words of the combatants themselves It shows how volunteer fighters driven by a wide and diffuse set of motivations emerged from Ukraine Russia and different parts of the world stood at the rebellion's heart The book focuses on the participants' own voices and personalities drawing extensively on first hand research and interviews Rather than rendering Ukraine a chess piece on the geopolitical board the rebellion shows that ordinary people rather than elites can act as a decisive force Donbas says something about why large numbers of people make the decision to take part in a collective violent action when material rewards are low or non-existent and mortal risks high It stands as an important text on the study of modern insurgencies revealing how violent conflicts happen via issues of politicized identity and involvement of non-state actors This book places this conflict into the context of other conflicts worldwide and demonstrates how ideas and narratives are constructed to provide meaning to a struggle The insurgency has

produced a conflict sub culture rich with symbolism narrative and communications made possible by the digital age and a social media savvy population These beliefs and ideas have had the power to pull people from different parts of the world This book follows the stages of assembling different conflict ingredients together and the rebellion s zigzagging fortunes after it became apparent that Moscow was not going to repeat the Crimea scenario in Donbas It analyses the logic of armed struggle and the tactics deployed by warring parties It also sheds light on the developments in Moscow discusses the phenomenon of the Russian Spring movement and concludes with the prospects for a peaceful solution The Small Arms Problem in Central Asia Bobi Pirseyedi, United Nations Institute for Disarmament Research, 2000 Increasingly the use of armed force has become a feature of internal conflicts This study examines the different dimensions of the small arms problem in Central Asia and its links with crime corruption and violence in the community **The Cumulative Book Index**, 1996 A world list of books in the English language *The British National Bibliography* Arthur James Wells, 1998 **Near East**, 1915 *Great Britain and the East*, 1915 The State of the Russian Military - Current Problems Julia Christin Bauer, 2009-10-15 Seminar paper from the year 2008 in the subject Politics Region Russia grade A Diplomatic Academy of Vienna School of International Studies course Seminar Russia Ukraine and the CEEC language English abstract The internal state of the army reveals that far reaching and profound military reform cannot be achieved by pure arms build up It becomes clear that a new military strategy and a meaningful military reform plan are needed in order to improve its state Sustainable change can only be achieved through numerous multi faceted reforms that reach the military at its core It is therefore advisable for these reform plans to not only come from the outside namely the political administration but additionally be co developed within the army itself Only in such way will it be possible to implement them fully and to minimize inefficiency corruption vagueness and violence archaic structures of hierarchy and an attitude that reminds of vested rights Finally it has to be mentioned that the picture painted in the course of this paper is a rather negative one as its purpose is to outline weaknesses Of course the debated flaws and deficits are problematic and need to be addressed Nevertheless experts are divided when it comes to the measurement of the strength of Russia s military **Problems of Citizenship** Hayes Baker-Crothers, Ruth Allison Hudnut, 1924 *Problems of Greater Britain* Dilke, 1890 **The Japan Daily Mail**, 1902 **The New York Times Current History**, 1917 Army-Navy-Air Force Register and Defense Times, 1915 **The Making of Russian Absolutism, 1613-1801** Paul Dukes, 1982 The World's Moral Problems, 1920 **Russian Realities & Problems** Pavel Nikolaevich Miliukov, Petr Berngardovich Struve, Roman Dmowski, Harold Williams, Aleksandr Lappo-Danilevskii, 1917 **The Problems of the Coming Peace** Feliks Młynarski, 1916 **Von Moskau nach St. Petersburg** Hans-Joachim Torke, 2000 A Berelowitch De Modis Demonstrandi in Septedecimi SAeculi Moschovia N Boskovska Muscovite Women during the Seventeenth Century At the Peak of the Deprivation of their Rights or on the Road towards New Freedom A Bruning Peter Mohyla s Orthodox and Byzantine Heritage Religion and Politics in the
