Seaman, 2019-08-23 P tr Il ich Tchaikovsky A Research and Information Guide is an annotated bibliography of substantial relevant published resources relating to the Russian composer Generally regarded as one of the most remarkable composers of the second half of the nineteenth century Tchaikovsky is unique in that he was the first outstanding Russian composer to receive a professional musical education being one of the first students to graduate from the newly opened St Petersburg Conservatory Composer of six symphonies concertos orchestral works eight major operas three ballets and many chamber keyboard and vocal works he also composed important sacred music which is currently being reassessed by contemporary Russian musicologists who are able to examine materials previously restricted or inaccessible during the Soviet period Like his colleagues in St Petersburg Tchaikovsky was deeply interested in Russian folk song which plays an important part in his works This volume evaluates the major studies written about the composer incorporating new information that has appeared in literary publications articles and reviews **The Harmonicon** , 1825 **The International Cyclopedia of Music and Musicians** Oscar Thompson, 1975 **Publishers' Circular and Booksellers' Record of British and Foreign Literature** , 1917 *Fluid Russia* Vera Michlin-Shapir, 2021-12-15 Fluid Russia offers a new framework for understanding Russian national identity by focusing on the impact of globalization on its formation something which has been largely overlooked This approach sheds new light on the Russian case revealing a dynamic Russian identity that is developing along the lines of other countries exposed to globalization Vera Michlin Shapir shows how along with the freedoms afforded when Russia joined the globalizing world in the 1990s came globalization s disruptions Michlin Shapir describes Putin s rise to power and his project to reaffirm a stronger identity not as a uniquely Russian diversion from liberal democracy but as part of a broader

phenomenon of challenges to globalization She underlines the limits of Putin's regime to shape Russian politics and society which is still very much impacted by global trends As well Michlin Shapir questions a prevalent approach in Russia studies that views Russia's experience with national identity as abnormal or defective either being too weak or too aggressive What is offered is a novel explanation for the so called Russian identity crisis As the liberal postwar order faces growing challenges Russia's experience can be an instructive example of how these processes unfold This study ties Russia's authoritarian politics and nationalist rallying to the shortcomings of globalization and neoliberal economics potentially making Russia patient zero of the anti globalist populist wave and rise of neo authoritarian regimes In this way Fluid Russia contributes to the broader understanding of national identity in the current age and the complexities of identity formation in the global world
